NOTICE

Voters' Lists, 1929, Municipality of Jarvis, County of Haldimand

Notice is hereby given that I have complied with Section 10 of the Voters' List Act and that I have posted up at my office on the 6th day of July, 1929, the list of all persons entitled to vote at both Municipal Elections and Elections to the Legislative Assembly in said Municipality, and that such list remains there for inspection.

And I hereby call upon all voters to take immediate proceedings to have any errors or omissions corrected according to Law.

Ivan W. Holmes,
Jarvis, July 6, 1929. Clerk.

HERE AND THERE

Thirty thousand tons of railway material—trucks and steel framing for box cars—will shortly leave Vancouver for the Orient, as equipment for the Trans-Siberian Railway. The order for this material was placed thirteen years ago, but delivery was halted with the outbreak of the Russian Revolution, and the equipment held in the Canadian Pacific Railway's yards at Coquitlam until conditions for delivery were more favorable.

Vancouver's growth since its incorporation in 1886 is revealed by the official estimate of the population of the new city by the assessment commission which places it at 228,193 for the city proper. A reliable but unofficial estimate of the population of Greater Vancouver is 285,000 exclusive of New Westminster. Greater Vancouver includes the City of North Vancouver, the district of North Vancouver and the municipalities of Burnaby and West Vancouver. Greater Vancouver and New Westminster jointly have a population of about 303,000 or about half the population of the entire province.

CREAMERY MONOXIDE

Don't forget to come to the Gore Friday night to see Jarvis put over a win. We promise the pitcher's arm will last throughout the entire game, since George has taken his training in hand and is developing his necessary right muscles by having him pounding in the churnings since Monday night last.

It wa sreported at the first of the week that Jim had broken his neck However, he escaped with a few minor injuries such as, his clabicle was disconnected from his sternum, torn ligements of his right arm, etc.

The Manager and family motored to Crystal Beach on Sunday last with their prospective in-laws.

By the looks of Jack's fingers he will never catch a place in the big leagues.

The cluttering of Muriel's eyebrows causes her a great deal of attention from the male sex of the dept.

Jim Beatty lost a very valuable antique in the form of a jackknife. Although Fitz is rated as honest, it is quite possible he picked it up while they were working together last week.

Johnson says G. L. had a lot of nerve taking up a collection at ball practice on Monday night. G. L. says by the looks of the collection some were paying to see a practice.

The Buttermilkers are training constantly for the city league games which will start in a week or so.

Jimmie Wood says, "I'ts soft for me;" but Schreiber think's it's hard on gas globes.

HEALTH SERVICE
of the
CANADIAN MEDICAL ASS'N.

THE COMMON COLD

Many persons make light of a cold, but what may be light to one may be a severe sickness to another. Colds are catching. Many times if a cold was checked a severe sickness could be prevented, but it is let run until it settles in the lungs. When at first it is dull full head, stuffed up nose, slight headache, depressed feeling. This, if let run on, is generally followed by a chill. This is the time to take heed, but it would be better to do so sooner. Go to bed; take warm drinks, such as hot gruel, milk with a little pinch of cayenne pepper in it. Apply hot water or iron to feet and break the cold up by sweating it out. Keep the bowels active drink lemonade or water to flush the kidneys. A nice drink, cooling and refreshing is, white of an egg beaten in a glass with juice of half an orange, teaspoon of sugar, mix thoroly and fill the glass with water. This can be given where there is high temperature, as it is nourishing and can be made cold enough for any patient to drink.

If people would get a thermometer and learn to read it, which is not a hard thing to do, it would let them know when they have a high temperature and a doctor should be called without one is apt to need him badly before he is called. When a cold is breaking up or at the stage of coughing, sneezing, watery eyes, and the nose keeps you busy, one may feel they would like to go to a neighbor's home. This is when one is apt to spread a cold. Oftimes a caller keeps a moist handkerchief loosely in the hand and carelessly may lay it on a table or on anything handy to them while talking and the germs of their cold are left for their neighbor, when a pocket our grandmothers had made for the use of their handkerchiefs is a thing not much in use today, but it should be. Sanitary cleanliness they observed in many ways better than we do. A separate towel should also be used. Avoid drinking cups used by persons having a cold. and kissing. Hands should be washed just before eating to prevent spreading colds. Germs stick to the hands and are carried to the mouth.

