**Twenty Years Ago**  
From The Record's Files for the Year 1911

Wednesday, June 21st, 1911

Mrs. Hodgkins leaves tonight (Wednesday) for a month's holidays with her sister, C. R. Cryderman at Bowmanville.

Mrs. D. Boyd, Sr. and Mrs. J. W. Saunders and two little girls, were guests of Arthur Holston of Clambrassil from Friday till Sunday.

Mrs. McCallum and two children who have been visiting her mother, Mrs. Gardham for two weeks, left today for their home in Hamilton.

Mrs. Thos. Ivey of Carman, Man., who attended the funeral of her father, the late Mr. Elmer, of Buffalo, spent a couple of days in Jarvis before returning West.

Canron Allen, of Osage, Sask. and will spend one week under the parental roof. He starts on his return trip next Monday and we understand he will not return alone.

Mrs. Morgan Hewson left Monday morning to spend a few days at her mother's home at Nelles Corners. She will attend the wedding of her sister, Miss Ida Reichheld to Ernest Millenbacher, which takes place today.

Mrs. J. S. Burwash was a pleasant hostess to a number of young ladies on Friday evening. The gathering was to do honor to one of their number, Miss Mary Smith, who was the recipient of a china shower.

A very pretty, but quiet wedding took place at the home of Mr. and Mrs. James Macdonald of Jarvis, when their eldest daughter, Mildred Pearl, was united in marriage to Norman Scarfe of London, England only the immediate friends of the bride and groom being present.

The bride was charmingly gowned in a very dainty dress of white net over silk, with pale blue trimmings and wearing a bracelet set with pearls and diamonds, and a brooch of pearls and amethysts, the groom's gift, while she carried a bouquet of white roses.

The mystic words were pronounced by Rev. D. M. Buchanan, B. A. of Jarvis, and after the ceremony was performed a dainty luncheon was served after which the happy couple left amidst showers of rice and confetti to visit friends at Erie, Pa., and points east. The bride was attired in a suit of navy blue satin cloth with white hat.

Mr. and Mrs. James Burwash, who have been visiting the last week with the former's parents, J. A. Burwash returned to their home in Hamilton on Saturday.

Ernie Swing, Editor of the Atwood Bee, who had been confined to his bed for a couple of weeks, arrived in the village Monday evening and will spend the balance of the week with his parents.

**SANDUSK**

Miss Bessie Thompson spent last Tuesday evening the guest of Mrs. Lorne Dougherty.

Miss Maud Westerby spent Wednesday under the parental roof.

Mrs. John Phipps of Hagersville visited her daughter Mrs. Jos. Peacock last week.

Mrs. Geo. McBurney and grandson are visiting friends in Cultus.

Mr. and Mrs. Homer Lindsay of Hagersville spent Sunday the guests of Mrs. M. Tyrrell.

Miss Hazel Atkinson and Mr. Bert Jonson spent Sunday in Nanticoke.

Mr. and Mrs. Freeman Sternaman visited Mr. and Mrs. Will Matice on Sunday.

The Women's Institute will meet at the home of Mrs. Frank Pond on Wednesday, June 28th.

**NANTICOKE**

We see in the recent Toronto University results among the successful candidates the name of J. F. Ross of Nanticoke, who has succeeded in getting his Master of Arts Degree.

Miss Lora Little of Jarvis was a guest of Miss Irene Kinchular on Saturday night and Sunday. Miss Little was very much pleased with the fine views about our bark.

Bert Jonson and Miss Hazel Atkinson of Sandusk were visitors here on Sunday.

Miss Evelyn Sowter of Jarvis visited friends here on Sunday.

P. Kinchular has sold his fine mare and colt to Ed. McDonald for a fancy price and she was well worth what he got for her.

John Meade, one of our progressive farmers is having a new barn built.

Carl Brown has purchased a new auto and its a fine one.

**NOTES & COMMENTS**

Arrangements have been made for the erection of an atmospheric theatre in Port Hope, Ontario, by Famous Players Canadian Corp., to replace the Royal Theatre, an old house for which a further license was refused by the Ontario Government because of the lack of safety features. The new theatre will be fireproof throughout. Manager Smart will be in charge of the new structure.

Hoarding land is almost as bad as hoarding money. Occasionally we see a man who gets in possession of a valuable tract of land who will neither utilize it nor sell it. It is doing no one any good. There is no income from it. He complains about his taxes, yet he will not sell it for any times the valuation placed on it by the tax adjuster. If he would sell it to some person who would develop it and make it property from which an income would be realized, the tax values would be greatly enhanced.

