**HABITS**

Our habits are important because they have much to do with making life easier and happier for us. Habits and actions which, because of frequent repetition, we perform without thinking of what we are doing.

Children acquire habits at a very early age. It is just as easy for them to establish right habits as wrong ones. The habits which the child acquires are the result of the training which he has received from his parents. The child who has had habits is not to be blamed. He is what he is as a result of the training his parents have given him, and if anyone is at fault, it is the parents not the child.

Training must begin at birth. The baby who is fed regularly by the clock develops the habit of taking his food at regular hours. The child who is picked up and fed every time he cries will soon become a crying baby, demanding attention at all hours. This habit which he has been allowed to develop is bad for the baby, hard on the parents and annoying to everyone else.

The child who kicks and screams does so because he has found out from past experience that when he indulges in one of his temper tantrums he gets what he wants. It is his habit of getting his own way. If he is ignored and not given his own way, the tantrums soon cease. Comforts are most undesirable. They are a menace to health. They are apt to deform the mouth and teeth. Sucking a comfort is simply a bad habit. There is no reason why a child should have something in his mouth all the time.

The child is not a small adult. We should not try to make "little men" and "little women" out of our children. Children should be children and they should be encouraged to play.

We wish to point out to parents that they, without interfering with the child's life, can train him in proper habits which will help him to enjoy life and keep him strong and well.

During childhood, it is necessary that the child be prepared for the adult years which lie ahead of him. Children establish habits easily and childhood is the best time for establishing good habits. The child who has good habits is healthier and happier than the child whose habits are faulty. Life for him and for his parents is easier and better.

It is not an easy matter to train a child, and parents should take time to prepare themselves for their difficult and important work of child training.

**CORRESPONDENCE**  
(Too Late For Last Week)

**W. M. S. CONFERENCE**  
OF widespread interest to the women of the several counties included in what is known as the "Hamilton Conference" of the United Church of Canada was the branch Annual Meeting of the Women's Missionary Society which convened in Hamilton during the past week.

**UNDERWRITERS' LOCAL MEETING IN HAMILTON**  
Hamilton District Mutual Fire Underwriters held their semi-annual meeting yesterday in the City of Hamilton. About 70 were in attendance from different companies comprising group 5 of the Mutual Fire Underwriters of Ontario. After the noon-day banquet, held in the banquet hall of Murphy's Restaurant, Mr. Geo. L. Miller, secretary of the Walpole Farmers Mutual Fire Insurance Company, addressed the gathering taking as his subject "The Development of Mutual Fire Insurance" making an earnest plea for watchfulness of the modern fire hazard, and the early necessity of a more modern form of classification of annual insurance risks. Mr. E. P. Heaton Provincial Fire Marshall was in attendance and gave a very lucid explanation of the activities of his office in connection with fire prevention methods. The discussion following these addresses proved the deep interest that is being taken by all companies in their efforts to educate the insuring public, the necessity of protecting their property from increasing hazard of modern inventions.

**Wesley United Church**  
Rev. P. E. Deeth, Minister  
11 a.m. Subject—Practical Christian Living.  
7 p.m. Evening Worship. Song Service First part of Service.

The W. M. S. of Wesley United Church will meet in the school room on Friday afternoon instead of Tuesday March 17th. All ladies of the congregation are urged to be present.

The most devastating printed matter ever presented to any people." The speaker asserted that the organization of the church which came nearer the source of development of that power to think broadly and search was the W. M. S. Part of the duty of the society was the education and direction of mothers. This would be accomplished by study of the homes of the various districts by using the literature the mission board approved and so planting seeds of natural fondness for good reading. "Compare this with any other thing in national life today," said Dr. Soilandt, "and you can readily see it is most important when viewed as a building up of the minds of the people of the future."

Dr. A. J. Irwin, D. D. of Toronto spoke concerning the consumption of alcohol. Two hundred million dollars were spent by Canadians last year for alcohol and Canada stood alone as the one country where the consumption of alcoholic beverages was increasing.

Dr. K. L. Beaton, Toronto, at the Wednesday evening session, gave a direct insight into the dire needs of self-sacrifice of missionaries and student missionaries. Dr. Beaton had spent years in the mission fields of West China and just returned from conferences held throughout Eastern Canada. Everywhere new towns are springing up in Canada, numbers being surveyed in Northern Ontario and Saskatchewan. It is the duty of the church to follow the people; word came from workers of the pool-rooms, the stores were there but no church. A settlement of Northern Ontario was composed of 40 university men and their families but no church was anywhere within reach. Story after story the speaker used to illustrate his points: the report of a student sent out this summer told graphically of the dire needs of self-sacrifice of missionaries and student missionaries. In China, 1500 miles inland, there was knowledge in the Chinese newspapers of things taking place in Canada only 36 hours after their occurrence.

The session of the fifth annual meeting of the Hamilton conference of the W. M. S. was closed by a picture presentation of 14 little girls from All Peoples' Mission each wearing a costume of a far-off land, singing sweetly under the direction of Miss Smith, of All Peoples' Mission.

**The Worst Is Over**

The 'Worst' hasn't been as bad as it might have been.

For eighteen months general conditions in Canada certainly have not been good. It is not necessary to recall all the misadventures of depression, nor all their causes. It is enough to know that when the "break" came neither our governmental nor individual structures were able to stand against it. Governmentally we had no reserves. As a nation, largely the government policy of letting each day take care of itself.

