FREE Westinghouse ELECTRIC TOASTER

Chew **BIG BEN** and Save the "Poker Hands"

There are two big pleasures in chewing Big Ben.
One is your enjoyment of this fine, rich, full-flavoured tobacco.
The other is receiving, FREE—a handsome (Westinghouse) Electric Toaster for 16 acts of "Poker Hands".
A "Poker Hand" is attached to every plug of Big Ben Chewing Tobacco.

FINANCIAL NEWS

GAIN BY C.P.R. AND C.N.R.
Increases aggregating \$11,188,021 are shown in traffic earnings of the two principal Canadian railroads for the month of October, compared with October, 1927. C.P.R. earnings increased \$5,821,000, and Canadian National earnings increased \$5,367,021 during the month. Details follow:

Canadian Pacific.	
October	Increase
First week	\$1,327,000
Second week	1,426,000
Third week	1,396,000
Ten days	1,672,000
Total	\$5,821,000
Canadian National.	
October	Increase
First week	\$1,268,239
Second week	1,244,315
Third week	1,374,189
Ten days	1,480,278
Ten days	\$5,367,021

For the ten days ending October 31, C.P.R. traffic earnings were \$8,864,000—an increase, compared with the same period last year of \$1,672,000, or 23.2 per cent.

MINING BRIEFS.
Favorable results are being secured in development at the Murphy Mines property in eastern Kirkland Lake, according to officials of the company. A diamond drill hole being put down about 250 feet east of the new shaft has encountered ore of good grade and has been in it for two or three days up to the time of writing. This is thought to be a new vein or probably the extension of the Ritchie vein. Width is unknown as the dip of the vein is not known as yet and the drill was set at an angle of about 60 degrees. Work has gone ahead at a very rapid rate on the property and the new shaft is now down to the 100-foot horizon and a level has been established at that depth. Some lateral work has been carried out here and this has been successful in opening up 40 feet of ore to date. The main shaft has been put down to the 600-foot level. Officials state that recent work at the property has indicated about \$4,000,000 of ore in one vein alone. This is the showing upon which the new shaft was sunk. In addition to this ore there are three other proven breaks on the property as well as the break which the drill is now in. Murphy is capitalized at 4,000,000 shares, 3,800,000 of which are issued with vendors stock, amounting to 1,000,000 shares, being pooled until November, 1929.

Keeley is reported to have made a new find on the surface of his property at South Lorrain. The discovery is said to be a two-inch-wide vein of high grade silver. Values were not mentioned. It is further stated that a crosscut has been started underground to cut the downward extension of this showing.

Work on the new find at the Capital Rouyn is said to have opened up considerable high grade, showing considerable heavy leaf gold. The ore occurs in a strong break and appears

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

Castoria

High School Branch and Branch of Education
Are authorized by law to establish
INDUSTRIAL, TECHNICAL AND ART SCHOOLS
With the approval of the Minister of Education
DAY AND EVENING CLASSES
may be conducted in accordance with the regulations issued by the Department of Education.
THEORETICAL AND PRACTICAL INSTRUCTION
is given in various trades. The schools and classes are under the direction of an ADVISORY COMMITTEE.
Application for attendance should be made to the Principal of the school.
COMMERCIAL SUBJECTS, MANUAL TRAINING, HOUSEHOLD SCIENCE AND AGRICULTURE AND HORTICULTURE are provided for in the Courses of Study in Public, Separate, Continuation and High Schools. Collegiate institutions, Vocational Schools and Departments. Copies of the Regulations issued by the Minister of Education may be obtained from the Deputy Minister, Parliament Buildings, Toronto.

to be a noteworthy extension of a quartz vein discovered early this summer. Work during the summer included the sinking of six diamond drill holes, totalling 2,000 feet, three of which were put down on a copper showing a little east and north of the present find. Results of the drilling were negligible and in his recent report Engineer Carl M. Mohr states that these indifferent results were the outcome of not having done sufficient surface work to direct the course of the drills. Mr. Mohr predicts that when additional data is obtained the results will be of different character.

