THE COMING HALDIMAND COUNTY WEEKLY — WATCH US GROW!

52nd Year No. 22

JARVIS, ONT., THURSDAY, August 28 1930.

\$2.00 per Year. \$2.50 to United States. Single Copies, 5c Each

## SANBUSH W. I.

The August meeting of the Sandbush W. I. met at the home of Mrs. H. Brady. The president in the chair. The meeting was opened in the usual manner. The roll call was answered by all and proved very interesting. On "My Favorite Hymn and why." The minutes of the last meeting were read and adopted. The President asked the first six named, standing committees to have a three minute report ready for the next meeting.

A discussion on contests took place and it was decided to work in groups of six, for the purpose of raising Branch Funds, until the end of the year.

Mrs. A. Lofthouse gave a splendid report on the Annual Meeting. Mrs. J. R. Pond discussed a group meeting for the district and asking a speaker, particulars to be made known later. Mrs. H. Elliott gave a very humorous reading "At Home with Dad." Mrs. Calvin Hare, reading "Home." Mrs. J. R. Pond, "Pioneer Days." Mrs. W. Werner "Honoured."

This meeting being Grandmother's Day, our Grandmothers gave us a wonderful program which was very much appreciated by all present. A demonstration of keep-sakes brought the program to a close. The lunch committee served lunch and a vote of thanks was tendered to them also Mrs. Brady for her hospitality.

The Editor spent the week-end at the home of his parents, Mr. and Mrs. J. T. Handley, at Orton Ont. He is very pleased to announce that his mother who has been very ill, is able to be up and around again.

## HALDIMAND GIRLS CONFERENCE

150 girls from Haldimand County took part in the first girls' Conference to be held in the County on Thursday, August 14th, at Woodlawn Park. A very well arranged program which included a swim and a treasure hunt was run off on schedule and altogether the day was made as interesting as possible so that those taking part would feel that they were getting something out of the venture as well as enjoying themselves.

Mrs. D. C. Parkinson, District Secretary of the Women's Institute, presided at the morning session and called upon Mrs. J. Peart, Cayuga, to deliver the address of welcome. Miss Lulu Row, who was directly in charge of the arrangements, spoke at some length on junior girls' work and this was followed by a very interesting demonstration in handicrafts by Miss Le Grand of Toronto. A solo by Miss Jean Camelford, of Dunnville, was very much appreciated, by the Conference. After a dip in Lake Erie and a bountiful picnic lunch, the girls took part in a treasure hunt along the shore.

Mrs. J. C. Payne, District President of the Women's Institute, presided for the afternoon session which was given over particularly to Miss Eadie of the Institutes Branch. Miss Eadie spoke of the wonderful work being done by Juniors in other counties and stressed the value of organization in this County. Miss Kiefer of Caledonia also told of her experiences at the two weeks' Short Course at MacDonald Institute, and Mr. Skinner spoke as Representative of the Department of Agriculture. Mrs. H. K. Marshall led in community singing.

One feature of the Conference was that it was unanimously decided to organize a County Junior Institute for Haldimand and as a means to this end a nominating committee was appointed as follows:

Miss Elsie Schwyer (Convenor), Misses Kathleen Moore, Elena Gee, Kathleen Miller, Helen Payne, Nellie Campbell, Vera Bowins, Evelyn Harvey, Jennie Nagel, Mrs. Louis Keffer, Mrs. William Parker, and Mrs. Elsie Kohler.

This committee is meeting at an early date to draw up a list of officers and to arrange a date for an organization meeting.

## Canadian Industries

Visitors to the Canadian National Exhibition, at Toronto, will see an elaborate display of Canadian Industries Limited products in the Industrial Building.

Ancient Greece has furnished the building to house this display. It will be in the form of a Grecian Temple, 57 feet in length, 10 feet deep and 15 feet high. The entire display is decorated in polychrome effect which will give a stone appearance. The series of columns in the front will have bronze links swung from pillar to pillar. Behind these pillars will be long counters, tile covered, to hold the assorted displays of products from all Divisions.

The background of the display is draped in green velvet, and seven posters in black enamel, with the lettering cut in relief, will hang from the rear wall. Each poster will be illuminated with high power nitrogen lamps and reflectors.