When the days came that would not let us care of ourselves we were in a bad way. We were sorely off our feet. The depression has had a "felt" the depression. Many have known hardship and some privation.

The general belief now is that the worst is past, that we have survived it and can look to the future with some confidence. The reconstruction period must of necessity be slow, but there is evidence that the present government will give us positive leadership through it, that it is laying foundations to prevent our being caught in the same mesh again.

Our emergence will come so gradually we may not realize the drift but it is under way. We have surmounted the winter. Spring is here with new hopes. Looking over the way of the "worst" might have been much "worse."

**Great Grandfather's Conquest**  
Malthe Township Wedding

An unique event took place in Malthe Township last Thursday, when the Rev. Hiel Wood, pioneer minister of the district, officiated at the marriage of his great-grandson, J. A. Stewart, of Fair Grove, Mich., to Miss Ruby Irene Bedall of Cairo, Mich. On Friday of this week Mr Wood will celebrate his ninety-sixth birthday, while on Sunday March 15th, he is to deliver his annual sermon in the United Church at Springfield. The Rev. Mr. Wood is well known to many in this district, having been born near Nanticoke in 1835.

**THE LATE TIOS. HAMMOND**

Thomas Hammond, Fenian raid veteran pioneer school teacher of Western Ontario and for many years a Journalist died at his home in Aylmer, on Saturday, March 7th after an extended illness. He was eighty-five years old. Mr. Hammond was born in a log cabin near Hagersville, his father being a settler from Norfolk, England. Mr. Hammond educated himself and in his youth went to Simcoe and obtained a Provincial certificate to teach public school. His first school was at Champeide, in Hamilton County. He moved to Aylmer, nearly forty-five years ago and was principal of the public school some years. Later he associated himself with the firm of E. D. Smith and Sons of Wilmora. He remained with the firm for 25 years. In 1913 he was appointed immigration agent at Birmingham, England. Mr. Hammond was a member of the Fenian Rifles during the Fenian Raids. He was an honorary member of Amity Lodge No. 32 A. F. & A. M., Dunnville, joining the lodge about fifty years ago. Mr. Hammond is survived by his widow and a daughter, Mrs. C. A. White, a member of a law firm in New York City.

**Dairies' Banquet**

On Friday evening last, the Manager and Staff of the Hamilton Dairies, Jarvis Division, entertained the Executive and Divisions of Vine St., and John St. Divisions in Hamilton, also the Caledonia and Renton Divisions, in Peacock's Hall to Enchere and Dance.

The fore part of the evening was spent in Enchere with Jack Paulmer as master of ceremonies, Miss Syer of the John St. Office Staff and W. H. Smith manager of the milk division presiding. The evening was not capturing first prizes, they started at the head table and they were very much attached to their seats as they returned them all evening. Miss P. Eckre, and Ward Rice Manager of the Renton division, after some very strenuous playing, succeeded in winning the consolation prizes.

Mr. Len Marshall our worthy local manager then took charge, expressing his satisfaction on behalf of the employees, in seeing so many present and sincerely hoped that everyone would enjoy themselves. The following executives were called upon in order, and all spoke very briefly. Mr. John I. Plat, President of the Hamilton Dairies, Mr. M. Warner, chief superintendent of the Jarvis Division, Mr. W. H. Smith, Manager of the Milk Division in Hamilton, Mr. Porcous, accountant at the Vine St. Head Office. Mr. H. Warner, manager of the John St. Div., Mr. W. Rice, manager of the Renton Div. O. Deell, foreman of the Jarvis Plant and P. Miller foreman of the Caledonia Plant.

Lunch was then served, which was evidently to the satisfaction of all as there was very little left to be shown out. After the supper had been cleared away dancing commenced to the tunes of Ted Phillips orchestra of Simcoe. To make sure everyone was acquainted a Paul Jones was the first number on the programme and that was all that was necessary and if the orchestra hadn't stopped when it did, there is no doubt some of them would still be dancing. Mr. and Mrs. Mac Neilson of Caledonia were the winning couple of the spot waltz although there were several others who were dancing on the spot. Mr. and Mrs. Mac Neilson had his on the right spot.

About 2 p.m. the party dispersed and if it wasn't a success in every angle outward appearances are certainly deceiving.

**BOXING AND WRESTLING**

**Varency W. I.**

The varency Women's Institute met at the home of Mrs. R.A. Miller on Thursday March 5th with 15 members present.

The meeting was opened by singing the opening Ode, followed by the Lord's Prayer in Union. The minutes of the last meeting were read and approved. After the business of the meeting, Miss Margaret Dougan favoured us with a piano solo. The debate "Resolved that the Drift of rural population to the City has not affected agriculture adversely" proved very educative and interesting. Quite a number of quilt blocks were handed in.

The Roll Call, a simple remedy everyone should know was well responded to. Many helpful hints were given.

We had the song "Silver Threads Among the Gold."

The meeting was closed by singing "God Save the King". After which a dainty lunch was served.

The next meeting will be held at the home of Mrs. B. Lundy.

the girl he loved.

**Terente Motor Show**

The biggest motor event in Ontario since the Canadian National Exhibition last August is taking place this week in Toronto when all dealers unite to offer special showings of their new models. In many of the dealers showrooms novel presentations are being made, with the cars revealed to the public in striking manner. One of the most interesting exhibits is that of general all-steel cars at the new Bay Street Cadillac show-rooms. All of G. M. Motor cars are here on view to the public in a special salon showing.
