Old Pitcher Shortal Dead

Pitched Baseball Against Jarvis Nearly Quarter of a Century Ago

Buffalo, April 18.—Harry (Shud) Shortal, for some time pitcher on the Buffalo team in the old Eastern Baseball League, died to-day following an operation. During the past 20 years following his retirement from baseball, he had been a member of the Buffalo Fire Department. Shortal it will be remembered by many of the older baseball fans, pitched a game for Dunnville, on the local diamond about 1906, "Bill" Fry the well known sport, was Manager of the Dunnville team and warned the local Management that he was coming up strong and wanted a good game. To meet his wishes Millen and Marcel, the old Windham Centre handed Bill's strong aggregation a 7 to 1 defeat.

Shortal and Julius, the Dunnville catcher, took a stand behind the plate to watch Millen pitch the last inning which he did in short order, striking out the three batters. Shortal inquired where Jarvis got that pitcher and Julius replied: "By de Crise, up in de bush."

OBITUARY

At St. Joseph's Hospital, Hamilton Monday April 28th, 1930, Kenneth Wray Meade, in his 17th year.

The funeral took place from his parents residence, John Meade on Wednesday April 30th 1930, at two o'clock. Service was held at Christ Church by Rev. C. J. Lamb, of Hagersville, thence to Union Cemetery for interment.

The sympathy of the entire community goes out to the parents in their sad bereavement.

After a lengthy illness, borne with patience and christian fortitude, Emma Wells, beloved wife of James Hodges, passed to the great beyond at her home in the Township of Walpole, aged 80 years.

The late Mrs. Hodges was born at Fonthill, in the County of Welland, on Christmas eve, 1850. Deceased married Mr. Hodges in November 1872, and settled on Lot One, concession Four, Walpole Township, where they continued to farm until about the year 1900., when they purchased the farm where they now reside. The deceased leaves to mourn her loss a family of three sons and one daughter, namely: Mrs. Ernest Walker, of Jarvis, William J. of Jarvis, Alfred, on the hqgestand, and Herbert, of Fort Frances, Ont., together with her husband who has been confined to the house for over three months, the result of a bad fall.

The funeral was held from her late residence on Monday last with service at the house conducted by the Rev. Mr. Evans, Pastor of Knox Church, Jarvis, of which the deceased had been a consistent member for a number of years. The interment being in Greenwood Cemetery, Waterford. A long concourse of sorrowing relatives and friends following the remains to their last resting place. Relatives being present from Hamilton, Lonsbury, Silver Hill, Norwich, Walsingham Centre and Dundalk.

Shooting Mystery Still Unsolved

Jarvis, May 1st.—The injuries received by Ansel Barber are still questionable as to how he received them. A week ago the Record got in touch with Dr. Jones who was attending Barber, a few hours after the shooting happened and the first story was so vague that we did not deem it worth our time to give it much thought. We did not fall for the wild story like some others did and made a sensational write up of it. How could we when our common sense told us it looked like a family feud, or the actions of an unbalanced mind. The Provincial Police came to the conclusion that there is no one to prosecute unless they prosecute the complainants for disturbing the peace of the community, by circulating such absurd and wild stories.

A number of our English young men are entertaining the Young People's Society, to a social evening, on Tuesday evening.

A pall of the deepest and most intense gloom was cast over the community last Wednesday when it became known that Mrs. Gordon Howard (nee Enid Parkins) had departed this life. It seemed almost unbelievable that one so young and intensely interested in life, should be called away. She had not been well for about a month, but no one thought her condition would prove fatal, and her untimely death came as a great shock to her large circle of friends.

The funeral was held on Friday and very largely attended by sorrowing relatives and friends. Our sincerest sympathy is extended to her sorrow stricken husband, parents and sister.

While the women folk are busy at the annual spring house-cleaning the men might find that sweeping and scrubbing and painting will greatly improve the appearance and sanitation of the barn and stables.

Notes and Comments

Let the 1930 tourists see Canada and nothing but Canada when in this country. Do not feed them California fruits and Chicago bacon and U. S. A. canned goods. They get lots of those at home. Give them something different and something so good they will remember it and come back for more.

Seven thousand walnut trees were planted along the King's Highway between Tillsonburg and New Glasgow by farmers and business men from St. Thomas, all of them interested in the highway beautification schemes of the Province. This planting was sponsored by the Elgin Nut Tree Growers' Association, the trees coming from the Forestry Station at St. Williams.

The Editor of The Record, accompanied by his wife, Mrs. R. Handley, Mrs. Helen Steel, Winifred Steel and Mac, had the pleasure of seeing this wonderful Provincial Forestry Station for the first time last Sunday. With this source of tree supply so close at hand there is no reason why the roads leading into and out of Jarvis should not be planted with trees, especially when they will cost nothing only the promise to plant and take care of them.

An immigration and unemployment conference will be held in Ottawa in June, when Hon. Charles Stewart, Minister of the Interior, will urge a programme of winter construction to prevent the winter unemployment which is now such a problem.

When sowing alfalfa alone, 12 or 15 pounds of seed is used per acre. With red clover, up to 10 pounds of timothy 7 or 8. Eight pounds of red clover and 5 pounds of timothy make a very good mixture for seeding, hay or pasture. Some do not use so much per acre, but we always like to put on plenty of seed. When talking with a farmer the other day, we learned that he uses 1 bushel of barley to 1 bushel of buckwheat per acre, although this is a larger percentage of buckwheat than usual.

Corn and bran or corn alone may be fed to the work horses. The amount depends on the size of the horses and the nature of the work. Heavy horses at hard work will take a gallon of equal parts corn and bran three times a day.

There's nothing wonderful about Niagara Falls. Nature just went away and left the water running, but contrast it with man's workmanship and it is beautiful, magnificent.

While the women folk are busy at the annual spring house-cleaning the men might find that sweeping and scrubbing and painting will greatly improve the appearance and sanitation of the barn and stables.

Mr. and Mrs. Bruce Hare attended the Masonic dance in Port Dover Tuesday evening.

VARENCY

An enjoyable evening was spent at the home of Richard Parkinson at Varencey, last evening, April 25th, on the occasion of his 60th Birthday.

Among those present were the Misses Kathleen and Mary Miller who served the 60 candle cake. Bruce and Ralph Miller were there, also Ted Parkinson and Mr. and Mrs. Robert Handley.

A neat set of silver ash trays were presented as a gift from Anna and George to their Dad.

The only thing to mar the evening's enjoyment was word received from Detroit, that Mr. Parkinson's daughter Arletta might have to undergo another operation. However we hope she will soon be better and we know their many friends hope so too and send her their best wishes for a speedy recovery.
