NO EPHS OR CAYS

The following, clipped from the
"Rocky Mountain Cyclone," shows
how completely the English language
is adapted for sudden and unforeseen
emergencies:

"Rocky Mountain Cyclone" with some
pshaw diphthongs. The type phoun-
ders phrom whom we got our outphit
phor this printing ophphice phailed

missing letters, and will have to get
along without them till they come.
We don't lique the loox of this varie-
ty of spelling any better than our
readers, but mistaphes will happen
in the best regulated phamilies, and
iph the ephs and cays and rs and qs

When the Big Five, the quintette
of trains de luxe to be operated
by the Canadian Pacific Railway on
express schedules from the east of
Canada and from Chicago this
coming summer to the coast, make
their initial runs, the dramatic
spectacle will be presented daily of
five great trains flying across the
Dominion and all converging on the
wonder district of the American con-
tinent, the Canadian Rockies, where
snow-capped mountain peaks and
beautiful valleys and lakes vie with
another in attracting visitors from
all parts of the United States and
the rest of the world.
The key train of the quintette
will be the "Trans-Canada" which
with two others "The Imperial" and
"The Toronto-Vancouver" ex-
press will have their runs entirely in
Canadian territory. The balance of
the five, "The Mountaineer" and
"The Soo-Pacific" will leave from
Chicago for the Canadian Rockies
and the Pacific coast and will
consequently run partly through the
United States. The "Trans-Can-
ada" and the "Mountaineer" are
all sleeping car trains.
The "Trans-Canada" with a repu-
tation throughout the world covers
the 2885 miles between Montreal and
Vancouver in 89 hours and 15
minutes. As part of its equipment
it carries an open observation car
between Calgary and Kamloops.
This train starts on May 13. The
"Imperial" and the "Toronto-
Vancouver" express operating from
the coast to Montreal and Toronto
respectively are both year round
trains except for modified schedule.
Finally, there will be "The Moun-
taineer" and "The Soo-Pacific"
running out of Chicago for Van-
couver, B.C. The former will start its
daily run to Vancouver on June 11
and the train will commence opera-
tion from the coast to Chicago on
June 15. In this run ten hours will
be cut off last years figures the jour-
ney taking 73 hours as against 83
hours and fifteen minutes last year.
The "Soo-Pacific" will leave Chic-
ago on June 23 until August 30, and
from July 2 until August 30 in the
opposite direction. Both the latter
two trains consist of all sleeping
cars.

DATED at Cayuga, this 23rd day
of March, A.D. 1928.

pointed assistant general manager
of hotels eastern lines, Canadian
Pacific Railway, announcement
was made recently. Mr. Gowans

Vancouver.—The first radio tele-
phone conversation between Van-
couver and Great Britain took place
on Thursday, March 8th, when a
member of a local business firm
talked to a representative of the
firm in London. Each could hear
the other distinctly, they said. The
call lasted four minutes and cost
\$76. This conversation was said to
be the longest ever made in the
British Empire, spanning a distance
of 7,000 miles.

John G. Strathdee, director of
winter sports at the Chateau Fron-
tenac, Quebec City, states that the
winter season just concluded there
was the best in the history of the
city. Many parties came from New
York, New England States, Chi-
cago and even as far south as Wil-
mington, Del. The season prac-
tically came to an end with the
Eastern International Dog Derby
February 20-22, having commenced
at the end of December.

A contract for the building of a
new steamer for the British Colum-
bia Coastal Steamship Service to take
the place of the Princess Beatrice
was awarded to the Prince Rupert, Shagway or
west coast of Vancouver Island
run, has been signed by E. W.
Beatty chairman and president of the
Canadian Pacific Railway Com-
pany. The new steamer will be 250
feet long by 48 feet broad and will
have a service speed of 15 knots
with accommodation for 170 first-
class passengers.

According to the Dominion Bu-
reau of Statistics the average pro-
duction of wheat over the five years
1922-'26 in Manitoba was 17.5
bushels to the acre, in Saskatche-
wan 17.3 bushels to the acre and
in Alberta 17.2 bushels to the acre.
The average values per bushel in
the same period were respectively
\$1.00 97c and 94c, making the
respective returns per acre from
wheat for the three provinces
\$17.50, \$16.78 and \$16.16.

Commenting on the use of the
harvester-thresher or "combine" in
Saskatchewan the International
Harvester Co states that during
1924 and 1925 representatives con-
sidered the general use of this ma-
chine for harvesting grain crops
in Western Canada was thoroughly
practicable. In 1925 a number of
machines were sold there and ex-
cellent testimonials were received
from purchasers. In 1927 there
was a greatly increased sale due to
the showing, and results even under
the unfavorable conditions prevail-
ing that season were strikingly suc-
cessful.
