

THE JARVIS RECORD

Published every Thursday morning
at its office in The Record Building,
1 Main Street, Jarvis, Ontario.

THE RECORD PUBLISHING
HOUSE

EDITORIALS

TO BE OR NOT TO BE (By Farmers)

The guy who penned that baseball classic "They never come back," had a single track mind. Yet when the Record emerged from its dugout a fortnight ago it looked as if he was half right.

It Horace Greeley's historic business had recrossed the Styx and gone on a rampage in the composing room they could not have made a more complete job of it.

We faintly gasped, Watchman!

What of the morning?

But when issue No. 2 rolled off the press, we were convinced that they do come back.

Therefore an assignment dealing with "The effects of mass production" will have to be side tracked, while we offer congratulations to an outfit capable of producing such a creditable sheet from a jungle of colts and rust.

It is up to the community to prevent a relapse. The small town weekly is more than a commercial proposition; it is a community asset.

It is just as important in its field, as the City daily, for which we cheerfully exchange our hard earned sheets.

The latter might detail minutely, for our entertainment on a dull day, the growing pains of the Slender of Bambazoo, but it is the wholesome influence of the home town organ that prevents our parents from becoming grass grown.

If you want your town and community to go to seed, knock your local paper, call it a rag, it will be just what you make it. It is not a one man job. Give the Editor the glad hand, a sunny smile and a word of encouragement.

No individual in the community gives more freely of his time, energy and sympathetic consideration to the general weal, than the publisher of the small town weekly.

Give him a boost.
(30)
R. E. Miller.

PROGRESS & PROSPERITY

The first step in Progress cannot be attained in any persons life as long as they are self-satisfied. The life of a self-satisfied person, has no action or progress; it is a life that benefits only themselves; a life of stagnation.

It is a sad and deplorable thing to note in these modernistic days, how many people are satisfied to let other people do things for them. Think for them;—Yes even die for them; yet they will never show any real action to help a call of distress.

The word Action is a wonderful word;—it shows there is life behind it;—Action is what won the Great World War; Action behind the Laws of our Country, puts faith and confidence into the hearts of her Citizens.

This is the time of year when thrifty house wives are busy house cleaning, but the house cleaning that is needed more than any other, is the minds of the people. Did you ever take yourself to task and see yourself as other people see you;—Do you realize why you never get anywhere;—Why your front gate is on only one hinge;—Why your house looks dismal and dark outside and in;—Why, because you have put forth no action to change the conditions.

A great man, who is principal of a Western College, once said to me, "Never be satisfied, to be a Follower, but be a Leader."

If you will take note as you talk with different people, that they will say that this should be done and that should be done, also find fault with what already has been done, but you just try and shift a little responsibility on their shoulders;—Behold they have disappeared before you have finished talking to them.

It matters not where you go, a small village, town or city, you always find the faithful few carrying all the burden, giving forth the energy and action, that keeps things going, while the critics and the pessimists find fault with them, yet they will partake of any free service given by the faithful few.

The great secret of Progress and Success, is through Action, plus determination of the mind to do the

task set before you and do it willingly with a smile.

That old familiar saying, that we pass this way but once, ought to stimulate every one into action to leave some imprint on the records that make history, to show that you really did live in this world. Just think of the thousands and thousands who have come and gone, yet the world barely recognized or even knew that they ever lived.

Machinery that cost money to produce, if left standing idle for very long, soon becomes rusted and dirty; Clean it up and remove the rust; Put it into action and what is the result;—Production, Progress and Prosperity.

It is a great honor to pay tribute to the Great Men of the Nations, who have kept the machinery of their life bright and shining through Action and Service to their fellow men. Your efforts may look small to you, but they will always lead to bigger and better things.

So let us do a little house cleaning;—Put your brain into Action;—Thence Production;—Progress brings Prosperity.

Keep your eye on the Record office and see what happens in the next six months. We aim to practice what we preach.

Creamery Monoxides

Stoney says his ambition is to become a big butter and egg man.

Leots says she thinks his ambition is to get in to high opera, he sure practices enough.

According to our famous coach Mr. Ralph Johnson he will have the Hamilton Dairies ball team ready for action in a week or so, come on you opposition.

Where the chief and Stewie went last Friday night is a mystery. What ever happened, Stewie was not to work on Saturday.

Jim seems to think the four wheel brakes on his car were made especially to break peoples necks.

Fitz is thinking seriously of applying to the Government in an effort to get on the old age pension board.

