5,000 FACTS ABOUT CANADA

Frank Yeigh's popular compilation, "5000 Facts About Canada," for 1928, is out, having reached its improvements, including an illustrated section and 25th year. The edition is marked by many tables showing the marked progress of the Dominion in a quarter of a century, while the stirring story of our national development in a single year is strikingly shown in a series of crisp paragraphs in 50 chapters, ranging alphabetically from "Agriculture" to "Western Canada." No publication sells Canada— not only to Canadians but to the world— more effectively than this tabloid encyclopedia, and one can well understand that it has a large circulation. It may be had from leading news-dealers or by sending 35c for a copy to the Canadian Facts Pub. Co., 588 Huron St., Toronto.
