## RUNNING WATER IN THE HOME

Department of Agriculture Announces New Service to Farmers

Septic Tank Forms Can Be Secured Free of Charge

The Septic Tank is proving to be a most satisfactory system of sewage disposal for the rural and suburban homes that are now installing running water and bath-room and kitchen equipment. This system, unlike the cesspit, does not endanger the farm well or water supply. This greater protection to the health of the family on the land is something worth striving to attain. The country people may have today, just as good and sanitary conveniences in their homes as the city people enjoy. And why shouldn't they have them? Realizing this, the Department of Agriculture, have made a thorough study of the situation and are now prepared to assist in the planning of water systems and septic tanks.

If you are interested in the installing of an up-to-date water system or septic tank, it will pay you to write to the Department of Agriculture, Cayuga, asking for the assistance that is available. Having in mind the idea that septic tank construction might be easier for the farmer if he could be supplied with ready-made forms, the Department of Agriculture Engineering has devised and tested out a set of forms that will meet this need. One set of these forms has been allotted to Haldimand and is now available for the use of farmers in the county.

The forms are for a simplified single-chamber tank and have been passed by the Provincial Health Authorities for use on farms. They are collapsible and can be folded into two separate bundles and easily packed into an automobile for conveyance from place to place. The forms can be set up in the excavation in a very short time and removed after the concrete has been set, in even shorter time. Everyone who has used them has remarked very favorably about their convenience and how much time labor and expense were saved by their use.

When the farmer can supply the labor himself, the cost for constructing such a septic tank is very much reduced. All that is required is three loads of gravel and ten bags of cement as well as the necessary sewer pipe and drainage tile. Specifications and complete instructions for installing the tank are included in a bulletin which accompanies the forms.

Anyone interested in this special service would be well advised to write or call, A. Gordon Skinner, Department of Agriculture, Cayuga, or speak to the reeve of your township.

## NOTICE TO CREDITORS

IN THE MATTER OF THE ESTATE OF CHRISTINA CULLEN, late of the Village of Jarvis, in the County of Haldimand, Spinster, Deceased.

NOTICE is hereby given, pursuant to Section 51 (1) of The Trustee Act, R.S.O., 1927, Chapter 150, that all creditors and others having claims or demands against the estate of the said Christina Cullen, who died on or about the 8th day of January, 1929, in the City of Hamilton, in the County of Wentworth, are required, on or before the 1st day of June, 1929, to send by post, prepaid, or deliver to the undersigned solicitors for Margaret Cullen of the said Village of Jarvis, Spinster, and Janet Cullen, of the same place, Spinster, the Executrices, of the last Will and Testament of the said deceased, their Christian names and surnames, addresses and descriptions, the full particulars, in writing, of their claims, a statement of their accounts, and the nature of the security, if any, held by them.

AND TAKE NOTICE that after such last mentioned date the said Executrices will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that the said Executrices will not be liable for the said assets or any part thereof to any person or persons of whose claim notice shall not have been received by them at the time of such distribution.

DATED at Simcoe, this first day of May, 1929.

INNES & MACKAY, 10 Simcoe, Ontario, Solicitors for the said Executrices.

## HEALTH HINTS

By Mrs. C. Erwin

### DISEASES OF THE NERVES

Nerve trouble does not come on without a reason. Many people consider it just being afraid if one is startled or if one gets a fright. That may be the cause of being nervous, but I do not think it is nerve trouble, it is caused by sleeplessness, of over exertion, as overwork, worry, hereditary, faulty hygiene, intoxication, or the strain of social and industrial life. Fatigue, especially mental, causes sleeplessness. The two causes will up-

### NOTE FUNDS FOR DOG'S NEST-TOWNLINER ROAD

Maple Leaf, May 3rd  
One of the most important items—at least from the standpoint of the village of Port Dover—at the session of County Council this week was the final passing of a resolution which will assure that the stretch of roadway from "Dog's Nest" to the townline will be put into permanent condition this year. In fact the county council ordered that the work be proceeded with as soon as the weather-permits and the stone required on this stretch has already been ordered; the ditching has been arranged for, and other preparatory work will be undertaken so that just as soon as fine weather sets in the job will be rushed to completion and the "missing link" in the network of fine highways leading into Port Dover will become a much travelled highway. Reeve Misner has consistently pounded away at the county good roads committee for several years to get this particular stretch of roadway fixed up, and it looks as if he is going to win out in the end.