A Sunday night motoring party of Kitchener, proved expensive to J. F. Bracey, 18 years old. Bracey, with two friends, a girl and a boy, were in a car that the police said was not being operated as it should have been and the motorists were ordered to the police station. On the way a bottle of liquor was thrown out. A companion was accused of this, but Bracey in court admitted his guilt and was fined \$100 and costs. He was also assessed \$10 and costs for being drunk and he was found guilty of being intoxicated while in charge of a motor car. The court took a lenient view and suspended sentence.

The Chinese Consul-General in Ottawa has advised Department of Trade and Commerce that shipments of arms, munitions or any kind of war materials, exported to China must be accompanied by a special certificate issued by the Chinese Government's diplomatic representative in Canada.

This measure has been taken to prevent arms and munitions falling into the hands of the insurgents in China.

The tariff Commission here announced that an analysis of the Hawley Smoot tariff shows that approximately 68 per cent of the increase of total duties is on imports of Agricultural raw material, and that agriculture will accordingly be benefited by the bill. Only about one-third of the increase is on industrial products. Based on 1928 imports, the duties would show an increase of \$106,426,769 in revenue during the coming year.

Alberta has placed a ban on immigration until unemployment lessens.

"Drink no intoxicating liquors; in these days of keen competition whisky and business won't mix—you can't have both."

Twenty-six million dollars is the price paid by farmers and poultry raisers for loss through diseases in poultry flocks annually according to recent estimates. Most of this loss is caused by internal parasites and according to F. C. Elford, Dominion Poultry Husbandman, much of it is preventable. A good deal of it is preventable. A good deal of it is preventable. A good deal of it is preventable.

Twenty-eight Canadian cities, sixteen states in the United States and five European countries are observing daylight saving time in some form this year.

The European countries observing the new schedule will be Great Britain, the Irish Free State, France, Belgium and Portugal. Daylight saving time merely moves the clock ahead one hour in the various time zones. Some confusion is caused in railroad schedules and radio program listings.

**Attention Junior Farmers**

A meeting of the Haldimand Junior Farmers Association will be held in Pracek's Hall, Jarvis, on Tuesday evening, June 24th at 8 p.m.

The Association is putting on a Home playing competition, also a Stock Judging Competition, for which they have the promise of eight silver cups as prizes. Come out to this meeting and hear how you can win one of these beautiful trophies.

Mr. Skinner, our Agriculture Representative, will be there with moving pictures to pep things up. Comedy as well as educational pictures will be the order of the evening.

We would like to see every young man in the community out to this meeting.

Your presence at this meeting is earnestly requested to help the boys away to a flying start. Mr. Ernest Anderson of Caledonia, is President and will have charge of the meeting.

**Good Hay Pasture**

Does it pay to feed dairy cows on pasture?

This is a question that many dairymen are asking themselves right at this season of the year. There is one obvious advantage in not feeding concentrates on pasture, and that is the grain feed cost is entirely eliminated, or at least apparently so.

This is the only point in favor of not feeding—now let's look at the other side of the picture.

In the first place it must be remembered that pasture is nothing but hay with the water still in it. True, cows may give more milk on fresh pasture than they would on hay alone, but this is largely because of the stimulating effect, and not because of additional feed value the pasture contains. Of course, when any feed stimulates greater production than the milk making nutrients that feed contains, these extra nutrients are drawn from the cow's body and affect both milk production and the condition of the cow later on.

A cow producing a reasonable flow of milk, and perhaps carrying a calf is actually doing more work than the average farm horse. No farmer would think of expecting his horse to work day in and day out on nothing but pasture or rough hay.

Perhaps the best guide is the fact that the number of leading dairymen who feed concentrates right through the summer is increasing every year; these dairymen who have fed concentrates for a year around and closely observed results report the plan much more profitable than going without feed for a few months in the spring and early summer and then having to feed much larger quantities later on.

Continue to feed your cows right through this summer. By late summer and early fall you will be glad you acted on this suggestion.

The Dominion Government has contributed a total of \$3,771,549.65 to the provinces in aid of old age pensions, up to the end of the last fiscal year. The disbursements to the 42,558 pensioners throughout Canada amounted to \$7,542,579.12.