The old gentleman has his car in the used car market, at the greatly reduced price of forty nine cents.

Newt and the butter-milk tank are the greatest pals on earth, it is doubtful if you could possibly separate them.

Faulkner and ad Libb are the acesmen for the Chiefs' and Jim's new invention.

Thorne was slightly optimistic about buying a chautauqua ticket, he was probably afraid Peacock would not have his new seats here in time.

When Stewie and Stoney get quarrelling it sounds like an old Ford motor with a rod shot.

Record Ramblings

Why is the Maroon sedan sitting down in Wingerville so often Ask Texas.

What has the Bank teller been doing down in the north end so much of late? Oh you Stenographer!

Why did all the men buy Chautauqua tickets last Saturday? Probably the new sales-woman had some effect.

Bride:—(cooly) And what do I get if I cook a meal like that every day? He:—(ruefully) My life insurance.

Those who listened in for the speech Amos made to the Mystic Nights of the sea, should get some good points on speech making.

Rudy Vallee has at last made a bid for male approval. He says he can't see why any woman should want him.

Comments are passing around and the public is wondering why ALL the merchants are not advertising in the Record. Do you want the Record to continue on or do you think it can exist with out support from the local merchants?

Subscriptions keep coming in, but not fast enough;—If you received notice about your past subscription, being over due, and you have no credit to show you are paid up;—Do not get sore;—Just bring them in and we will adjust it willingly.

Announcing Benefit Dance

IN NICOLLE HALL
PORT DOVER
ON THE EVENING OF

Tickets available from the Secretary and Executive of Hockey Clubs in Dunnville, Cayuga, Caledonia, Watford, Simcoe, Hagersville and Port Dover.

Even if you don't dance you can buy a ticket.

ZODIAC

And its Revelation of the Signs

A Study of Planetary Influences Upon the Physical, Mental and Moral Nature of Mankind.

ARIES

March 21st to April 19th.
Aries is called the "Prince of the Celestial Signs." It is the house of Mars. In the human body this constellation governs the head and face.

It is a fortunate and masculine sign.

The Diamond and Blood Stone are the natal gems of Aries subjects. The natal flower, the Violet.

This sign stands as the Capstone of the twelve signs of the Zodiac, and is also the head of the First Trinity; Mars, the ruling Planet gives to these subjects, extraordinary character. They are highly noted for their executive ability, aggressiveness, quickness in thought and action great push and energy, and for their enthusiasm, earnestness, originality, courage and determination, they stand without an equal. Aries people are absolutely fearless in opposition, and they go through life, over-riding all obstacles as they march to their goal; hence they rise to the emergency of every occasion. Aries people desire to be in the lead, and are the natural commanders and rulers, feeling it their privileged duty to command all those about them, no matter whether it be in the business world, politics, love or religion.

Many great renowned men were born under this influential sign:—J. P. Morgan, General Booth, and many others.

Aries people fight for their rights and have strong and pronounced convictions as to what is right or what belongs to them, and would much rather destroy an article than surrender it. In the courts they will fight as long as there is anything left for the lawyers to fight over.

They are of an independent nature and become very irritated at the least restriction. But they delight in great adventures.

They are excellent advisors and are capable of brushing away any obstacle in the way.

Aries people are very intense in their live affairs.

They crave sympathy and affection more than anything else in the world.

The marriage of these people is very unhappy owing to the lack of the opposite sex, to understand them. They should choose for their mate one born under Libra:— next in choice Gemini.

If any one desires to ask any further question regarding these signs, write the Editor and he will gladly answer them.

Next week:—Taurus, April 19th to May 20th.

We do not try the impossible thing, to please every one, but we do feel thankful that the majority of Jarvis and Community are showing their appreciation of our efforts, by renewing their subscriptions and giving us all the support possible.

The Pessimistic ones, who prophesied failure, are going to wonder what it is all about, six months from now. Oh well! We should weep because they have the blues;—The world they live in is so small that a real wide awake citizen would die of confusion and selfishness, and selfishness never did bring happiness and prosperity.

Well we are on our way to bigger and better times, so if you want to be on the winning side you had better join up with the Record.

The most attractive
home
in the neighbourhood

HAPPY is the woman who by chance has her home referred to as "the most attractive in the neighbourhood!"

Very often the difference between an ordinary home and one which excites instant admiration is merely a matter of paint. Your home... painted as you know it should be painted... will achieve new beauty and charm. You will take added pleasure in it; your children will be glad to call it "home."

