*Something Different Every Day—The Store With the New Ideas.*

At this season of the year we receive many visitors who take the opportunity to spend an hour or so in the store they HAVE HEARD ABOUT, to see the many displays. No visitors here incur any obligation to purchase even when they ask to be shown any article which they are interested to examine.

Shopping for the summer months may be accomplished with ease and economy at this store, where vast assortments are ruled by lowest prices.

July brings store-wide specials with great new shipments whose superior qualities emphasize their importance. Many groups on sale for the first time, and offering savings that cannot be duplicated.

Make this store your shopping headquarters this summer—make your dollars stretch farthest. In every instance — economy rules.

There are notable displays of smartest outer wear for the entire family, all especially purchased for cash and reasonably priced. Every department contributes its share.

It will be easy to supply every home and personal need, and yet have money for the vacation — if you will be guided by our popular price policy.

The Downstairs Store is just one of the four great selling floors of the Falls' Store. Same high standard of quality, same clean, complete stocks, same courteous service, same assurance of satisfaction, same policy. Just a constant stream of the things people want in qualities that may be depended upon — at prices within the reach of everybody. A comfortable, inviting, economical place to shop.

**Canada's Market — The Empire**

ROLL down the map of the world. Follow the British Empire red through the continents and across the seas. There you see beckoning markets for Canada—where fewer trade restrictions intervene, where British tradition is appreciated, where Canada is known. There we can sell. There we can also buy.

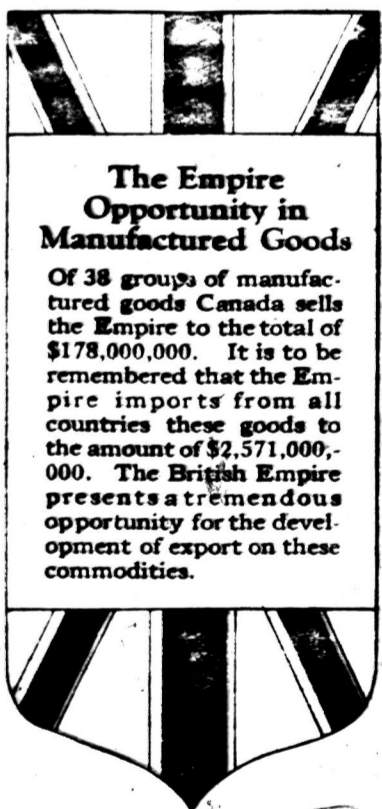

Canada is buying more Empire goods than ever before—things we cannot grow or make—raw materials for our factories. Since 1922 Canada's imports from Empire countries have increased 67 per cent. Last year we bought Empire goods to the value of \$250,000,000.

And what is Canada selling the Empire? Last year we shipped \$500,000,000 worth of our products to other British lands, an increase of 44.3 per cent. in six years.

The various parts of the Empire want more Canadian goods. A demand exists among them for Canadian manufactures, or for the products of Canadian lands or waters. But we must see that our exports are maintained at a rigid standard, that they are packed as consumers desire, and that our prices are right.

To encourage this growing Empire trade, eleven of Canada's twenty-four Trade Commissioners abroad, are working in Empire centres. They are familiar with the demands of the people among whom they live. Their services and the information they gather are at the command of any Canadian producer or exporter. To get into touch with Trade Commissioners, write the Commercial Intelligence Service, Department of Trade and Commerce, Ottawa.

When you buy Empire goods, you do a part in making possible greater Canadian exports to these sister countries. Where we sell, we must also buy.

**The Empire Opportunity in Manufactured Goods**  
Of 38 groups of manufactured goods Canada sells the Empire to the total of \$178,000,000. It is to be remembered that the Empire imports from all countries these goods to the amount of \$2,571,000,000. The British Empire presents a tremendous opportunity for the development of export on these commodities.
