CANADIAN MEDICAL ASSN.

**PREVENTION OF HEART
 DISEASE**

In Canada, during the year 1926,
 over 11,000 persons died of heart dis-
 ease, the total deaths from all causes
 being approximately 107,000.

Heart disease which kills in adult
 life is, in a large percentage of cases,
 due to conditions which occurred in
 childhood. The prevention of heart
 disease therefore, in adult life, in
 many cases depends upon the proper
 care of the growing child.

Heart disease seems to be associ-
 ated with the type of infection we
 call rheumatic. We do not know a
 great deal about this rheumatic in-
 fection but we know something of
 real value in the prevention of its
 serious results.

Growing pains in children should
 be considered as evidence of a rheu-
 matic infection. They frequently pre-
 cede definite attacks of rheumatism,
 chorea (St. Vitus' dance) and heart
 conditions.

Sore throat or diseased tonsils with-
 out soreness of the throat are evi-
 dence of possible centre or focus of
 the rheumatic infection.

Chorea is a rheumatic infection.
 At first it may be nothing more than
 restlessness or fidgetiness, the jerky
 movements coming later.

All such cases should be placed
 under the family physician for treat-
 ment if heart disease is to be pre-
 vented.

All those who have damaged hearts
 do not die of heart disease. If proper
 care be taken, they usually live a
 long time and die of some other mal-
 ady. It is those persons who will
 not, or who practically cannot take
 proper care who grow progressively
 worse.

Questions concerning Health, ad-
 dressed to the Canadian Medical As-
 sociation, 184 College St., Toronto,
 will be answered. Questions as to
 diagnosis and treatment will not be
 answered.

In Old Norse, the language of the
 Vikings and the sagas, the word "Fe"
 meant both "money" and "cattle." One
 of these connotations survived in the
 English word "fee," while the other
 developed into the modern Ger-
 man word "Vieh" (pronounced "fee"),
 meaning "animal." When money and
 capital were identical, the problem of
 investing was simple. Thorbjorn Lo-
 venskjoeld, the old Norse capitalist,
 put his surplus wealth into livestock.
 The "yield" consisted of calves, kids
 and lambs. Since the days of the
 Vikings, however, enormous advanc-
 es have been made in the field of in-
 vestments. No longer is an investor
 limited to one locality or one form
 of security. He has the world of
 finance to draw from, and a large
 variety of securities from which to
 choose.

 pairing at Mrs. J. Porter's store for
 quick service and reasonable charges.
 Of course, all work is guaranteed.

Here and There

Completed by her 25,000-mile cruise
 around the world in the course of
 which she visited 18 countries and
 27 ports, Canadian Pacific Flight
 Empress of Australia docked at
 Port Yorky April 12, from which
 she sailed December 2 last.
 She was carrying 320 passengers,
 including prominent society and
 banking leaders of Montreal, Tor-
 onto and other Canadian and United
 States cities.

Winnipeg.—Over a thousand new
 homesteads have been filed in the
 four western provinces during the
 month of January and February
 this year, being 1,036 as compared
 with 629 for the same two months'
 period of last year. By provinces,
 Manitoba reports 74 homestead en-
 tries as against 71 last year, Sas-
 katchewan 430 as against 336, Al-
 berta 502 as against 213, and Brit-
 ish Columbia 38 against 9.

Raymond.—According to a cable
 from London, England, discoveries
 likely to be important for the Cana-
 dian beet sugar industry have been
 found at Oxford. A means has been
 found to dry the sugar beet and
 thus allow the manufacture of
 sugar to be continued throughout
 the year, and it is even believed
 that a method of treating the re-
 sulting effluent in such a way as
 to free it from poison has also
 come to light. The discoveries are
 a result of four years' research
 work.

Vancouver.—I am satisfied with
 the progress of Canadian products
 in the Chinese trade field and pros-
 pects for the increase of trade are
 extremely good." Col. Moore Cos-
 grave, Canadian Government Trade
 Commissioner to China, said here
 on his arrival from the Orient.
 Canadian products of all kinds and
 especially those from British Col-
 umbia are being very well received
 in China now. There is no real
 boycott against Canadian goods; the
 Chinese merchant knows his prices
 and knows where to place his or-
 ders.

Announcement has been made
 from Canadian Pacific Railway
 headquarters that a "Remembrance
 Tour" is being organized for the
 coming summer for ex-soldiers,
 their relations and friends to visit
 the scenes of battles in France and
 Flanders during the Great War.
 The tour will leave Montreal July
 15 next, on board Canadian Pacific
 liner "Duchess of Bedford," one of
 the new cabin class steamships
 which will be placed by the com-
 pany on the St. Lawrence route
 this year.

A nineteen-year-old youth, Arthur
 Cleland Lloyd, of Vancouver, was
 the winner of the \$1,000 prize for
 orchestral suite composed for the
 Musical Festival to be held at Que-
 bec May 24-28. Three other prizes
 were awarded and a further \$1,000
 for a cantata will be given later.
 The prizes, which totalled \$3,200,
 were the gift of E. W. Beatty, chair-
 man and president of the Canadian
 Pacific Railway. The contest was
 open to all the world and composi-
 tions were received from Great
 Britain, France, Hungary, Denmark
 and the United States as well as
 Canada.

Ottawa may conceivably be se-
 lected for a future meeting of the
 Council of the League of Nations
 and R. Hon. W. L. Mackenzie King,
 Prime Minister of Canada, should
 attend the next assembly of the
 League in appreciation of the honor
 paid Canada by her election to the
 Council of the 14 leading powers of
 the League of Nations, was the
 statement of Sir Herbert Ames, for
 seven years financial director of
 the Secretariat of the League, when
 interviewed on the Windsor street
 C. P. R. station here recently.