The public may circulate behind the counters, and the floor of the interior of the display is in battleship linoleum, marble finish in a tile design.

Between the centre pillars of the exhibit will be the giant figure of a scientist, 8 ft. high on a 2 foot pedestal, making the total height ten feet. A well known sculptor is now working on this model.

Salesmen will be in constant attendance at the display to answer inquiries in regard to the various products.

The Canadian National Exhibition is one of the outstanding annual exhibitions in the world. With an average attendance of considerably over a million persons each year the display should impress a large number with the great variety and quality of C. I. L. products.

## BOILER EXPLODES INJURES MAN

On Thursday, August 21st, about 11 a. m., the Steam Boiler of a thrashing outfit, owned by Sturgess Carpenter, of Hagersville, exploded while thrashing grain on the farm of Mr. Lee, near Springvale.

Joe Brant who was operating the engine at the time, is now in the Hospital with an injured leg. He was the only one to receive any injury. It was a miraculous thing that others were not hurt as several men were standing close by at the time. Numerous large parts of metal were hurled in every direction. The cylinder, of the engine, which weighs about three or four hundred pounds was thrown over one hundred feet away. The front end of the boiler was thrown against the barn while the boiler itself was riven down the center, each half falling to right and left. The rear part tipped up on end with the flues projecting upwards. Some of the parts were thrown as far as thirty five rods.

A surprising thing is that no one was scalded and the only explanation to that can be, that there was very little, if any, water in the boiler when it exploded. This also brings up the question, when this boiler was inspected last and was the operator a licensed engineer. The endangering of human lives, through careless neglect, should be looked after and precautions taken against other steam boilers exploding.

## TRANSCONTINENTAL HIGHWAY

Before Canada can boast a transcontinental highway, about 600 miles of road must be constructed.

The required road-building is all west of Sault Ste. Marie, and the possible routes all lie through difficult territory. Nevertheless, in view of the sympathetic attitudes displayed by the new Government at Ottawa, and the constantly increasing public interest in the trans-Canada highway project, it seems likely that construction of a road across the intervening gap may be started. Officials of the Canadian Automobile Association, basing their estimates on engineering data, say that the highways that will bridge the gaps between the Soo and the Manitoba boundary will cost \$6000 a mile in some places and 20,000 a mile in others. In other words, for perhaps \$10,000,000 the trans-Canada Highway can be made a reality. The more scenic the highway, in this case the higher the cost. A lake-shore route around Lake Superior would be costly, because it is the rock-bladed type of road which comes at the \$20,000 a mile figure. Those motorists, however, who see highways as something more than means of getting from one place to another, believe that the shore route would pay dividends in beauty and tourist attraction. Already it is possible to drive from Winnipeg to the Pacific Coast, but nobody has yet driven a car across Northern Ontario. When this is accomplished, which will probably not be until the road-builders get through, it will be possible to ramble from coast to coast in Canada without geographical obstacles.

If you desire a bright clean room at reasonable rates while you are attending the Exhibition, Call or write Mrs. S. E. Forbes, 18 Melbourne Ave. Two blocks from Grounds.

## LOCAL & GENERAL

Miss Dorothy Hodges spent a very enjoyable holiday at the Exhibition on Tuesday.

Miss Beatrice Field, of Toronto, is spending a week's holiday with her cousin, Miss Nellie Saunders.

H. A. Lamb, of Townsend Township, has just threshed 840 bushels, of Mammoth Cluster Oats, from ten acres. This field won 2nd place in the Field Competition conducted by the Jarvis Agricultural Society this year.

Knox Presbyterian Church, Jarvis. The Rev. G. L. Evans, the pastor, will occupy the pulpit of the above church next Sunday, August 31st.

Miss Florence O'Donnell was the guest of her aunt and uncle, Mrs. Josephine Duxbury and Abram Trousdale for a couple of days last week.

Mr. and Mrs. W. Girling and family, of Toronto, Mr. and Mrs. E. Heath and family, of Elmira, spent Monday at the home of Mr. R. Parkinson, Varencey.

Mr. and Mrs. A. Handley and daughter Naomi, of Portland Oregon also Arnold J. J. Handley, of Longbranch, and Ted Milne, of Toronto, motored last Sunday to the home of J. T. Handley, near Orton Ontario.

