ONE BOAT SERVICE FOR FERRY THIS SEASON

In a letter to Mr. C. P. Freeman, of the Royal Bank, W. S. Brown, secretary-treasurer of the Nicholson Erie-Dover Ferry line says: "You undoubtedly have heard by this time that we have purchased the steamer, City of St. Ignace, to operate from Erie to Port Dover, starting July 1st. We will have only one boat on this run, but the new boat is much larger than either of those we had last year. The passenger capacity for across the lake is 1000 persons and 80 automobiles and the boat has 200 staterooms. Although our new schedule will not give as frequent service as last year the greatly increased capacity of the boat will insure everyone getting aboard."

Here and There

(328)
Music hath charms to soothe the savage breast, and jazz has now exercised its well-known effect on animals, since the deer at Banff have been listening to the dance strains from the orchestra at the Banff Springs Hotel. Three mule deer were seen the other night listening with astonished ears to the syncopation within. Both deer and elk are unusually tame this season and guests are going hunting with cameras in lieu of firearms.
Aviation is coming into its own in Canada and Canadians are becoming thoroughly air-minded. Three airports were opened early in June at Ottawa, Kingston, and Hamilton, at which a great assemblage of planes took place and large crowds witnessed the proceedings. Many took advantage of the opportunity to send mail and parcels by air express during these functions and the Canadian Pacific Express Company used the planes to advantage.
Richard Barthelmess, moving picture star, accompanied by his bride, made a three-day honeymoon stop at Banff Springs Hotel early in June. He says he will be back in the Fall to get some big game hunting in the Canadian Rockies.
Dock dues on parcels from Cherbourg are now lifted under an order from the French Government and there will be consequently a great increase in the despatch of these parcels from France to Canada, according to word recently received by the Canadian Pacific Express Company. Prior to this, parcels from France had to be shipped from Southampton causing a loss of a couple of days' time in reaching Canada.

Loans to harbor boards totalling nearly \$30,000,000 to be spent on programmes of extensions and developments have been approved by the House of Commons. Of this amount, ten millions each goes to Montreal and Vancouver, \$5,000,000 for Halifax, and balance for Three Rivers and Chicoutimi, Quebec.
The average cash income per farm house in the Prairie Provinces was \$2,544, exclusive of the value of seed, feed, meat, vegetables and other commodities produced and retained by the farmer for his own use, according to the Nor' West Farmer, Canadian farm journal published at Winnipeg.
The younger generation, we are often told, is apt to be left to find its own way around these days, but not quite to the extent of the woman who left her 7-months old baby asleep in the Windsor Street Station, Montreal, while she went shopping in the city. It was taken to the ladies' waiting room and cared for. Several hours later the mother returned and was told of its whereabouts. It was still sleeping and she decided to have her supper before she "disturbed" it.

Wheat from the Prairie Provinces of Canada is the finest received in Germany from any country in the world, according to Johann Lange, one of the seven German sailing ships making a tour of the North American continent. "Canadian mills are on a par with the best in the world," he says, "and we accept as representative of Canadian wheat, said 'Mr. Lange' 'in our operating planters and the quality of the flour turned out we have seen nothing better since we arrived on this continent.'"

THE HOUSE OF QUALITY

SEE THE GOODS BEFORE YOU BUY

That's the only really satisfactory way for you to do. Buying from catalogues is buying on uncertainties. You are guessing at qualities and a whole lot of other things. The only safe way is to examine the goods carefully — and this is one of the advantages of patronizing your own home store.

We handle the D & A Corsette, Elastic Panel, Bandolette, Elastic Girdle and Brassiere.
Ladies Silk Hose in many colors, pair \$1.00, \$1.50, \$1.95
Ladies Lisle Hose, per pair50c
Satinettes, Nainsook, Krinkle Cloth
Suitable for Underwear

There isn't less to pay by buying away from home. There aren't newer styles. There isn't anything like as quick a service. You can't see and handle the goods before buying them — and you can't be sure that what you get will exactly please you.