### SIMPLE REMEDIES

times is helpful; an ointment of ichthyol and lanolin, or mentholatum. Sometimes a massage or electricity. Absolute rest with application of heat being applied in the form of a cloth, poultices, steam or hot air or hot water bag, iron warmed for aneurism. If neuralgia or nervous trouble is caused by poor nutrition the diet should be rich, such as milk, cream,

beefsteak, chops, eggs, bacon, butter, olive oil, fresh vegetables, cocoa or thickened broth. Avoid sweets, pastry, highly seasoned food or stimulants. The doctor is the one to find out the cause. Give him your confidence if you wish your symptoms to be diagnosed. He is the one who can tell what is the most beneficial for the sick.

## 4 SUPREME BUILDING ADVANTAGES

WHEN building a new home or making over an old one, use this greatest of all wallboards. You will get these four supreme building advantages:

Full 3/8" thickness—giving greater structural strength and rigidity.

Easier Application—Goes up quickly, without muss—saving time, labor and money.

Fire-Proof—Non-Warping—Gyproc walls are fire barriers. Cannot crack, warp or shrink.

Takes any Decoration—Including Alabastine, wallpaper, paint and panels. 219

## Why Not Apply Its Moral To Your Own?

Reo Junior Speed Wagon in the Delivery Service of Cooke, Florist, of Washington, D. C.

Second-Class Delivery Means A Second-Class Business In The Public Mind. High-Class Delivery Means A High-Class Business To The Thousands Who See Your Trucks On The Street Every Day

EVERY delivery truck that runs the street is either a Good Advertisement or a Bad Advertisement for its owner.

Only One Person in 1,000 who sees your delivery on the street ever comes into your place of business. In the eyes of the 999 who never see you face to face, second-class delivery means second-class methods. High-class delivery means a high-class business.

That may be fair or unfair. But it is a fact. A fact that you prove to yourself ten to fifteen times every day by the trucks you see. Figure it out for yourself.

High Speed, High Power Trucks That Pay For Themselves In Advertising

Cognizant of the tremendous advertising importance of High-Class Delivery Service—Service that looks high-class and that is high-class—Reo, world-leader in high speed, high power

and low upkeep commercial transportation. Reo's Canadian Business a new era in the haulage field. An era combining utility, flexibility and almost unbelievable endurance with low upkeep and the great factor of favorable polarity.

### Models For Every Need

Reo Speed Wagons are built in 13 wheelbase sizes—and in tonnage capacities of 1-ton—1 1/2-ton—2-ton and 3-ton in wide variety of body styles. 4-wheel, 2-shoe internal hydraulic brakes; 6-cylinder, 7-bearing crankshaft; 4-forward speed transmission; air cushioned seats and full equipment. Popularly priced.

Call any of the Reo dealers whose names appear in this advertisement. They will be glad to send a Reo transportation specialist who will prove these facts. Reo Motor Car Company, Lansing, Michigan.

The Junior Speed Wagon is particularly adapted to service in the department and specialty stores, meat markets, bakeries, food, fur, laundry, cleaning and drying and general merchandise fields. 135

Medium and Heavy Hauling Like Men Have Never Known Before

3 Ton Reo Speed Wagon Class

1 1/2 to 3 ton Speed Wagons powered by the new Reo 6-cylinder Gold Crown engine—for passenger car performance, flexibility, speed and economy. 8 wheelbase sizes from 134 to 179 inches. Popularly priced.
