Free Flowing Fertilizers

Here are four big reasons why we recommend C. I. L. Mixed Fertilizers to you:

First: Dry, free flowing, they end that costly nuisance, drill-clogging! . . . Save labour!

Second: When you need C. I. L. Mixed Fertilizers—that's when you get them! Drive up and get them—right out of stock!

Third: This prompt delivery service is less costly than the old-fashioned "order-and-wait" method. . . Saves you actual dollars-and-cents, as well as valuable time!

Fourth: Made in Canada.