B-H "English" Paint and other allied B-H products enjoy an unimpaired reputation for beauty of colour and uniformity of shade... for purity... for economy. Let us supply you with everything you need for painting this spring!

News of the Countryside From The Record's Correspondents

SILKIRK

Mr. and Mrs. A. D. Ward, of Galt, visited with Mrs. Kelly and Mrs. Cavanaugh, on Saturday.

A shower was given in honor of Miss Bertha Stengel, at her home, on Monday April 7th.

Eli Effinger, of Buffalo, visited at the home of Mr. and Mrs. Arch Lindsay, on Sunday.

Mr. and Mrs. Amos Sherk, of Buffalo, were visitors here last week.

Mr. and Mrs. Ezra Drember, of Dunnville, their daughter Stella and her husband, spent Sunday with Mrs. Drember.

Mr. and Mrs. John Lint, of Kohler, visited friends in town, on Sunday.

Mr. and Mrs. Morris Wilcox, of Silver Creek, N. Y. and Mr. Frank Mathews, of Ridgeway, called on friends in town last week.

Mr. Elliott Hare, of Hamilton, visited his parents, Mr. and Mrs. Henry Hare, on Sunday.

Mr. Culp, of the Bank of Commerce, was the host of the Hassenpfeffer Club Friday evening. After five tables had progressed through eleven games, a most enjoyable lunch was

served. Mrs. Grover C. Foss won the ladies prize for highest points and Mr. J. Botwright won the mens' prize. Mrs. Hartwick and Mrs. Walker, of Grimby, assisted Mr. Culp. Mr. and Mrs. Grover C. Foss will entertain the Club during the holiday week.

A large crowd attended the play given by the Port Dover Dramatic Club under the auspices of the Evangelical S. S.

Miss Inez McFarlane resigned her position at D. W. Hilborn's.

Selkirk will soon be making itself seen for miles around at night, as the Hydro lights will soon be operating.

Mr. Howard Hilborn returned to school in Cleveland, after a weeks holidays at his home.

NO. 3 HIGHWAY WEST

The farmers in this vicinity have started seeding.

Edward Cripps of Simcoe, spent Sunday with Philip Colwell.

Miss Isabel Reid is visiting her

Aunt and Uncle, Mr. and Mrs. Adam Reid in Hamilton.

Harbert Brook was home for the week end and was accompanied back to Buffalo by Tom Kilbenny.

Mrs. Krouse, Wilfred, and Lorne, returned to Glaston last week to see Mrs. Thompson, (nee Evelyn Krouse) who has a young daughter.

Mrs. James Dunn, visited one day last week with her sister Mrs. Rupert Brook.

Reg. O. Donnell and Mr. and Mrs. Cowan of Toronto, attended the funeral of John Higgins.

Station Announcements:—

Neighbor: "You look tired and sleepy, Janie."

Little Janie: "It's that new baby at our house;— he broadcasts almost all night long."

High Pressure Worker:—

Shet: "Don't you know that there are germs in kissing?"

He: "Say girlie, when I kiss, I kiss hard enough to kill all the germs."

In Boston you are not allowed to read a book under a tree if it is shady?

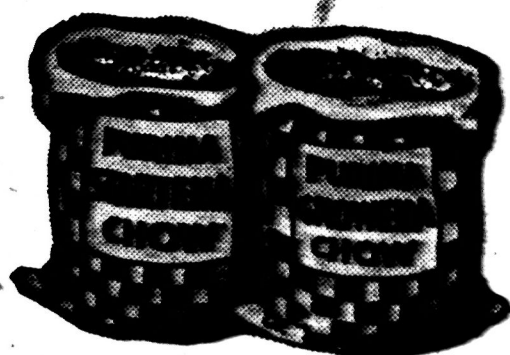

WHAT A DIFFERENCE
90 DAYS MAKE!

TODAY A TODDLING CHICK... in 90 days a proud pullet about to lay. There's something to think about! Tiny bones and little muscles have grown several times in size... a delicate fuzz has sprouted into hundreds of feathers... a chick weighing grams has grown into a pullet weighing pounds... all in 90 short days!

A wonderful change... and only one thing can do it... good feed! This year consider Purina Startena Chow (mash) and Purina Chick Chow (scratch) or All-Mash Startena Chow for the first six weeks... and then Purina Growers and Purina Intermediate Hen Chow until your pullets are laying at 16 weeks.

Put these Chows before your chicks. You will see pullets that are built right... pullets that will lay eggs plenty in fall and winter when eggs are always worth good money.
