ZODIAC

(continued from last week)
 May 20th to June 21st

Is your Birthday within these dates if so you may find it interesting to file this Horoscope away each week. People born under this sign are very restless and the result is unhappiness. They should learn to assume the burdens and cares of life more easily. It seems the only cure for the restless unsettled minds of Gemini people is for some great crisis to come suddenly upon them, for at such times duty or responsibility seems to settle their restless nature and bring them to their senses, which often transforms them into an entirely different person. They are great extremists in whichever way their minds may wander. Their dual nature is the cause of this.

ADVICE TO YOUNG MEN.

Do not linger in a hammock underneath the moonlight's glow. It may lead you to the altar and a flat before you know it.

Twenty Years Ago

From The Record's Files for the Year 1911

Wednesday, June 14th, 1911.

Misses Ethel Aiken and Miss Whitehead of Hamilton, are spending a few days, as the guests of Mrs. David Hill.

Wm. Mackell had charge of the services on the Rockford circuit on Sunday in the absence of Rev. J. W. Kitching.

Miss L. Parsons, after a three week's visit here with her sister, Mrs. Philip Newman, left last week for her home in Halze, South Dakota.

Ivan W. Holmes purchased a new Ford Automobile last Saturday and has been taking a lot of pleasure out of it since. Who will be the next in Jarvis to purchase one?

Ernie Swing, of Atwood, son of Mr. and Mrs. Walter Swing, has been very ill for the past two weeks but we are pleased to learn he is slowly improving.

Our thanks are due to Simon Snyder for some luscious Strawberries, which he presented to us Monday. They were certainly of the best variety and were much relished.

We are pleased to notice the name of J. R. Boyd of Jarvis, among the successful students that passed their recent examinations in the Faculty of Education at Toronto.

Dr. Holmes, who has lived for the past 11 years, first as assistant and then as Medical Superintendent of the Six Nations Reserve, has resigned, the same to take effect on August 1st. The post is worth \$2,800 per annum with \$300 allowance for drugs, or \$3,100 in all. Out of this the Doctor has to supply an assistant and keep his own horses. It is understood that Dr. Holmes intends to go west and practice in Edmonton.

He has been efficient and popular on the Reserve and without doubt will make good in his new home.

Married.—At the residence of the bride's parents, on Wednesday, June 7th, 1911, by Rev. D. M. Buchanan, B. A., Gordon Nile Roth of Walpole, to Miss Mary Agnes Rutherford, of Rainham.

LOVES LIMIT
 I'd swear for her, I'd tear for her,
 The dear knows what I'd bear for her,
 I'd lie for her, I'd sigh for her,
 I'd drink Big Muddy dry for her,
 I'd "cuss" for her, do "wuss" for her,
 I'd kick up a thundering fuss for her,
 I'd weep for her, I'd leap for her,
 I'd go without my sleep for her,
 I'd fight for her, I'd bite for her,
 I'd walk the streets all night for her,
 I'd plead for her, I'd bleed for her,
 I'd go without my "feed" for her,
 I'd shoot for her, I'd boot for her,
 A rival who'd come to "suit" for her,
 I'd kneel for her, I'd steal for her—
 Such is the love I feel for her,
 I'd slide for her, I'd glide for her,
 I'd swim against the tide for her,
 I'd try for her, I'd cry for her,
 But—hang me if I'd die for her!
 N. B.—Or for any other woman.

A BARRIER TO FIRE, STORM AND WEATHER

Crops, property and livestock destroyed by fire and lightning last year amounted to more than \$2,000,000 in Ontario. That's one of the reasons so many farmers are now using RIB-ROLL—the original non-spike roofing.

See, eliminate up-leak, increase property values and save a lifetime. Protected against Lightning when properly grounded and equipped with Fireproof Ventilation—as required by the Lightning Rod Act. Each sheet has cover ribs—a nail every five inches. It is wonderfully easy and inexpensive to lay. Made of the famous "Connell Sheet" quality. Under the most severe weather conditions RIB-ROLL keeps every building on the farm safe and secure.

Use Rib-Roll Roofing and Preston Lead-Hed Nails

RIB-ROLL and PRESTON LEAD-HED nails form an unbreakable roofing combination. The nails are substantially designed to use with metal roofing. No gunning or driving required. Remarkably easy and speedy to use. The lead on the lead completely seals the nail hole—making it waterproof, windproof and weatherproof. Write for free samples of RIB-ROLL and PRESTON LEAD-HED NAILS.

Preston Steel Truss Barns

No more made outside the country and fire-trapped. Made with rugged Steel Trusses. Burned, blown, water-proof, rust-proof, and never rot. Cost less than 1,000 in Ontario—over one foot through lightning. We use your standard and make blood allowance for them.

Preston Barn Ventilators

Absolute danger of spontaneous combustion. Use Preston ventilators for roof. They will allow windows and wide doors. They draw out the steam, smoke and excess vapor ventilators.
