The latest recruits to the ranks of the internationally known Trail Riders of the Canadian Rockies are the three daughters of Ramsay MacDonald, former premier of Great Britain. They rode from the Chateau Lake Louise to Lake Agnes to qualify for membership.

One of the sheep ranchers of the Coaldale district is at present in the Crow's Nest Pass where he is running a large flock of sheep on summer range. This is the first year that an independent rancher has moved sheep to the mountains for the summer and the experiment is being watched with a good deal of interest.

The first of a new series of engines, has left the Angus shops of the Canadian Pacific Railway and will shortly enter passenger service between Montreal and Toronto. It is the largest passenger locomotive in the British Empire, 97 feet in length, weighing 424,000 pounds, and has eight great driving wheels 6 feet three inches in diameter. It is an entirely Canadian product, designed by Canadian Pacific engineers.

Fifteen flying clubs have been formed in Canada since May when the Government's plan to encourage civil aviation was put into effect, while application for two more clubs are at present being considered by the Air Board. Over one hundred Moth planes are in use throughout Canada, Air Board officials stated. Half of these are privately owned. More than one hundred members of the clubs are solo fliers.

A resolution petitioning the Canadian Daily Newspaper Association to hold its 1929 convention in the Maritime Provinces was passed at the Mid-summer meeting of the Ontario Provincial Daily Newspaper Association held on board the Canadian Pacific ship "Keewatin" en route from Port McNichol to Sault Ste. Marie. F. H. Leslie, president of the association, referred in his speech to the ardent wish of the members for a matter acquaintance with the Maritimes.

The world wide service proclaimed by the Canadian Pacific Railway will be further improved with the establishment of a new hotel by the Company in London, England. So great a traffic of Canadian and American travellers between this continent and England has been built up by Canadian Pacific Steamships, that the construction of a new hotel in the heart of the Empire has been considered for some time. And now that the 1200 room Royal York is well under way the project has been taken into hand. Operations should start next year.

Recently it was decided that fish are sensitive. Now it is discovered that they are patriotic. Some salmon in New Brunswick who were caught and carefully transported alive overland to the foot of a fish ladder leading into a river draining American territory refused utterly to leave their native waters. As soon as they were released into the water, according to a report received by the General Tourist Department of the Canadian Pacific Railway, they beat a hasty retreat down the St. John river to the point where they were caught and ascended another tributary rising in New Brunswick.

...on Saturday.

Miss Nora Graham, R.N., of Brantford, is visiting at the home of Mr. and Mrs. J. Harrison.

We are pleased to report that Anson Edwards and Ernest Richards, who recently underwent an operation for appendicitis, will be able to return home in a few days.

McLean, B.A., B.D., of Chalmers church, Hamilton, was the special preacher. The services were greatly appreciated by large audiences. Quite a large number from here attended the services.

The almost complete absence of forest fires with their smoke screens marring scenic effects—the brilliant clearness of the air in this region has made the present tourist season the best on record in British Columbia. Many touring parties travelled over the Canadian Pacific lines, some breaking the journey to motor over the picturesque Banff Windermere highway. Among other groups may be mentioned the Alpine Club of Canada, which held its camp at the Lake of the Hanging Glaciers, followed by the Trail Riders of the Canadian Rockies.
