Pauline Frederick

A wonderful picture of mother love  
Comedy - Pathe News

A ten-car garage has been built in Sandusky, Ohio, on plot the size of an ordinary two-car garage. The building is obviously quite high and has a novel endless roller chain arrangement which carries steel platforms on to each of which the car is driven and then elevated. These platforms support the cars one above the other, ten cars high.

**Life's Horoscope ZODIAC**

April 19th—May 20th.

If you have a birthday between these dates you will be able to learn something interesting pertaining to your Horoscope.

Taurus people of this sign are wonderfully attractive, magnetic, loving and lovable. One of their greatest problems though is to control their passions. Venus, the ruling planet of this sign, does not always give true moral power to those who come under her influence and Taurus people are often led astray through hasty decisions.

As a rule Venus subjects never do anything wicked intentionally, but their weakness usually arises from their strong love of Human Nature and uncontrolled passions, also desire for the opposite sex which so often cause them to lead lives of self-gratification. However, all these defects in their character can easily be avoided by leading temperate lives.

The Taurus Nature, when awakened, may be compared to a mighty locomotive, capable of intelligent control, of performing its appointed work with speed, certainty and dignity but capable also of spreading death and destruction in its terrible path if it escapes the vigilance of the guiding intelligence.

When once they have gained control of their appetites and passions, they become reservoirs of strength and intellectual power, and are open to all new discoveries. Indeed there is scarcely anything impossible for these people when they have once developed the better side of their nature.

Women of this sign make very devoted and constant wives, also make great sacrifices for those they love. Venus the planet of Love and Beauty, bestows on the women a very fascinating and charming personality. As a rule they are very graceful and well formed. They are very lavish in their affections and have a warm heart.

People of this sign are most all designated to marry twice. The first marriage is usually while quite young and a hasty one without the parents consent. But the second marriage is generally one productive of great happiness.

Taurus people should try to marry with those of the sign of Scorpio, Oct.

**Keep FIRE at Bay with GYPROC**

FIRE seldom visits houses having Gyproc Wallboard ceilings, partitions, walls and sheathing. On the contrary Gyproc has saved many homes.

This pioneer Canadian fire-safe gypsum board has a new Ivory coloured finish this year that makes decoration unnecessary (when panelled). It is just the thing to use for making extra rooms in the cellar or attic.

Quickly erected, inexpensive, structurally strong, Gyproc Wallboard gives permanent fire protection.

Your dealer's name is listed below. Ask him today for full information or write for interesting free book, "Building and Remodelling with Gyproc."

The regular monthly meeting of the W. M. S. will be held at Mrs. Wm. Simpson's next Tuesday afternoon, May 20th, at 3:00 p. m.

**Canada's Trans-Atlantic Challenger**

While her builders maintain secrecy as to her engines, the new Canadian Pacific liner "Empress of Britain" is hailed by newspapers in the Old Country as a challenger in the Atlantic speed race. The London Daily Chronicle declares that "she will prove a formidable rival of the Bremen, and in any case will set up a new Atlantic speed record, for the journey from Southampton to Quebec will be made in five days or less."

So far the Canadian Pacific has made no claims for the new liner beyond the statement that she will bring Canada one and a half days nearer to England and will be the most luxurious liner on the seven seas.

Every first class cabin is to be an outside room with natural light and air and the room without bath attached will be unusual. Other ways in which the \$16,000,000 new ship is costing will be spent includes two stages fully equipped for theatrical performances, Turkish baths, swimming pool, squash and tennis court (the first on an ocean liner), full size tennis court on sports deck, beauty parlours, violet

ray installations and a series of public rooms designed and decorated by prominent members of the Royal Academy.

Now building in Scotland, the Empress of Britain will enter service early in 1931. The sixteenth vessel of a building programme totalling 215,000 tons launched in a three year period, the Empress of Britain is designed to accommodate 1,100 passengers in First, Tourist Third and Third classes. A comparison of her tonnage of 40,000 with the 20,000 gross registered tonnage of the "Duchess" class which accommodates 1,600 passengers, indicates the lengths to which the company has gone to make spaciousness an outstanding feature of the accommodation.

In addition to her position as Speed Queen of the St. Lawrence route to and from Europe, the Empress of Britain will have the distinction of being the largest liner making round the world cruises, achieving this by the comfortable margin of 8,000 tons.

**RIB-ROLL THE ORIGINAL NEW STYLE ROOFING**

RIB-ROLL Galvanized Roofing has been so successful that tens of thousands of farmers now have it on the roofs of their buildings. There has not been a single complaint. RIB-ROLL safeguards crops, protects stock and enhances property values. It is fire-proof, water-tight and truly handsome. Permanent, economical, easy to lay on any roof, keeps out dampness which induces spontaneous combustion. Be sure to get the one and original RIB-ROLL—the roof with the seven ribs and a nail every five inches. Free sample on request.

**PRESTON LED-HED NAILS**

Best for Metal Roofing

Lead is used on the head of LED-HED NAILS to seal the nail-hole, thus making the roof waterproof and weather-tight. PRESTON LED-HED NAILS do away with clumsy washers, threading, punching, etc. The lead can't come off. No other nail serves so well in laying metal roofing. They can be handled in cold weather with mitts on. Millions are being used. Write for free samples of the ideal roofing combination—RIB-ROLL and PRESTON LED-HED NAILS.

**PRESTON VENTILATORS PREVENT SPONTANEOUS COMBUSTION**

Spontaneous combustion is a constant menace to crops, stock and property—unless your barn is equipped with Preston ventilators. Preston ventilators for roof, adjustable side wall windows and large doors, draw off the moist, warm air and assure proper ventilation. Built to withstand every weather condition.

**PRESTON BARN DOOR HARDWARE**

No other door hardware can equal Preston hot-galvanized four-wheel Hangers and bird-proof Barn Door Track for heavy barn-doors. Hangers adjustable up and down, and in and out.
