## ERIE

The sale of fine class cattle and other things held at the home of Mr. Murray Biggar on Thursday last, gives much credit to Mr. Biggar's method of farming. Every article offered at the sale was in A-1 condition and prices were very fair. We regret very much that Mr. Biggar's health was such that he had to discontinue farming, and this community join in sincerely hoping Mr. Biggar's health will soon be much improved.

Several from here attended the lecture at Hagersville on "Weeds" given by Mr. Gordon A. Skinner, Agricultural Representative. The talk on Weed Chemicals by Mr. Skinner's friend was also enjoyed. The destruction of weeds is getting to be a real problem all over the country. Hundreds of cars passed over No. 3 Highway on the American Independence Day, July 4. Mr. Stewart of Neilsen Corners kept his garage open all night July 3rd.

We are very much pleased to report that Mr. Amos Porter is around

## EMPIRE TRADE is Canada's Road to Prosperity

World-wide conditions have created an economic situation that presents problems demanding the highest qualities of statesmanship for their solution. Since the war period, new tariff barriers have been created by many countries, restricting the outlets for Canadian products and necessitating new trade arrangements.

Early recognition of this trend provided the inspiration for the King-Dunning Budget, which has indicated the path along which Canada must proceed to ensure a continuation of her commercial prosperity. The prompt

development of trade within the Empire is the logical solution of the enormous problem involved; and the enthusiastic manner in which the King-Dunning Budget has been received throughout the Empire ensures Canada a most favourable position at the Imperial Conference for the interchange of products.

Providing a market for Canada's farm products, ensuring the building up of a home-market for her manufactured products, the policy of the King administration offers the greatest assurance of Canada's future prosperity.

## LOWER COST OF LIVING

Budgets during the past nine years of Liberal Administration have lowered tariffs on many commodities and implements of production; these reductions have automatically lowered living costs to the Canadian public. The King-Dunning Budget, which the

electorate is asked to approve on July 28th, is an extension of this policy; dairy equipment and machinery in general placed on the free list; tea, porcelain and china, free under the British preference.

## TAX REDUCTIONS

Sales Tax—Reduced from 6% to 1%.  
Postal Rates—Reduced from 3 cents to 2 cents; penny postage re-established.  
Cheque Tax—Reduced from 2 cents on every \$50.00 to 2 cents over \$10.00.  
Receipt Tax—Abolished.  
Transportation Tax—Abolished.  
Insurance Tax—Abolished.  
Telephone Tax—Abolished.  
Reduction in five years estimated to amount to \$116,000,000.

## TARIFF REDUCTIONS

1922—Sugar, agricultural implements, textiles, boots and shoes.  
1923—British preferential tariff reduced by 10 per cent. where goods imported by Canadian port.  
1924—Instruments of production used in agriculture, mining, forestry and fisheries.  
1925—Well-drilling machinery and fishermen's engines.  
1926—Sugar, automobiles, tin-plate etc.  
1928—Instruments of production in mining and fishing industries; fertilizers on free list.  
1930—Tea, porcelain, china, vegetables, fruits, free under British preference.  
Reduction in duties means reduction in prices.

For Greater Empire Trade  
Work and Lower Cost of Living for All  
Approve the King-Dunning Budget

## ZODIAC

June 21st to July 22nd.

If you are interested in the signs of the Zodiac, you may find it worth your while to keep each week's issue on file.

Nature has gifted people born under the sign of Cancer, with more than the usual amount of power to organize and execute the great problems of the world.

Among the names of Cancer people are enrolled not only the richest, but as well some of the greatest in all history—Names that are known to the four corners of the earth, coming mostly from the farms or district schools; such as John Wanamaker, John D. Rockefeller, Dr. Wakefield, Robert Boll and Kelvin, Rubens, the painter, George Eastman, inventor of the kodak, Helen Keller, whose name shall always live in the hearts of the English people.

Power over others is a strongly marked characteristic of these people. They are endowed with a power to rise to great heights of leadership. They also become great churchmen, prominent in their leadership. Among such men we find—John Huss, John Wesley, Isaac Watts and many other prominent men.

These people are very set in their ways and seldom if ever change their views. They are men of strong anchorage and have often saved many fatalities to others by their staunch friendship. They are always anxious to better the conditions of mankind. They are endowed with great magnetism and personality as well as being very tactful.

