LOCAL AND GENERAL

(Continued from Page 1)
town, are expressing themselves very forcibly about the hay and weeds of the creamery property occupying so much space on the sidewalk.

Mr. and Mrs. Gideon Snyder, Mrs. Silas Snyder, Mrs. Lois Snyder, Miss Zelma Rodgers, Mrs. Bruce Hair, Mrs. G. L. Miller and Mrs. Harold Miller attended the Snyder family reunion held at Dundurn Park, Hamilton, on Saturday last.

The next Booster Club dance will be held in the arena on Friday July 5th, and Merrill's 5-piece orchestra of Hamilton has been engaged for the music. A large crowd is expected as this will be the last dance until the September activities of the club are started.

Rev. John Samuel of St. Stephen's church, Hamilton, sailed on June 29 for his home in Cwmllynfell, South Wales, on the S. S. Regina. He was accompanied by Master James Newell, son of Dr. and Mrs. Newell. They will spend three months in England and the continent.

Mrs. Hannah Parsons of Spokane, Wash., has been renewing acquaintances with friends this week after an absence of 15 years. She was accompanied by her sister, Mrs. L. Parsons and daughter and returned with them to their homes in St. Thomas for a few weeks, after which she will return to this vicinity to complete her visit.

Homer Trousdale, who attended the Vesper Flag Service on June 9th in Washington, D.C., kindly brought the program to this office for our perusal. This service was held on the steps of the Capitol building, in commemoration of the 152nd anniversary of the birth of the flag of the United States. A feature of the program was the formation of two human flags by 2000 school children and the data of a flag which was loaned for the occasion: size, 90x165 feet; width of stripes, 7 ft.; size of stars, 5ft.; weight, 640 pounds.

HEALTH HINTS

Continued from Page 4

throat is sore, gland of the neck is enlarged, sometimes no symptom of a cold at all. The eruption is smaller, like pin-heads. Generally with care the patient is better, the symptom usually disappears and the patient is convalescent at the end of a week.

CHEAPSIDE

Mrs. James Erwin, from Dunnville, is holidaying at Mr. Gordon Bartlett's.

Some of the men of the Baptist church had a bee cutting the grass in the cemetery, which added greatly to the appearance of the place.

Miss Sadie Werner has been a caller in the burg recently.

Mr. Buchanan has been engaged as teacher at No. 2 school for another year.

Mr. and Mrs. Whitehead and Mr. and Mrs. MacDonald attended the funeral of Mrs. Loucks at Silver Hill on Saturday last, Mrs. Loucks being a sister of Mrs. Whitehead and MacDonald.

Mr. D. Metcalfe attended the funeral of Mrs. Walker in Hamilton on Wednesday last, Mrs. Walker being the mother of Mrs. James Metcalfe.

Miss Stillwell attended the W. C. T. U. convention at Waterford last week on Thursday.

Miss Eva Lofthouse, from Buffalo, is spending her vacation with her people here and in the community.

Some of the pupils from the different schools have been writing on their Entrance examination papers this week.

Mrs. Ferguson, from Springfield, spent the week with her sisters, the Misses K. and M. Stillwell.

RENTON

Quite a bunch from around here spent July 1st in Port Dover.

Mr. Dennis Ross and sister Georgia, of Hamilton, were the guests of their grandparents, Mr. and Mrs. W. D. Peace on the Scotch Line.

Those who were recent visitors of Mr. and Mrs. D. Secord at East Lynn Farm were as follows: Mr. and Mrs. F. S. Secord and granddaughter, Mr. and Mrs. George Almas, Mr.

and Mrs. John Wilson and daughters and Miss Eva Secord, all of Hamilton.

Mr. and Mrs. John Rowntree and children and Mrs. Rouiston, near Hagarville, called on the Secord family at East Lynn Farm, one day last week.

Mr. and Mrs. John Adams, of their summer cottage at Port Dover, called on Mr. and Mrs. George Potts recently.

Councillor W. R. Hodges of Waple was a recent visitor of his cousin, D. Secord.

The recent rains have prolonged the strawberry crop.

The farmers are busy with haying, cultivating and hoeing these days.

Here and There

Four hundred thousand babies have been born at Banff during the past fortnight. It is not the fine mountain air that accounts for this phenomenon, but the mountain water and the babies are rainbow trout from the Dominion Government Fish Hatchery on the banks of the Bow River. They will be used in the lakes and streams of the Rocky Mountain Parks.

Canadian Pacific Railway Police, Constable No. 1 from, are champion revolver shots of the Dominion. After winning the Chief Constables Association Trophy in May, the Constable shot the Lettbridge Constable of the Royal Canadian Mounted Police which had won the championship for Military forces. He defeated them 142 against 141. Possible score was 1500. The victorious team is composed of Investigator D. G. Gibson, Sudbury; and Constables H. H. Gyves, Port McNicoll; J. H. B. MacDonald, Toronto; D. Prndergast, Sudbury, and W. E. Tingman, White River, Ont.

With a population that ranks 28th among the countries of the world, Canada is fifth in total exports and third in total turnover of trade.

Charles Olsen and Raffaele Maullari, rival round-the-world racers, are trying to make a trip encircling the globe in less than 30 days using only "regular means of transportation." Olsen left Victoria on Canadian Pacific greyhound Empress of Asia June 13, and Maullari arrived at Vancouver on the Empress of France June 22. Airplanes come within the term of the contract since both men have already used them. The race at time of writing is very close.

A problem that has defeated the learned for centuries—the squaring of the circle—has apparently been solved by L. W. Hartman, Canadian Pacific Railway timekeeper at London, Ont. Hartman claims he devised a geometric method by which to reproduce the exact area of a circle in the shape of a square. University professors are now examining his solution. He was born in Rumania and never saw a college, but speaks English, French, German and Rumanian fluently.

Adelard Goulet, head barber of the Banff Springs Hotel, had what he regards as a close shave the other day when he was off duty on the golf links and met a black bear. He topped his drive and the bear beat a hasty retreat. Wild animals are very tame in this district this year.

Of the 2,750,000 acres taken up by settlers in Canada in 1928 eighty per cent. was in such northerly districts as Prince Rupert, Saskatchewan, and the Peace River district, Alberta. The migration northward was most pronounced in the Peace River region, where 4000 homesteads were taken up last year. In this district, there are still available 40,000,000 acres of fertile land, capable of adding millions of dollars to the annual value of the Dominion's crops.

Being Brave Doesn't Count

The man who will fight his weight in wildcats is as helpless as a babe in arms to ward off the menace of lightning. Rely on yourself, if you will, to protect your loved ones and your property from danger with which you can cope. But don't leave them subject to the dangers of lightning any longer.

Let us rod your home and buildings with the DODD System of Lightning Protection.

Then you never can be "burned out" by lightning. Your property will not be injured. Your family always will be safe.

This protection is worth a thousand times what it costs if lightning strikes your home just once.
