Here and There

"Canada has a fine record of
musical and artistic students who
work under the auspices of the Royal
College of Music," says Sir Hugh
Allen, director of the London insti-
tution, who is making a tour of Can-
ada in the interests of the College.

Canada exported 145,592,500
pounds of woodpulp during Febru-
ary, of which 133,991,000 went to
the United States and to Great Brit-
ain, none. Our newspaper exports
had a monetary value, in the same
month of about seven and a half mil-
lion dollars.

Two hundred and sixty thousand
acres of land in central and north-
ern Alberta will be settled by the
British Land Settlement Corporation,
it is announced. They are
located north of Edmonton and from
north of Vermilion to Wabaman,
west of Edmonton.

Approximately 150,000 tourists,
apart from delegates to conventions,
visited Montreal last year by rail-
way, steamer and automobile, ac-
cording to an estimate compiled by
the Montreal Tourist and Convention
Bureau. It is anticipated that the
influx for the current year will be
even greater.

Geraldine Farrar, famous prima
donna, who gave a recital of Carmen
in Ottawa and Montreal recently,
had a run in with the U.S. Customs
at the border on her return to the
United States. It was claimed that
champagne and fine wines were
found stored in the piano of her
sumptuous private car, but the great
singer says it was only near beer.

England's great military spectacle,
the Aldershot Military Searchlight
and Torchlight Tattoo, which is held
annually in aid of the Aldershot
Command Charities, is being pre-
sented this year from the 16th to the
20th of June and will, as usual, be
contemporaneous with Ascot Week.
The special feature is to be a Pageant
of Battle which will recall some of
the famous engagements of the British
Army. Nearly 100,000 patrons
attended last year.

To enable French-Canadian stud-
ents to become acquainted with
Western Canada, the Universite de
Montreal has organized a 28-day trip
to the coast from Montreal next
July. They will pass through Winni-
peg, Regina, Moose Jaw, Calgary,
Edmonton, Banff, Vancouver and
Victoria, with stop-overs at Lake
Lois, Field, Glacier, the Fraser
Canyon and other beauty spots of
the Canadian Rockies.

Student tours, operated by the
Canadian Pacific in conjunction with
McGill University, are to be extended
this summer to include students from
the British Isles. Heretofore, these
tours have been restricted to schol-
ars in other parts of Canada and in
the United States. As Montreal is
regarded as an ideal centre for the
study of the French language, it is
anticipated that the new project will
attract many visitors to the Cana-
dian metropolis.

The body of Dr. Sun Yat Sen,
President of Southern China lay in
state in a wonderful blue-tiled old
Temple near the "Altar of Heaven,"
during the long drawn out ceremon-
ies at Peking attendant upon his
interment. Through the courtesy of
the government the bier was viewed
by a large party of Canadians and
Americans touring the world on the
Canadian Pacific S.S. "Empress of
France." They were also invited to
attend the final burial rites which,
with a wealth of colorful Chinese
ceremony took place later in the
Western hills.

Sailing from New York on Janu-
ary 14, the "Empress of France,"
palatial Canadian Pacific steam-
ship, began her 'round-the-world
cruise, which is to last 130 days. The
vessel was gallily decked with flags
and filled with happy passengers
eager to enjoy the experience of a
lifetime. F. L. Wanklyn and Mrs.
Wanklyn, were among those on
board. Mr. Wanklyn recently re-
turned from his position as executive
assistant of the Canadian Pacific
Railway.

The most novel Christmas card
banded by the Montreal post office
this year was one prepared for the
redoubtable Colonel George Ham,
of the Canadian Pacific Railway.
By a number of internationally
known newspaper artists, creators
of famous comic strip characters,
in the centre of the card is a photo
of the Colonel, while grouped around
him, commenting on his good qual-
ities, are signed drawings of Pa
Parkins, Tillie the Tailor and Mac,
Burray Goggle and Sparky King.
Our Gang and Dutch Barn. Colonel
Ham is naturally very proud of this
card.