Fifty feet of drifting on the 200-foot level of the Bathurst Mines is now said to have opened up an important shoot of ore. High assays have been obtained during this work.

Then and Now
London Daily Telegraph (Cons.): From what travesty of the past did Mr. Smith learn the illusion that its life was more refined and more moral than ours? He dreams of a Victorian golden age. He should read some of the Victorian diaries, he should turn up some of its newspapers. And let him remember—it is a warning to all censorious moralists—that the prim Victorians themselves were perpetually being shocked by the authors who are to our decadent time the models of classic virtue. Thackeray, Charlotte Bronte, George Eliot, all in their day were under the ban. Meredith made the critics blush, and Hardy was condemned by dons. Miss Rhoda Broughton wrote to relate that when she began writing people passed her by on the other side, and in her old age she had become and author for girls' schools. Such and so enduring are the fashions in censorship.

TONIC TREATMENT FOR INDIGESTION

Indigestion Comes With a Run-Down Condition—Relief Comes Through Enriching the Blood—Dr. Williams' Pink Pills Make New Blood.

There are many symptoms of indigestion such as acute pain after eating, belching of wind, nausea and vomiting, bloating and pains in the region of the heart, a dread of food for the misery it causes. Dieting and the use of pre-digested foods may give ease, but that is all, and meanwhile the stomach grows steadily weaker. The work of digestion depends upon the blood and nerves and the only way to get rid of indigestion is to tone up the stomach through the blood, to do the work nature intended it should do. The one thorough way to do this is through the use of Dr. Williams' Pink Pills, which renew the blood, strengthen the nerves and enable the stomach to do its work with ease and comfort. Neglected indigestion means prolonged misery. If you have any of the symptoms of this trouble try the tonic treatment with Dr. Williams' Pink Pills at once and you will be gratified with the results.

Among the many who have found new health through the use of Dr. Williams' Pink Pills is Mrs. Ada Webb, R.R. No. 3, Prescott, Ont., who says: "For a long time I went through the tortures of nervous indigestion; I call it torture because no other word can describe what I endured. If my stomach was empty I felt weak. If I took food I vomited. I did not sleep, and I was steadily growing weaker. I doctored for months but with no benefit. One day my husband said, as the treatment you have had has not helped you, why not try Dr. Williams' Pink Pills. I consented and he got me a supply. After I had been taking the pills for a while I knew they were helping me as the pains and retching grew less and I slept better. I gladly continued the use of the pills and in a few months I felt like a new woman, better than I had felt for years, and able to work for my husband and children again. After such a wonderful experience how can I do anything else but recommend Dr. Williams' Pink Pills?"

If you need a blood-building tonic begin taking Dr. Williams' Pink Pills today. Sold by all medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Suffragist—"I maintain that woman has always been the prime factor in this world." Heckler—"Oh, I don't know. In the very beginning, according to the Bible, woman was only a side issue."

June: "Last night I heard a noise and got up, and there, under the bed, I saw a man's leg." Hollie: "Good heavens! A burglar's?" June: "No, my husband's. He had heard a noise, too."

Red Rose Orange Pekoe comes as near to perfection as any tea can. Everything that tea experts can do to make Red Rose Orange Pekoe superior in quality, flavor and value is done in the great Red Rose blending room. Try it to-day. Put up in the bright, clean aluminum packages.

In Fine Spirit

Glasgow Herald (Cons.): (The lighter boots and shoes being offered to London men are not meeting with deserved appreciation.) The plumage of the Georgian is drab compared with that of the Victorian in his gayest moments. Although it is generally agreed that Durrell and Dickens overhauled their color schemes, their well-meant errors of taste were at least tolerated; but similar exhibitions of sartorial exuberance to-day would drive the pioneers from the streets. Yet it is not obtained by Act of Parliament that all men appear in public wearing plum-colored knee-breeches and green stockings; we should probably obey with little more fuss than we make over the paying of income-tax.

CHILDHOOD AILMENTS

Can be Quickly Banished With Baby's Own Tablets.