CHAPSIDE

Mr. and Mrs. Buchanan and family are spending their holidays with their people at Hayelock.

Mr. Thos. Smith was a visitor in the burg over Sunday.

Friends from Port Dover have been visiting at Mr. Gordon Bartlett's recently.

Mrs. McDonald from Kindardine is visiting her bothers, Mr. J. and S. Britton, and other relatives here.

Rev. Mr. Kitching spent a lay in London last week.

Mrs. Ross Degrow, from Hamilton, has been spending a week with relatives here.

The Tunkard meeting closed on Sunday evening last, the tent going to Clarence Centre for their next tent meetings. The tent was filled to its utmost capacity and a great number outside.

Mrs. A. Metcalfe and Florence returned home on Sunday last after spending some time with relatives in Hamilon.

Miss Peggy Merrill, from Hamilton, is holidaying with her relatives here.

RENTON

Misses Mary and Mable Tisdale are visiting at the time of writing at Norwich with Mrs. Gibson.

Mr. and Mrs. Geo. Almas, Mrs. R. L. Almas, Mr. and Mrs. L. Osborne and Mr. W. Almas, all of Hamilton, were the guests of Mr. and Mrs. D. Secord at East Lynn farm.

Mr. and Mrs. Geo. Fisher of Toronto, spent the week-end with Mr. and Mrs. D. Secord.

Mrs. J. Rowntree and children, near Hagersville, spent one day last week with her parents, Mr. and Mrs. D. Secord.

Mr. and Mrs. Geo. Fisher of Toronto, Mrs. Ira Fisher of Detroit, and Mr. D. Secord spent Sunday last with Mr. and Mrs. Geo. Arn at Jerico.

Mr. W. Almas, Hamilton, is spending his vacation with Mr. and Mrs. D. Secord at East Lynn farm.

Mrs. James Cowan and son Leslan, spent the week-end with Mrs. Chas. Ferris at Normandale.

Miss Marjorie Potts returned home Sunday after visiting her uncle and aunt, Mr. and Mrs. J. Richadson of Mt. Pleasant.

Mr. and Mrs. Geo. Potts and granddaughter, Miss Norma, visited Sunday last with Mr. and Mrs. J. Richardson of Mt. Pleasant.

CANFIELD WINS BURNS

(Continued from Page 1)

Manager of the C. N. E., by the Agricultural Representative, at Cayuga. However, any young lady, under 26 years of age, who wishes, may enter in not more than one of the following sections of the Open Competition. 1st. Nutrition; 2nd, Home Furnishings; 3, Clothing. There are twelve prizes in each section, ranging from 1st prize, $12, to 12th prize, $1. The entry fee in each section is 50c and must be mailed to the Department of Agriculture, Cayuga, not later than Saturday, August 3rd. Any person who has previously won 1st prize in any section of the Judging Competition will not be eligible to compete in that section. In addition to the team entries, it is hoped that a large number of young ladies will take part in the Open Competition from Haldimand County.

Judges

The Judges for the Competition were:

Miss Florence P. Eadie—Dress Parade and Menus.

Miss M. V. Powell—Wardrobes and Living Rooms.

Miss I. Langton—Lunches & Kitchen Plans.