Here and There

Mineral, fish and land re-
sources of British Columbia will
be extensively advertised at
Vancouver this year at a cost of \$15,
000 or \$12,000, according to a state-
ment by Premier Oliver.

The Universal Film Company is
perfecting its plans for filming the
Calgary Stampede this summer as
part of a forthcoming production
in which Hoot Gibson will star.
This will involve an expenditure of
about \$100,000.

Canadian exports to France in
1924 were valued at 462,326,000
francs as against imports from that
country of 333,264,000 francs. There
has been a marked increase in trade
of late years which is attributed
partly to the Treaty of Commerce
and the propaganda work of the
Canadian Pacific Exhibition train.

S. Frank Mussard of the South
African Irrigation Association, Jo-
hannesburg, who has just completed
an independent investigation of the
agricultural conditions throughout
Canada has stated that he is "per-
fectly satisfied with the possibil-
ities Canada has to offer the right
type of settler."

"Mountie" the lead dog of the
famous Chateau Frontenac husky
team realized \$1,200 during the
Humane Society tag-day at Toronto
recently. He collected on behalf of
this organization throughout the
city and the tag that was sold was
decorated with his portrait.

Broadcasting of copyright songs
in the United States is declared sub-
ject to copyright fees or royalties
just as much as publication by other
methods of performance. This de-
cision, which has considerable bear-
ing on the Canadian Copyright Bill
now under discussion in Ottawa was
reached as a result of a recent test
case in the United States.

Approximately five millions dol-
lars will be spent in maintaining and
constructing new highways within
the Province of Quebec during the
present year. At present there are
2,586 miles of highway in the pro-
vince stretching into all parts of
Quebec and linking up with main
roads in the U.S. and the sister
provinces to the East and West.

According to a report prepared
by the Merchants Exchange of Van-
couver, forty-two regular steamship
lines are now operating out of that
harbor, the gross tonnage for last
year being 14,473,518 which is over
a million tons in excess of the 1923
figures. The Canadian Pacific Rail-
way is now erecting a new pier there
which will be one of the finest and
largest on the continent.

The Campbell River Company of
White Rock has purchased the en-
tire holdings of the James Logging
Company of Vancouver which in-
clude 35,000 acres of timber lands,
containing over two billion feet of
logs, a saw mill with a capacity of
more than 50,000 feet of lumber
a day, three large tugs and a com-
plete logging outfit. A sum of more
than five millions dollars is said
to be involved.

Arrangements have been com-
pleted to ship 200 books by Cana-
dian authors to be exhibited at
Wembley this year. A special grant
has been made by the Provincial
Government of Quebec to provide
artistic bindings for these books
many of which will be by French-
Canadian authors. That this is to
be done is largely due to the initia-
tive of the Arts, Science and Letters
Society of Quebec City in co-opera-
tion with the provincial government.

Here lies till Gabriel's trumpet peal
The bones of Shelby Sharp
He dozed while hold'n a steer'n-wheel
And woke up holding a harp.

HEALTH HINTS

By Mrs. C. Erwin

A NURSE'S RECORD

The nurse must keep an accurate
daily record in writing of events that
take place in a sick room, and write
on this record the different symp-
toms which she has noticed in the
absence of the doctor so that he may
know just how his patient has pro-
gressed since his last visit, unless
a doctor will say to a nurse it is not
necessary, as with some diseases it
is not necessary, at least some doc-
tors do not wish it.

A record must always, and at all
times, be kept of the doctor's orders
concerning medicine and other treat-
ment; also of diet, if he has a special
diet to be given. This must be so
no mistake will be made by the nurse
in charge. Never depend on mem-
ory.

Start the record in the morning,
fill out each space under the head-
ing every day. The temperature,
pulse and respiration are the first
items of importance. These must be
recorded at the hours the doctor di-
rects. Enter a memorandum each
time the medicine is given. Make
your reports by drops, teaspoonful,
drams or ounces, in accordance with
the terms in which the doctor gives
his orders in the heading of the re-
cord sheet. Hour column, put down
a 9 or 9:30; as beef juice, under
the heading in the nourishment col-
umn, give the amount and kind given,
always.
