FARMERS WEEK AT GUELPH

The revival of the old-time excursion to the Ontario Agricultural College and Experimental Farm at Guelph, during the past number of years, has been very popular. Thousands of farmers are every year taking this opportunity of visiting a farm and college that is being maintained for the benefit of Ontario Agriculture. Take a day in June for a holiday and see fine live stock, fine crops, modern methods, science as applied to agriculture. Counties have been grouped as follows:

Monday, June 17th—Essex, Kent, Elgin, Norfolk, Haldimand, Welland, Lincoln and Wentworth.

Tuesday, June 18th—Halton, Waterloo, Dufferin, Perth, Huron, Grey and Bruce.

Wednesday, June 19th—Ontario Brant, Simcoe, York, Durham, Northumberland and Eastern Counties.

Thursday—June 20th—Middlesex, Oxford, Wellington, Victoria, Peterboro, Lanark and Muskoka.

It is understood, of course, that if any farmer from Haldimand County cannot take advantage of the day set aside for this county, it will be quite satisfactory for him to attend on any of the other special days. Special features are being added to this year's program and everyone is promised an enjoyable day. Pack your lunch basket and come; all are welcome. Coffee, tea and ice cream will be provided by the College.

YES, the DR. SAID

you MUST operate, tonsils are diseased. We said No, and Mrs. Sybilla Spahr's Tonsillitis was applied. Tonsils healed, operation cancelled. Try it, it's guaranteed. Schreiber's Drug Store.

Arthur W. Cotten, Chicago wheat king, is erecting a hotel in his native city of Guelph, Ontario which will be operated by the Canadian Pacific Railway. A golf course and pleasure park will be also established, the whole undertaking involving an expenditure of about \$2,000,000.

The sumptuous new Solarium lounge car put into service by the C. P. R. as "rear end equipment" aboard the Trans-Canada Limited is being nicknamed the "mustard plaster car". It was facetiously suggested by railway officials that the company should provide passengers with mustard plasters as it was recently claimed in England that these were more effective than ultra-violet rays. This contention was disproved, however, and the trouble taken by the railway is glazing the end sun room of the car with special vitreous glass, which admits the ultra-violet and most beneficial rays of the sun, was justified.

Officials of the C. P. R. in the east can now speak to their conferees in the west—as in connection with the recent improvement and extension of the railways telegraph carrier system telephone facilities were also thrown open.

The community of globe trotters who made a circuit of the globe during the winter aboard the Canadian Pacific liner Empress of Australia contributed a series of remarkable items to the social notes of the New York newspapers when their vessel terminated her voyage there. An engagement, a marriage, and the birth of five children to a Japanese passenger were announced, constituting in the opinion of Captain Latta, commander of the cruise ship, something hitherto unrecorded in seafaring annals. The five Japanese babies were appropriately named the "Empress of Australia," "Empress of Scotland," "Empress of France," "Empress of Canada," and "Empress of Russia," after the giants of the Canadian Pacific fleet. The babies were canaries.

D. C. Coleman, vice-president of western lines of the Canadian Pacific Railway, has been elected a director of the Metropolitan Life Insurance Company of New York. The only other Canadian director is Hon. L. A. Taschereau, Premier of the Province of Quebec.

A tunnel built at a cost of \$250,000 makes it now possible for trains from North Vancouver to connect with the Canadian Pacific Transcontinental system. The first train making use of this new connecting link that also makes use of the second narrows bridge and the harbour rail system, carried the Governor-General and many distinguished westerners.

Funerals and weddings can hold no terrors for Captain Frank Middleton, of the Canadian Pacific ship "Alberta," who has been presented with no less than three top hats. As captain in charge of the vessel entering the ports of Saint Ste. Marie, Port McNeill and Port William for the first time this season, opening navigation at each point, he was given the traditional welcoming address and presented with a silk hat on each occasion. His three shining toppers repose in a neat row in his cabin and it is estimated that it will take three hundred years to wear them all out.

The biggest shipment of live muskrats ever to be shipped from Canada, thousand in number, were carried by Canadian Pacific Express Company from Oak Lake, Manitoba to Hamburg, Germany, recently. They were trapped in the breeding grounds on the Manitoba rat farm and shipped in boxes, each box holding twelve pairs. They were shipped on C. P. Freighter Beaverford from Montreal and the muskrats were in good condition with a minimum of casualties when they reached destination.

The Royal York Hotel, Toronto, largest hostelry and highest building in the British Empire, will be opened by His Excellency the Governor-General, June 11. The following day will be reception day for guests and the hotel is booked to capacity. The whole waterfront of Toronto is rapidly re-embellishing that of New York with the building of immense structures of which this is the outstanding.

On the authority of an official report recently issued it appears that the bicycle is gaining in popularity in Canada. In 1928 production of bicycles in Canada reached a new record with the selling value of products 52 per cent higher than in 1927. Last year 27,999 wheels were sold valued at \$899,480.

Within the next few weeks the largest re-forestation venture so far made by the Ontario Government will be under way in the planting of 1,200,000 trees in the Thessalon district near the Soo. This is to be largely experimental and as a guide to schemes under contemplation for the future in different parts of Ontario.

W. E. Wilford will assume the title of purchasing agent, Canadian Pacific Railway, Toronto, according to an announcement recently given out by E. W. Roberts, general purchasing agent of the railway. Mr. Wilford will have most of the work in connection with the Royal York Hotel purchases. He joined the company as a clerk in the purchasing department in 1908.

Fourteen cases of orchids were carried from England to Japan recently under the auspices of the Canadian Pacific Express Company to the order of the Emperor of Japan, the Empress and members of the Imperial Court. They are sent out from England about three times a year and are highly prized by the Japanese Royal Family and Court.

A new wheat, known as R-49, may be the long awaited rust-resistant wheat. Canadian Government plant breeders have long been experimenting in an effort to develop a variety of wheat that will resist rust and at the same time be of high grade milling quality. Emmer, which is a rough, large, rather poor-yielding grain of the wheat family, which has seemed to be rust-resistant, has been crossed with Marquis wheat and the progeny again crossed with Marquis, resulting in a grain which is three-quarters-Marquis stock. The plant breeders have carried on their experiments at the Manitoba Agricultural College and from as many as 86 strains developed, R-49 seems so far to be the most promising.

SEE THE GOODS BEFORE YOU BUY

That's the only really satisfactory way for you to do. Buying from catalogues is buying on uncertainties. You are guessing at qualities and a whole lot of other things. The only safe way is to examine the goods carefully — and this is one of the advantages of patronizing your own home store.

We handle the D & A Corsette, Elastic Panel, Bandedette, Elastic Girdle and Brassiere.
Ladies Silk Hose in many colors, pair \$1.00, \$1.50, \$1.95
Ladies Lisle Hose, per pair 50c
Satinettes, Nainsook, Krinkle Cloth
Suitable for Underwear

There isn't less to pay by buying away from home. There aren't newer styles. There isn't anything like as quick a service. You can't see and handle the goods before buying them — and you can't be sure that what you get will exactly please you.