Mr. and Mrs. D. Steel last Wednesday at Turkey Point with the Vakey family of Bridgeburg.

Miss M. Ionsen leaves today to resume her duties as principal of the Wardsville High School.

Mr. Chas. Davidson and sister, Muriel, and Mr. John Dellar and daughter, Sarah, spent the week-end with Mr. and Mrs. Hodgson, Detroit. On their return they were accompanied by Mrs. Jas. Davidson, Alma, and John Bailey, who had been visiting in Detroit.

Mr. and Mrs. Chas. Powell were the guests of Mr. and Mrs. Jarrett, Burgessville, over the week-end and brought Miss Margaret home with them.

Mrs. Chas. Bingleman and son Anderson and daughter Leila spent the past week with Mr. Bingleman at Bridgeburg.

Mr. and Mrs. Chambers of Buffalo have moved to town and are now living in the Ernie Williamson house at the north end of the village.

On Wednesday last, the Fire brigade received a call to a truck fire on No 3 highway. The truck was loaded with furniture belonging to Mr. and Mrs. Chambers who were moving from Buffalo to Jarvis.

Miss Marie Janett, Burgessville is the guest of Miss Marjorie Powell this week.

Mr. and Mrs. E. T. Carter spent Monday in Toronto.

Mrs. Elaine, Toronto, and Miss Stella Mattice, Hamilton, were visiting relatives and friends in town during the week-end.

Mr. and Mrs. Roy Steele, Buffalo, spent Sunday with Mr. and Mrs. D. Steele, and during the day took them to Norwich to visit Mrs. Steele's brother, Robert Harris.

Rev. E. R. Hill, Galt, who has been supplying the pulpit in Wesley United Church for the past three Sundays has returned to his own pastorate.

Mr. J. S. Burwash is making a vast improvement in his house by having the verandah remodelled.

Mr. and Mrs. William Simpson and daughter Alice are away during Mr. Simpson's holidays, and Mr. Gardner of Simcoe is taking the duties of day operator here.

Mrs. Ben Johnson and daughters are spending a few days with her mother, Mrs. Rev. H. T. Roberts at their summer cottage at Woodlawn Park.

Listen for the Wedding Bells next week.

Mrs. William Williamson is the guest of her daughter, Mrs. Bruce Horne in Detroit this week.

Congratulations are due Mr. and Mrs. Bruce Horne, Detroit. It is a boy.

Mr. Wm. Stuebing and daughters, Jeanette and Margaret have returned from a very pleasant and interesting trip down the St. Lawrence River and around through New York State.

Rev. P. E. Deeth and family have returned home from their holidays. Rev. Deeth will have charge of the reopening service in Wesley United Church on Sunday next. Rev. G. K. Bradshaw of Simcoe will be the special speaker for the morning service and Rev. Trimble of Hamilton will be the special speaker in the evening. The choir will provide special music for the occasion. All are invited to attend.

A meeting of the stock holders of the Metrafle Fox Farm is being held in Waterford on Friday evening and will no doubt be attended by a large number from Jarvis.

The Jarvis Booster Club held the opening dance of the season last Friday night and were well pleased with the event.

Mr. Wm. Stuebing and two daughters, Jennette and Margaret, were the guests of Rev. and Mrs. Arthur B. Dewberry, at Bridgeport during their trip.

Miss Mary Langton of Waterdown was the guest of Misses Jennette and Margaret Stuebing last week-end.

Mrs. Ed. Eaid is spending the week in Hamilton with her daughter, Mary who recently underwent an operation in St. Joseph's Hospital.

In the absence of Rev. Evans Mr. Simmons has been occupying the pulpit in Knox Presbyterian Church. Mr. D. C. Allen has been confined to his bed for the past week under a nurse's care owing to a carbuncle on the chord of his leg.

Miss Mildred Henning of Detroit was the guest of her parents over the week-end.

Mr. and Mrs. Masson and family were visiting relatives and friends here last week-end.

Mr. and Mrs. Alvin Mitchell spent Sunday with relatives in Port Dover. Mr. and Mrs. John Brown and family of Mount Forest are the guests of Mr. and Mrs. J. M. Schreiber.