(Continued next week.)

## OVER PRODUCTION

This year will see acute over-production in practically every agricultural commodity grown in Canada, Government officials believe.

Over Production of agricultural commodities has already taken place in the United States, it is asserted, as witness the advice of the United States Federal Farm Board to the American farmer to adapt plating plans to market requirements.

The Farm Board has recently issued repeated warnings to farmers that unless some attention is paid to the danger of overproduction, prices on many staple agricultural products will tumble.

## CREAMERY MONOXIDE

Owing to the Crates absence on Saturday afternoon a number of the boys had to postpone their vacations

Stoney made the remark the other day that he was neither Proud nor Bow Legged, now I ask, can we give him credit for those remarks.

If Fitz would stay on the job, instead of attending ball games, he would know how much buttermilk Caledonia gets.

Owing to Chas. resignation, the Chief is on Cheese duty, and believe me, he is sure making the milk curdle.

Head office thinks we have a snap. So they set the work upon our laps. Reports and files are all we see. And if you don't believe it, just ask Lea.

Since the Boss has gone into book keeping so extensively, he is taking over Andy's method of adding by millions to save time.

Faulkner dilled Jim's hoe so badly cutting weeds in the front lawn that Jim is thinking of suing the Company for damages. I think the Company should come on Faulkner.

Owing to the light load going to the city on Sunday Newt was obliged to drive Fletcher's Puddle Jumper

I wonder who was with Newt on Saturday night.

## 2 MEALS DAY, PLENTY

WATER, HELPS STOMACH

"Since I drink plenty water, eat 2 good meals a day and take Adlerika now and then, I've had no trouble with my stomach."—C. DeForest.

Unlike other medicine, Adlerika acts on BOTH upper and lower bowel, removing poisonous waste which caused gas and other stomach trouble. Just ONE spoonful relieves gas, sour stomach and sick headache. Let Adlerika give your stomach and bowels a REAL cleaning and see how good you feel! Buy it at your local Druggist, J. M. Schreiber Pharmacy.

Planing and Tinsmithing

If weed seeds remained where they grew there would be no demand or use for a weed act. It's to prevent spread and destroy the menace to clean farms that regulations have been enacted.

Chicago gangsters overstepped the mark when they shot a star reporter on one of the local papers. The press has declared war on the criminals and a new day may dawn for law and order as a result.

## The choice of Tens of Thousands

Below—A "close-up" of RIB-ROLL, showing LED-HED nail and wide side lap. When nailed this joint is available from over a short distance away.

Appearance alone has sold RIB-ROLL roofing to thousands of farmers... but it is economy, fire protection and permanence that keeps it sold. Wherever you go in Ontario these handsome roofs are familiar landmarks... protecting millions of dollars worth of crops, stock and property. RIB-ROLL's success has caused it to be widely imitated—but RIB-ROLL alone has the rigidity, ease of erection, durability, low cost and absolute fire protection which make it the foremost roofing value in Canada today.

An Unbeatable Combination  
RIB-ROLL Roofing and Preston LED-HED nails make a roofing combination impossible to beat. The cost of laying RIB-ROLL is lower than nearly all other types of roofing. When you use LED-HED nails you get a rigid, handsome, tight-jointed roof that defies fire and weather. The nails are specially designed with lead heads which completely seal the nail hole. There are no awkward washers... no threading or purchasing. Write for samples of RIB-ROLL and Preston LED-HED nails.

Preston Metal Ceilings  
The enduring quality and beauty of Preston metal ceilings have made them one of the most popular types of ceilings for stores, homes and offices. Preston METAL CEILINGS are permanent. They retain their good looks indefinitely.

Economy Metal Lath  
As left is shown close-up of the famous Economy Herringbone Lath—this metal lath is a metal lath that can be applied erected and plastered as cheaply as wood lath. It gives 100% protection against rot, cracking, falling plaster, and provides a fire protection.

Preston Galvanized Tanks  
are guaranteed. Size 3 ft. in diameter and 2 ft. deep. Cash price \$7.75. Oblong tanks 6' x 2' x 2'. Cash price \$15.87. Built of 20 gauge galvanized iron.

Eastern Steel Products Limited  
3222 Guelph Street, Preston, Ontario.