The ailments of childhood are many but nine-tenths of them are due to one cause and one cause only—a disordered condition of the stomach and bowels. To quickly banish any of the minor ailments of babyhood and childhood—the bowels must be made to work regular and the stomach must be sweetened.

No other medicine for little ones has had such success as Baby's Own Tablets. They banish constipation and indigestion; break up colds and simple fevers; correct diarrhoea and colic and promote healthful sleep by regulating the functions of the stomach and bowels. Concerning them Mrs. L. M. Brown, Walton, N.S., writes: "I cannot speak too highly of Baby's Own Tablets as I have found them excellent for childhood ailments."

Baby's Own Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hopes to Extract Food From Wood

German Professor Has Produced a Digestible Carbohydrate For Cattle and Hogs

Berlin.—Professor Bergius, known as the successful liquefier of coal and maker synthetic benzine, claims another discovery from which it appears the German Press also expects wonders. In an address to the annual conference of the Association of German Chemists, which is taking place at Dresden, he announced that, in the course of experiments to transform wood artificially into coal, he had produced a digestible carbohydrate.

Readers of Maeterlinck's remarkable little book on ants will remember that the Belgian poet puts it forward as one of the chief achievements of those wonderful insects that they alone among animate creatures know how to extract nutriment from cellulose, the chief constituent of wood, and so are able to devour either forests, or furniture—whichever happens to be handy.

Professor Bergius now proposes to do for man what the ants do for themselves. We are not, however, directly to substitute faggots for cutlets and logs for sirloins. The woods of Germany are to be transformed into fodder, which will take the place of hundred and fifty or two hundred million dollars worth of barley and maize at present imported annually as food for cattle and pigs.

It is not, of course, pretended that the transition from laboratory success of factory production will be immediate.

Savings on Balloon Tires

Total in the Millions
Washington.—Because balloon tires last longer than high pressure tires and because the Stevenson rubber restriction plan in Malaya and Ceylon was thwarted by the independent efforts of natives in the Dutch Indies, the motorist pays \$10 for his caring to-day as against \$12.20 on an average in 1925. Reckoned in terms of the 63,550,000 tires sold in the United States last year—a new high output—the benefit passed on to the consumer reaches millions.

Incidentally, the revolution in the rubber industry has sent explorers to the far ends of the world seeking rubber-substitutes, has set Thomas Edison to work extracting rubber from milk weeds, and even turned the attention of natural scientists to 2,000 acres of black, vicious, molasses-like bitumen, beneath the waters of the Great Salt Lake in Utah, as a possible source of "synthetic" rubber. The story is told in statements released by the Department of Commerce.

Substitutes for true rubber are not likely to make great headway with the present price, it is felt, but they will be held in reserve should the price again mount.

The Italian press is the freest in the world.—Benito Mussolini.
An English naval authority, who wants to install soda fountains on battleships, says that sailors do not fight better on rum. "But think of having to sing, 'Yo, ho, ho, and a dish of ice-cream,'" comments Punch.

RED ROSE TEA "is good tea"

Sold everywhere. Soap 25c. Ointment 25c. & 50c.

An Old Reliable
For fifty years Minard's has been effective for bruises, cuts, stiffness and other pains

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

MEDICINE FOR YOUNG GIRLS

Mothers Endorse Lydia E. Pinkham's Vegetable Compound

Sydney, N.S.—"My seventeen year old daughter took Lydia E. Pinkham's Vegetable Compound for weakness and pains. She could not go about much with the other girls as she was not strong enough. We got six bottles and it did her a great turn. She is working out now in a store and walks three miles every morning and back in the evening."—Mrs. MARY VANCE, 44 Lingan Road, Sydney, N.S.

Pinewood, Ont.—"I constantly had pains in my back and side and spent two days in bed every month. I have taken three boxes of Lydia E. Pinkham's Vegetable Compound Tablets. They have done me good and I always have them in the house. I have recommended your good medicine to several friends and have given it to my 17 year-old girl."—Mrs. ALFRED OUBLETTE, Pinewood, Ontario.
