We Will Point Out The Trouble

MOST eye-trouble is the direct result of eye-neglect. When the first signs of eye-strain appear a competent Ophthalmologist should be consulted. We will thoroughly examine the delicate mechanism of your eyes and prescribe the glasses that will give you comfort and ease. Our moderate charge is regulated by the amount of work on the lenses and the value of the mountings you choose. Lawrence Smith, R.O.

WIFE, GAS, SCARE MAN IN DEAD OF NIGHT

"Overcome by stomach gas in the dead of night, I scared my husband badly. He got Adlerika and it ended the gas."—Mrs. M. Owen.

Adlerika relieves stomach gas in ten minutes! Acts on BOTH upper and lower bowel, removing old poisonous waste you never knew was there. Don't fool with medicine which cleans only PART of bowels, but let Adlerika give stomach and bowels a REAL cleaning and get rid of all gas! J. M. Schreiber, Jarvis

School Concert

The Friday evening had a very interesting play entitled "Aaron Slick and His Family Circle" was very well presented by members of the Jarvis Consolidation School. The plot in the play was well explained and carried through the way Arthur Haklanson, an Aaron Slick, grumped Wilbur Morrison (Frank O'Donnell) the crooked speculator proved that he was not "as green as he looked" Marjorie Lundholm, as Mrs. Busy Barry was very good, as the Oshkoshan widow, and Aaron was certainly busy that she had dough in her hands and not a rolling pin. Even Margaret O'Mahony as the girl in red did not get ahead of the green farmer when he was in the city. Miss Evelyn Wride, as Gladys Mae Morrison, niece of the speculator found the country was not so nice with loose cows and gobblies etc. chasing around. Little Sis Riggs played her part well as a tomboy and no one would recognize her as Mabel Evans, and to help with the fun and give the crook his deserts came Dilwyn Evans, as Clarence Green, a mysterious young man.

Before the play Pyramids were built by the boys, and a solo by Mr. Adnett and a piano solo by Miss Marguerite Peacock were much enjoyed.

Rev. Mr. Evans acted as chairman and presented the medals won by the pupils on field day.

W. J. Hodges and H. A. Miller attended a pigeon shoot in Tilsonburg yesterday.

Gains Seventeen Pounds

Anyone seeing Mary would find it hard to believe that this smiling young woman was a consumptive. Indeed, for Mary this word "was" is the best part of the whole story, for she fully believes that she is just about "cured" and ready to go back to work. "Why, in just three months they put nearly seventeen pounds weight on me," says she, with a smile. "I wish I could work as hard as I did when I came in that I had to be carried on a stretcher."

Mary has been in the Toronto Hospital for Consumptives for several months, but such is the skill of the great and careful nursing that she again meets the world with a smile. "I can't count the days to the time when I will be able to work once more and help in her mother's support."

A great work this, that cures for many hundreds of the consumptive poor who otherwise would have to accept the hardships and uncertainty of being tended at home. Will you please help such as Mary to get well? Your subscription will be gratefully acknowledged if sent to Mr. A. B. Ames, 223 College Street, Toronto.

CREAMERY MONOXIDE

Leota gave Stoney a severe calling down the other day for getting the milk book so dirty, but Stoney said that as soon as it rained he would get his hands washed again.

Newt was particularly absent-minded while he was in Toronto the other day, he even asked the attendant at the door of a popular hotel how much it was for a ride on the swivel door.

Faulkner says the lights in his office are so bright that it has become necessary for him to wear colored glasses.

It's a good thing a fire didn't break out in Peacock's hall the night of the J.C.S. play while Muegel was in her trance, because she sure would have burned to death.

A certain guy from Caledonia is apt to be fired if he don't get to work on time Monday mornings.
