Story

MOST people think of their Chevrolet dealer as a NEW-CAR dealer... partly because of the large number of new Chevrolets which they see on the streets. But, while new car sales are the Chevrolet dealer's biggest reason for being in business, they form only one side of his activities. He must not only sell cars but he must also exchange them.

Every good, successful Chevrolet dealer must also be a good, successful Used Car dealer.

From his experience in selling Chevrolet cars, he knows motor-car values... He knows that it is just as important for him to sell a Used Car as a new car... He knows that Used Car buyers have a right to as much for their dollar and are entitled to as complete satisfaction as new-car buyers... He knows that satisfied Used Car owners will eventually become prospects for new cars... He knows the value of good-will.

In short, our business as Chevrolet dealers depends on our reputation as used car dealers. That is why you are sure of a square deal and a sound dollar-for-dollar value, when you buy a used car here. UC-7-7-28c