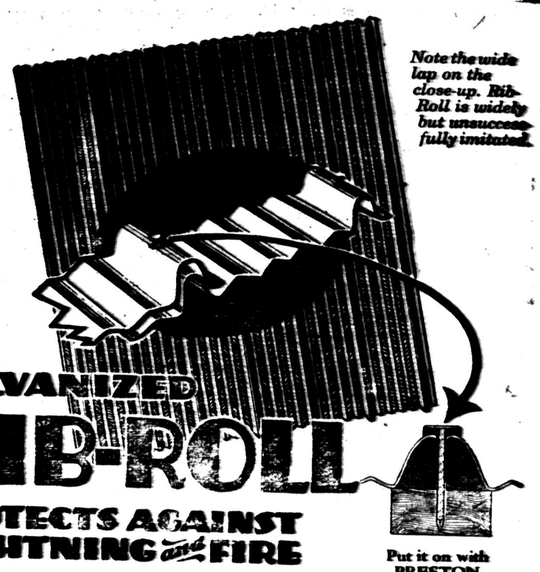
The girls were very fortunate in having these friends with them for the Competition. All of them are well known in the County and we were pleased to have the opportunity of welcoming them back again.

Miss Lulu Row was in charge of the Competition and special mention must be made of the very efficient way in which it was carried off. Miss Row also acted as Coach, conducting six classes at various points in the County.

The co-operation of the Haldimand County Women's Institute and Branch Institutes is greatly appreciated. They assisted by encouraging the girls to attend the Coaching Classes, as well as the Competition and mention must be made of the hospitality shown by the serving of a cup of tea at each class by the Institute in charge and at the final competition by the Cayuga Women's Institute.

Special mention must also be made of the interest shown in this competition by the Monarch Knitting Company and in particular by Mr. J. A. Burns, President. The very handsome trophy is tangible evidence of their generosity.

Note the wide lap on the close-up. Rib-Roll is widely but unsuccessfully imitated.



GALVANIZED
RIB-ROLL
PROTECTS AGAINST LIGHTNING and FIRE

Costly fires caused by flying embers and lightning are banishing wooden roofs in favor of metal. Rib-Roll Roofing has a dozen features found in no other roofing. Properly grounded according to the fire marshal's instructions it defies lightning; it stands up against every weather and climatic condition. Handsome, easy to lay on new roofs or over old ones. Secure for a lifetime. Sheets fit weathertight; there are seven ribs to nail into, giving greater security than in any other roofing. Ideal for Barns, Sheds, Summer Cottages.

Put it on with PRESTON LED-HED NAILS
The only nails to use with metal roofing. The lead on the head perfectly seals the nail hole. Waterproof; eliminates chimney washers. No more "threading". Their ease and speed of handling make them worth many times their cost. 22c per lb. FREE sample gladly sent on request.

PRESTON *Ventilation Prevents Spontaneous Combustion*

To our knowledge, not a single Preston Ventilated Barn has ever been burned because of spontaneous combustion. Warm, moist air in an improperly ventilated barn produces conditions conducive to spontaneous ignition. Preston Ventilators for the roof, adjustable side-wall windows and spacious doors protect the barn from fire dangers by keeping the air in constant circulation. They are built to keep the elements out. Write for full particulars.

PRESTON STEEL-TRUSS BARNS
A stronger barn built with rugged Steel Trusses. Every angle of the structure is braced against wind-pressure. The framework is compact, doing away with cumbersome cross-beams. Well-ventilated and well-lighted; the easiest barn to work in. We use your timbers.
Over 1000 Ontario farmers have studied all makes and chosen the Preston Steel-Truss Barn. Their satisfaction is our strongest argument. Get the facts about this better barn. Write today for our big "Book About Barns".
Over 1,000 in Ontario
Not one lost through lightning

Barn Door Tracks and Hanger
Preston hot-galvanized four-wheel Hangers and bird-proof Barn Door Track are the best hardware made for heavy barn doors. The Hanger is adjustable up and down, and in and out. This makes erection so easy that hundreds of builders will use no other type.

Being Brave Doesn't Count

The man who will fight his weight in wildcats is as helpless as a babe in arms to ward off the menace of lightning.

Rely on yourself, if you will, to protect your loved ones and your property from danger with which you can cope. But *don't leave them subject to the dangers of lightning any longer.*

Let us rod your home and buildings with the DODD System of Lightning Protection.

Then you never can be "burned out" by lightning. Your property will not be injured. Your family always will be safe.

This protection is worth a thousand times what it costs if lightning strikes your home *just once.*
