Girls Garden and Canning Club Winners Announced

The Club organized in 1929 was so successful that another was planned for the current year and proved to be so popular that there were more applications than could possibly be filled. The membership was open only to young women in the County between the ages of 15 and 30 years. In order to complete the work of the Club each member had to prepare, plant and look after a garden, the seeds for which were supplied by the Department of Agriculture, at a nominal cost. In addition to this each contestant had to make an exhibit of one pint each of four different vegetables at the Colonias Fall Fair.

Prizes were awarded on the above gardens and exhibits of the canned vegetables on the basis of 80% for the garden and 20% for the exhibit. Twenty-two members of the club completed the contest this year and the first and second prize winners will be given the privilege of a Two Weeks' Short Course at Macdonald Institute, Guelph, with board, lodging and railway fare paid. The third, fourth and fifth prizes will be books to the value of \$5.00, \$3.00 and \$2.00. Prize winners in the above contest are as follows together with their scores on the basis given:

- 1st Prize Miss Eva Petherbridge, G S 69.6 C S 17.6 Total 87.2
2nd prize, Miss Elizabeth Wickham, G S 69.6 C S 17 Total 86.6

CREAMERY MONOXIDE

The bees has the gift of giving healthy bees now, and before we they are having more swarms than the hogs.

There is nothing like for the Canadian Legion Dances in Hagersville and he sure in same school.

Since Johnson is taking his holidays this week the hogs expect to get done in decent time for this week at least.

While Stowie was painting the factory the other day, Jim, who was on the roof, accidentally upset a pail of water on top of Mrs. and from the beautiful things Stowie said, you would have thought Jim did it on purpose.

Stoney was trying to call the Chief by his car the other night, but before the Chief would say, he demanded a demonstration. Stoney apparently took him down the road and ran into the ditch two or three times, we think to show the power it had when on a good hard pull, however the Chief declined to buy anything though he was getting on old to drive a car with so much pep.

Even was on the job last Monday owing to the fact Stoney was confined home suffering slightly from some trifling ailment.

Don, the hog attendant held his fall round up the other day and put all of his proteges in their pens for the winter.

NEW ATTENDANCE MARK

It is officially estimated that approximately 15,000 people passed through the turnstiles at the Norfolk County Fair on Thursday, the big day of the Fair. This is a new record for one day's attendance. Friday did not nearly approach the previous day, but the directors estimated that at least 6,000 people, including the children who were admitted free, were in attendance. Even on the rainy Wednesday there were at least 2,000 visitors at the Fair. While no definite check on the aggregate total is possible, some of the directors believe that the attendance for all three days would approach very close to 25,000, certainly a new high mark.

Here and There

The first electrically-driven tug to be built in Canada was launched at Leamington, Ontario, recently, when the 'Tweedmouth' was christened for the Canadian Pacific Car and Passenger Transfer Company's service between Prescott and Guelph. The tug is being built by the St. Lawrence after the traditional battle of champagne had been broken against her keels by Mrs. H. H. Hall with the manager of the Canadian Pacific Great Lakes Steamship service. It is the first electric tug to be built in Canada, and is designed to get a three-truck railway car-fleet with accommodation for 15 hundred men.

Canada is taking advantage of all opportunities to fight influenza and I think in the school of England in the matter of sending students to countries to make an intensive study of the subject, said Dr. J. A. Coates of London, member of the group of British Tuberculosis experts, interviewed about S. S. influenza, on his return to England after some weeks' stay in the Dominion.

Stating that the Canadian Chamber of Commerce official tour of Japan and China leaving Vancouver and Victoria October 15 should be a profitable one, the Chamber of Commerce of the Dominion of Canada, in a letter to the Vancouver Board of Trade, has suggested that the Board should send a Canadian to the tour of courtesy of the chamber attended by the tour.

Canada's wild life has a capital valuation of one billion dollars and represents a yearly business turnover to the Dominion of about \$45,000,000, Dr. R. F. Lucas, of the Department of the Interior, has the distinction of being the Dominion game warden of Ontario the other day. The valuation includes the fur harvest, game and their attendant outfitting and the manufacture of firearms and fishing tackle, not to mention salt-hens, tourist camps, museum publications and others who derive a certain revenue from the scene.

Badges will be worn by all big game hunters in New Brunswick during the season opening September 15 for deer and October 1 for moose. During the recent year all big game hunters in New Brunswick have worn badges and the system has proved so satisfactory as to render expansion of the plan to shooting advisable.

This year's crop of grapes in the Niagara fruit belt, between Hamilton and Niagara Falls, Ont., is expected to reach about 25,000,000 lbs., an increase of 15 per cent over the 1929 crop. The crop is now being harvested.

Provincial Sunday School Convention

For sixty-five years the Sunday School workers of our Province have met in Annual Conventions for the consideration and furtherance of the Christian work. This year the Convention will be held in three sections, in Park Baptist Church, Bradford, October 28 and 29; in the Baptist Church, Chatham, October 30 and 31 and in Westminster Presbyterian Church, Smith's Falls, November 6 and 7. These Conventions are held under the direction of the Ontario Religious Education Council, formerly known as the Ontario Sunday School Union Association, the organization through which the Sunday School workers of the various evangelical denominations of the Province cooperate.

Special interest attaches to these Conventions this year in that the programme is being planned to carry over as far as possible the values of the great International Convention of June last. The Committee, have been most fortunate in securing as the visiting speaker Rev. Dr. W. C. Peck, for a number of years President of the World's Sunday School Association and so well known as the successor of Dr. F. B. Meyer, of London, England.

At the afternoon sessions each day there will be group conferences where discussions will be conducted on the work of the various departments. There will also be conferences on Week-day Religious Education, Church Vacation School Work and Missionary and Temperance Education. The whole programme is planned to meet in the most effective way possible the requirements of the Sunday Schools of the Province. Lead the Sunday School workers of the various denominations will participate in the programme.

Information regarding the Conventions can be secured from any of the denominational Sunday School offices or from the Ontario Religious Education Council, 290 Queen St. West, Toronto.

A centralia man found it advisable to put on a ragged suit of clothes in order to repair some machinery. After he had finished he went home to dinner. He met a tramp coming out of his front gate as he went in. The tramp mistook him for a knight of the road, 'Duck it—retreat,' he cautioned, 'I've just tried her and she's a regular bear-cat.'
