PROVINCIAL ELECTION ON WEDNESDAY, OCTOBER 23

TORONTO, Sept. 16.—The term of the 17th Legislature of Ontario has come to an end and the Ferguson Government will face the electors at the polls for the second time on October 23rd. Premier Ferguson announced the date of the election tonight following an afternoon meeting of the Cabinet. Nominations will take place on Saturday, October 19. No changes in the Cabinet are to be made before the election.

CHALMER'S PRESBYTERIAN CHURCH, WALPOLE

The anniversary service of the above church was held on Sunday, September 15th, when the Rev. I. C. Madill of Dunnville, occupied the pulpit and delivered powerful and inspiring sermons both morning and evening to crowded congregations. Mr. Thompson of Hamilton, was the soloist for the day and gave the congregations a wonderful treat.

On Monday evening, September 16, an entertainment was given by the members of Chalmer's Presbyterian church choir, Hamilton, and delighted a large congregation. The Revs. W. I. McLean and G. Lloyd Evans, the pastor, delivered addresses, and the evening proved a great success.

The anniversary was the occasion of reopening of the church after being through a course of renovation. It looks beautifully now, and it reflects great credit upon the managers and elders of the church. One may go very far before seeing such a beautiful church, and the outside is only an indication of the spirit and enthusiasm which dominate the people who worship there. We were thankful to see so many old friends with us, who used to attend, and hope to see them again.

The anniversary was a great one for every standpoint. The celebration consisted of seven days of religious services in the history of the church, the highest ever recorded in the West of the Great Lakes. The services were held in the old church, and the people were very much interested.

PORT COLBORNE. Sept. 16.—The ground lock at Hamberstone, said to be the longest in the world, and the cut of the Welland ship canal between here and Ramey's Bend, were formally opened here this afternoon and were used for the first time.

The S. S. Meaford, of the Canada Steamship Lines, was the first boat breaking a silken cord stretched across the lock. At the request of A. J. Grant, chief engineer, Capt. J. J. Manley pulled the switch which started the lock gates in motion just before the Meaford went down. She was closely followed by the Charles Dick, Hastings and Northton and then the Belvoir entered the locks unopposed.

The boats were all decorated with flags and a crowd consisting of several hundred persons from the district witnessed the event.

Rum-Runner Gets Stranded

Another casualty in the rum-running fraternity on Lake Erie was recorded on Monday morning when one of the boats plying out of Port Maitland, laden with 1000 cases of ale and beer, ran ashore on the reef off Port Dover after an oil tank in the boat had exploded and torn a gaping hole in her side.

Stranded on the reef, minus her rudder and with her machinery out of commission, the boat was helpless when discovered by the Robert K. fishing tug of the Norfolk Fish company. The Robert K., with the assistance of the Ruth, an Erie, Pa., tug, brought her into the harbor at Port Dover. The boat, which is nameless, proved to be a relic of war days, a submarine chaser, overhauled and placed in the service of the cross-lake rum-running business. It is 120 feet long and consequently a large capacity in comparison with the ordinary rum-runners.

An unusual feature of the case was the inability of those in charge of the boat to produce clearance papers to the customs officers at Port Dover. The men said they had lost or mislaid the papers before leaving Port Maitland. They got in touch with the authorities at that port and the papers were located and forwarded by special messenger to Customs Officer Mabee, at Simcoe, in the afternoon. The latter has notified Ottawa and awaits word as to what disposal should be made of the boat.

The minutes arrangements were then made for the school fair to be held at Nanticoke on September 17th.

All present enjoyed listening to Miss Mitchener as she gave them a very instructive talk on the new proposed school reforms in high schools, public schools and township boards. Roll call was answered with "Humorous Events in Our School Life." The Misses Jean Pratten and Ruth Banfield favored the meeting with musical selections. The meeting closed with the National Anthem, followed by a dainty luncheon.

The October meeting will be held at the home of Mrs. Arthur Vokes.

