A CORRECTION
In the list of Nanticoke donors to
the Welsh Miners' Relief Fund, pub-
lished in last week's issue, the first
name was printed as A. W. Vokes
family, \$5. This should have been
A. W. Oakes family, \$5.

CREAMERY MONOXIDE

The boys were sent out to meet the
Jarvis at last Friday night's game
against the Waterford team.

NOTICE—No more newspapers
for sale. I have had mine stored off.
Stewart McNelly.

The office staff were slightly ruck-
ed last week with checks on account
it being such a short month.

Since the boys can't get their
trucks to go these mornings, it has
been necessary for Cy Saunders to
take the A.M. shipments to the depot.

Chas. Buck and his staff have been
constructing a new vat in the casing
factory.

Stew thinks he will get a job duck-
ing eggs. But who wants to duck
eggs?

A number of the staff enjoyed a
party at Miss Ethel Hind's one night
last week.

Muriel has started to practice at
housekeeping. Wonder what's in the
wind?

The Manager made a trip to the
Queen city on business last week-end.

The boys have laid away their
hockey outfits until next year. We
hope they will find more opposition
next season.

Newt seems to have a habit of
running around on flat tires. Prob-
ably to correspond with his feet.

Those representing the Creamery
at the big hockey match on Thurs-
day night last were: Newt and Glad-
ys, Geo., Stewie, Stoney, Mac and
Babe. And did they cheer for Jar-
vis—Oh yes—they couldn't talk the next
day.

Newt might be able to drive a
horse, but he can't drive a Ford coupe
worth a darn.

Fitz and Stoney have entered into
partnership in the Auto Wrecking
business. Their first big success oc-
curred Saturday night last.

An apple a day will keep the doctor
away—but Harold comes just the
same. For particulars apply to M.
Davidson.

Johnson has found out the reason
they bury Scotchmen on the side of
the hill.

The "Leaping Lena" is undergoing
an operation for transmission trou-
ble. We expect she will be going
strong again in a few days.

Since the boys can only carry half
loads, it has been necessary to dou-
ble their trips. Of course they like

George was a victim of sickness on
Monday, but was on the job again
on Tuesday.

We understand that Stoney was
trying to negotiate the purchase of
the town hall in Hamilton. Too bad
that the Brooklyn bridge had already
been sold.

**WHAT CHANCE AGAINST
FIRE
HAS A ROOF LIKE THIS?**

MODERN BUILDING—for permanence,
low- upkeep and appearance—sounds
the death-knell of wooden roofs. The
dangers of fire to the building itself, to other
buildings and to human life is rapidly being
banished by metal roofs of high quality.

RE-ROOF WITH RIB ROLL
The appearance of this roofing alone has sold
thousands. Whenever a roof of this material
is laid in any district, it immediately secures
a preference, and others who are roofing any
kind of building, whether it be
barn, house, garage, shed or
warehouse insist on Rib Roll.
It is made to famous "Council
Standard" specifications.

**EASY TO LAY ON NEW ROOFS
OR OVER OLD ROOFS**
The cost of laying Rib Roll is lower than that
of nearly all other types of roofing. Any man
who is handy with a hammer can put it on.
Its handsome appearance adds many dollars
to the value of your property.
Send ridge and rafter measurements of roof
or roofs in question, for free estimate of cost.
