CREAMERY MONOXIDE
 The Boss says if Leota is going to wear his overalls in many more Calithumpian parades, she will have to pay depreciation charges.

The reason Muriel was not in the parade is not definitely known, however we have a reason to believe she had company that morning.

No wonder there was such a big crowd at the dance Saturday afternoon, look what was selling tickets.

Stewie says he enjoyed himself immensely on the 24th, especially the beautiful fireworks, auto races etc.

Albert Leng's clipper made several unsuccessful attempts to pass the butter-milkers racer in the parade on Saturday.

Stoney and Dinty deserve great credit; after their strenuous day Saturday, they were right on the job to the dot Sunday morning. This is not speaking for everyone!

The Chief says if it had not been for Johnson holding up the works on Saturday, they would have been able to witness the Calithumpian parade.

By the looks of things someone will have to speak to Russell Fleming, as he has been flirting altogether too much with the girls in the office.

It looks as if Ted has started to attend the United Church, at least his car is parked around there every Sunday night.

Since Kelly purchased his new truck, Thorne has had to be on the job at six o'clock to unload, however Thorne says he wishes he had purchased it a year ago.

Bert almost scared the pigs to death when he attempted to feed them Saturday night, the only reason we have for it was the black on his face.

The mystery as to who was who, in the parade Saturday, is still unsolved to many of the spectators. The disguises were very well staged.

The choice of Tens of Thousands

RIB-ROLL—A "close-up" of RIB-ROLL, showing LED-HED nail and wide side-lap. When nailed this joint is invisible from even a short distance away.

Appearance alone has sold Rib-Roll roofing to thousands of farmers . . . but it is economy, fire protection and permanency that keeps it sold. Wherever you go in Ontario these handsome roofs are familiar landmarks . . . protecting millions of dollars worth of crops, stock and property. RIB-ROLL's success has caused it to be widely imitated—but Rib-Roll alone has the rigidity, ease of erection, durability, low cost and absolute fire protection which make it the foremost roofing value in Canada today.

An Unbeatable Combination
 RIB-ROLL Roofing and Preston LED-HED nails make a roofing combination impossible to beat. The cost of laying RIB-ROLL is lower than nearly all other types of roofing. When you use LED-HED nails you get a rigid, handsome, tight-jointed roof that defies fire and weather. The nails are specially designed with lead heads which completely seal the nail hole. There are no awkward washers . . . no threading or punching. Write for samples of RIB-ROLL and Preston LED-HED nails.

Preston Metal Ceilings
 The enduring quality and beauty of Preston metal ceilings have made them one of the most popular types of ceilings for stores, homes and offices. Preston METAL CEILINGS are permanent. They retain their good looks indefinitely.

Economy Metal Lath
 As left is shown close-up of the famous Economy Herringbone (double mesh) Metal Lath—a metal lath that can be supplied, erected and plastered as cheaply as No. 1 Wood Lath. It gives 100% perfect key as against 15% key of wood lath . . . eliminating streaks, cracks, falling plaster, and providing great fire protection.

Vinol supplies the body important mineral elements of iron, calcium with cod liver peptone. This is just what thin, nervous children or adults need, and the QUICK results are surprising. The very FIRST bottle brings sound sleep and a BIG appetite. Vinol tastes delicious!
