Here and There

(80) Half a million automobiles from the United States and the provinces of Canada carrying a million and a half persons, will enter Montreal during the coming tourist season, according to the estimate of the Montreal Tourist and Convention Bureau.

The use of the combine is expected to be more general than ever in the 1928 harvest. In 1926 there were 176 combines in the Prairie Provinces, 148 being in Saskatchewan, 26 in Alberta and 2 in Manitoba. In 1927 there was a total of 530 in Saskatchewan, 221 in Alberta and 23 in Manitoba, 774 in all.

There is considerable tree planting activity along the Medicine Hat division of the Canadian Pacific Railway. At Shackleton alone twenty-five bundles of small trees were received the other day from the Forestry Branch at Indian Head, Saskatchewan, and all are now planted. Cluny and other villages are competing actively.

Equaling the speed across the Atlantic ocean made by passenger liners of medium size, the five 10,000 ton vessels of the "Beaver" class have been achieving records in oceanic freight transportation for the Canadian Pacific Steamships. The speedy quintette of freighters joined the company's fleet this year and have been running on as frequent and rapid a service between Canada and Europe as many passenger boats.

Chicago. — "Smiling Billy Hogan," veteran C.P.R. conductor, took "The Mountaineer," Canadian Pacific flyer from Chicago to Vancouver out in its initial run of the season this year. The train is one of the "Big Five"—C.P.R. trains de Lux operating from Chicago and the east of Canada across the continent during the summer. Conductor Hogan joined the "500" line in 1886 as stoker on the old Wisconsin Railway, and is to-day one of the veterans of the company.

Montreal. — A new era in Canadian trans-Atlantic passenger history, has been inaugurated in Montreal, where the fine new liner "Duchess of Bedford" docked recently. The new 20,000 ton vessel, the largest to ascend the St. Lawrence to Montreal, is the first of four cabin class sister ships of the new "Duchess" type, which will supplement the Canadian Pacific's trans-Atlantic and winter cruise services. Speakers at the banquet held on board on arrival in Montreal after her maiden voyage eulogized the occasion as an event of national significance.

The Feast of St. John the Baptist, greatest of French Canadian religious spectacles, will be celebrated throughout the province of Quebec shortly. The Montreal baseball stadium, which will accommodate 25,000 persons, will be crowded by spectators of a French Canadian orator, to be followed by a spectacular fireworks display. On the Sunday afternoon, thirty floats, depicting French Canadian songs, many bands, and over 10,000 stagers and minstrels, will come together in a procession several miles long through the streets of Montreal.