ABOUT 20 members of the Jarvis Booster Club met at the home of Mrs. Wm. Hodge, on Tuesday evening.

After a short business session, the Secretary, Mrs. Geo. L. Miller, read an address and the President, Mrs. J. E. Brown, presented Mrs. W. W. Hoebel with a silver cake basket on behalf of the members of the club. The president replied briefly, thanking the members for their friendly sentiments. The hostess then served lunch, the decorations and favors carrying out the club's colors, mauve and yellow.

Dear Mrs. Hoebel:— We have met tonight, primarily, for the furtherance of the interests of the Jarvis Booster Club, but what is foremost in our minds is the thought of your early severance from our membership roll.

Since the inception of our club we have looked upon you as one of our most active and indefatigable workers, ever ready to leave your own fire to take up the work of the club. We, who are not qualified to carry on, will miss your executive ability, but we do trust, that in your new home, which we are pleased to know, is not too far distant, that you will meet with as many warm friends as you are leaving behind, and that as the years go by, you will be comforted in thought, by the recollection of the many pleasant memories of your past associations, and that we may still have the pleasure, from time to time, of your company at our regular gatherings.

Signed on behalf of the Jarvis Booster Club,
Daisy B. Brown, President;
Alice A. Miller, Secretary.

HAROLD JOHNSON OF JARVIS WINS FIRST JUDGING HORSES

Sumner Camp Life Benefits

Haldimand County Boys' and Girls' Work Boards Third Annual Summer Camps at Featherstone's Point Greatly Enjoyed.

During July the Haldimand County Boys' and Girls' Work Boards held their third annual summer camps at Featherstone's Point, and we have felt that it would be of interest to the various communities in the county to know something of what these camps mean to those who were fortunate to attend them.

The idea of the camps is, of course, to assist in the training of our young people along lines that will enable them to take upon themselves the full duties and responsibilities of citizenship. This is an age of specialists, and specialists are leaders, but in order to become a leader in any line of endeavor one must be trained, and these summer camps is one of the ways in which the churches, services, clubs and other organizations seem to train the youth of the country to become the leaders of tomorrow. We are a Leaders Training Organization.

Every day of the camp life is carefully arranged and each camp is headed up by a group of young men (or women in the case of the girls' camp) who endeavor to teach a prepared plan of lessons dealing with the problems of youth, which aims to deepen and awaken the spiritual part of every boy's and girl's nature, as well as to interest them in such things as handy-craft, nature study and athletics. And if the parents could be present at some of our lesson groups or at the camp fires, they would be surprised at the serious manner in which some of their teenage folks are trying to grapple with and understand the meaning of life. At such camps as ours, many a young man and woman has learned for the first time that a "man's life does not consist of the multiplicity of his possessions" and that "life is not a goblet to be drained but a measure to be filled."

The camps this year were very fortunate in having such experienced directors as Mr. S. R. Byles, B.A., of London, Ont., and Miss Avin H. Marshall, B.A., of Stouffville, N.S., who gave of their best to make the camps a real success. Mr. Byles has also served as the Chairman of the Board (Dr. Hyde) made some valuable suggestions for next year's camp.

It will be quite obvious that work such as this cannot be done by one or two persons, and for my own department, I would personally like to express my thanks and appreciation for the assistance given me by Dr. R. G. Hyde of Hagersville, Mrs. Anderson of Dunnville, Miss Lorene Gibson of Caledonia, Rev. C. Park of Cayuga and Rev. E. Butcher of Hagersville. Also to the Bailey Lumber Company for loan of lumber, etc., and to Hunt and Brooks for their kindness in transporting foodstuffs and people to and from the camp. Both of these Hagersville firms very freely put their time and trucks at our disposal.

The financial statement for this year's work is as follows: Receipts, \$1072.46; Expenditures, \$396.51; leaving a balance of \$775.95.

The Board is seriously discussing the security of a permanent camp site. If this materializes, the parents and all those interested in this work, will be given an opportunity of showing their interest in a tangible manner.
