"THOSE BOOZE BOATS"

In the House of Commons on Monday last the following question was addressed to the Hon. the Minister of National Revenue (W. D. Euler), by Miss Agnes McPhail, M.P.:

"Has the attention of the government been called to a report in the Simcoe Reformer of April 12th to the effect that international rum runners are prepared to stage a bitter fight and have had a new bullet-proof speed boat built with modern armament? It is the only one of its kind, but five are ready to leave Port Dover, and the United States officials are proclaiming their intention to meet these boats with armed boats carrying machine guns stationed at two-mile intervals along the shores of the United States. If the government has any knowledge of this, what do they propose doing to prevent unfriendly relations developing out of the situation?"

Hon. W. D. replied: "I also saw in the newspapers the report as read by my hon. friend, but I took from it that if any such action is proposed, it is proposed by United States people, not by Canadian citizens. I see in that no effort to violate Canadian law."

Mr. J. Garland (Bow River): "In the event of the boats just referred to being built in Canada, would the minister think that Canada was not involved in the matter?"

Interviewed by the Maple Leaf about the story that has been given so much publicity in the daily press and which has stirred the local prohibition forces to action, Geo. Gamble describes it as the result of a most vivid imagination on the part of the story writer sent here to "cover" the Alton and Jean F. stories for one of the Buffalo papers. "There's not a little of truth in it and I am going to start the machinery in motion to get retraction from the parties responsible. I have never given an interview to anyone and the quotations credited to me in the report are made out of whole cloth. I am working for the local ship-building firm, and as far as I know all we have built is a pleasure-boat." Queried as to the part about trying out the steel hull against machine gun bullets, George Gamble said that it was just like the rest of the supposed interview, and the reporter apparently was intent on making a story that would sound thrilling to the readers of his paper.—Maple Leaf, Pt. Dover.

RAPID PROGRESS OF THE PORT DOVER MAUSOLEUM

The Stewart Company, Ltd., have with their accustomed celerity, begun operations on the Port Dover Mausoleum.

Excavation which started Tuesday, April 17th, on which date Pres. S. L. Butler turned the first sod, in the presence of his colleagues of the Pt. Dover Cemetery Board, is now completed.

Twenty-four men are at work while a half-acre of teams are stacking up the gravel and crushed stone, required for the concrete. A neat office has been erected and a telephone, No. 625-14, Simcoe, installed. A cement storage house has been built and an electric line and transformer for temporary power has been set up by the hydro. Also a water line is laid from the cemetery lines to the site of the building. One carload of machinery from St. Thomas and two cars from Paris are on the ground and pouring of the concrete foundations and assessment for the receiving vaults and furnace room will be in progress this week.

The equipment and plant for handling the work is of the latest and most efficient type and a visit to the scene of operations, whether by the uninitiated or the expert, will be well repaid. Stewart & Co., Limited, are noted for the A1 quality of their construction and the citizens and public generally can rest assured that the Port Dover Mausoleum will sustain in every detail the reputation of its builders.

DRAMATIC DIALOGUE DEBATE

The participants are well known. Mr. H. Ruthven McDonald, Canada's popular baritone; the Rev. Ben H. Spence, the well known prohibitionist; Mr. John Buchanan, past Dominion Councilor of the Royal Templars of Temperance. These three gentlemen argue the question back and forth sometimes with hot exchanges of repartee approaching personal combat.

The program is thrilling and entertaining and enables the bringing out in a forceful way of salient facts and truths.

Admission free but collection and subscriptions will be taken for educational temperance work. The public is cordially invited.

Mr. and Mrs. William Doughty, Jarvis, played a solo and a part in a duet with a brother only a bit larger, with precision and expression. These two will be heard of, we predict, in later years. Emma Buck, daughter of Mr. and Mrs. Percy Buck, Nanticoke, also played with expression beyond her years. The duet by Doris Reynolds and Ernest Quanberry was especially well rendered. Eleonore Scott, who played Canadian compositions at the Home and School, gave a good account of her talents. Edith Watts' Bach number was perfectly rendered. The duets were pleasing and a happy hour was spent.

The following is the program in detail—Duet "Necessary Rhymes" by the Ryerse with her teacher; "Old Melody" (Orem), John Schuur, Port Dover; "Haymaking" (D. D. Slater), Zaida Tomlinson; a "April Showers" b "O Birdie with a Yellow Bill" (Livesay), Margaret Doughty; a "Narcissus" b "Tin Soldier" (Slater), Bonnie Gilbertson, Simcoe; "Drum and Trumpet" (Orem), Andy Doughty, Jarvis; "The Little Prince" (Kroegman), Bertha Ryerse, Simcoe; Duet "Over the Waves," Doris Reynolds and Ernest Quanberry, Port Dover; Melody from Fra Diavolo, Catherine Nims, Port Dover; Duet "Chatter," Margaret and Andy Doughty; a "Meadow Fairies" b "Fairy Boat" (Slater) c "Sing a Song of Sixpence," Eleonore Scott, Simcoe; "Narcissus" (Slater), Ernest Quanberry; "Elegie" (Dupont), Emma Buck, of Nanticoke; "Musette" (Bach), Edith Watts, St. Williams; "March in D" (Bach), Ruth Bartfield, Nanticoke; Sonatina Op. 36, No. 2 (Clementi), Margaret Jackson, Nanticoke; a "Sunset in Norway" (Tojusen) b "An Idyll" Op. 42, No. 1 (Conte), Minerva McIntyre, Simcoe; "An Evening" (Sartorio), Ella LaFortune, Simcoe; "Valse Mignone" (Schaefer), Betty Glazebrook, Simcoe; Sonatina in F (Beethoven), Fern Evans, Port Dover; Duet "Bobolink Polka" (Brown), Minerva McIntyre and Betty Glazebrook. GO-TO-SUNDAY-SCHOOL DAY, SUNDAY, MAY 13

The events of recent years have placed a new and enlarged emphasis upon the tremendous importance of the religious education of childhood and youth. We have been forced to recognize that our civilization can stand only as it rests upon strong moral and religious foundations. To secure Christian character and Christian living our secular education must be supplemented by religious education. We may well rejoice that never perhaps in its history has the Church given itself with more earnestness and purpose to this task than it is doing at the present time.

In order that special attention may be directed to the place and value of the Sunday School and the ever enlarging service it is rendering, the second Sunday in May is set apart each year and called Go-to-Sunday-School Day. This year the day falls on May 13th, when all, both young and old, are asked to take part in the exercises of the Sunday School. Since that day is also observed as Mother's Day, all are asked to "honor Mother" by going to Sunday School on Mother's Day.

A special program of exceptional worth has been prepared for use in the Sunday Schools by the Ontario Religious Education Council. This is the agency through which the Sunday School Boards of the various churches co-operate in promoting the work of religious education throughout the Province. Some idea of the extent of its work can be gathered from the fact that it gives leadership each year to upwards of 250 district conventions, promotes church vacation schools, directed last year 24 boys' camps and 20 girls' camps. Four Leadership Training Summer Schools and Community Standard Training Schools in no less than 49 different centers. This is but a part of the splendid service the O.R.E.C. is rendering. It is worthy of the loyal and generous support of all who are concerned with the religious welfare of our boys and girls.

Does your watch or clock need the Spring Cleaning? If so, leave it at Mrs. J. Porter's store for a good job. Robt. Smith, Jeweler; phone 43 Port Dover, Ont.
