President Calles of Mexico, has purchased 176 prize British Columbia hens for stocking his farm near Mexico City. He paid \$5.550 cash for these birds, all of which have a record of more than 300 eggs a year and all of which are White Leghorns. The purchase was made through two agents of the president who came up from Mexico for this purpose.

An ingenious machine for the repair and maintainance of railroad tracks has been experimented with for some time by the Canadian Pacific Railway, it is reported. A gasoline motor- generates power for an electric metallic arc welder and a grinder. These in turn build up and smooth out worn sections of rail near joints. It can operate anywhere on the lines, quite apart from any outside source of electric

Shipping beer by tank cars is an innovation alike for the brewing industry and railroading. 4 London brewery is now using insulated and refrigerated glass lined tanks containing 4,800 gallons to ship beer to their Montreal bottling plant. The tanks are the same as those used to ship milk in bulk, but have the addition of a safety valve to release pressure in excess of twelve pounds that may be generated in transit.