Ten dollars for five hoes and nine dollars for veal calves were the prices paid at the local yards this week.

Mr. Yule of Michigan was the guest of his uncle Mr. John Thompson, last week.

Mr. and Mrs. Chas. Eaid and family of Sault Ste. Marie, are spending a few holidays visiting relatives and friends in Jarvis and vicinity.

Mr. and Mrs. Andrew Smith of Brantford was in town last Thursday attending the funeral of the late Mr. Allen.

Reeve Harry Wisner and Mr. Chas. Ivey of Port Dover attended the funeral of the late Mr. Allen.

Mrs. Fred Goodlett and family of Delhi were the guests of her father, Mr. D. M. Allen, for a few days this week.

Mr. and Mrs. Dan Steele celebrated their 57th Wedding Anniversary on Monday last, August 25th.

Mrs. Fred Newman entertained the Ladies' Bridge Club on Tuesday evening in honor of Miss Margaret Stuebing, who is leaving next week to take charge of the Mount Elgin Continuation School. Prizes were won by Mrs. J. M. Schreiber and Miss Jennette Stuebing.

## Heart Disease Is Growing Menace

Despite declining death rates, due largely to decreased infant mortality, men over 45 and 50 years of age are dying from heart failure more rapidly than ever before, vital statistics recently released at Ottawa show this.

Diseases of the heart are said to be killing off men past middle age in appalling numbers, it is declared. The greatest difficulty is experienced in combating this ailment, as it has to do with a very vital organ of the human system.

However life may be lengthened by proper care and treatment.

Over-worked hearts and business worries are at the bottom of the causes of such conditions, doctors declare. The speed under which the modern business man is forced to work, and the violence of modern means of recreation, place an extraordinary burden on the heart and excessive weakness results.

Annual physical examination by competent physicians is the best way of combating the evil, it is advised.

## FOOD PRICES SHOW DECLINE

Retail food prices in the United States on June 15th were one and a half percent lower than on the same day during the previous month and four and a half percent below prices on the same day a year ago, the Bureau of Statistics announced. It is expected that Canadian food prices will show a similar decline when the Department has completed a survey now under way.

From May 15th until June 15th this year in the United States, 231 articles out of 42 showed decreases in prices. Only 5 showed increases, while the remaining 16 were unchanged.

## LONGEST AUTO TRIP

Triumphing over fever, bandits, adverse weather conditions, and having blazed their own roads over thousands of miles of mountain and jungle country, two courageous Argentines, Adam and Stossel arrived recently in New York in their Chevrolet. They were first to pilot an automobile from Buenos Ayres to the United States. It took them two years and they used 6,000 gallons of gasoline on their 19,000 mile jaunt. The 80 mile stretch between Carthagena, Colombia, and Colon, Panama, was the only part of the trip they did not cover by automobile.

## AMERICANS INTERESTED

Americans are becoming more intensely interested than ever in the World's Grain Exhibition and Conference to be held at Regina, Canada, in 1932. The wheat and corn chases seem to be particularly attractive among the growers of many of the States. The concluding statement of an editorial article in the Ohio "Farmer" is typical of the interest shown. "We shall have an opportunity," says the "Farmer", "to meet them on their own ground and prove to them that good grain can be grown in these United States." \$300 a first prize in one of the five classes of the corn section of the prize list, is proving to be of world-wide interest and an unusually attractive award for ten ears of corn.

## REGAL THEATRE, Hagersville

Friday and Saturday  
AUGUST 29 — 30

WARNER BAXTER

in  
'In Old Arizona'

This is an exceptionally entertaining picture based on the O. Henry story "A Caballero's Way."

Tuesday and Wednesday  
SEPTEMBER 1 — 2

CHARLES BICKFORD  
RAYMOND HATTON  
FRED KOHLER

in  
'Hell's Heroes'

Romance, adventure, pathos and humor make this picture most unusual and distinctive. It is a great story by Peter B. Kyne and laid in the West, where three tough characters discover an abandoned baby in the Arizona desert. The influence that baby has on the lives of the three drifters will give you an unusual thrill.

Friday and Saturday  
SEPTEMBER 3 — 4

NANCY CARROL

The Dance of Life

A thrilling Broadway revue in full colored colors. A thrilling snow-lake love drama.
