Here are a few of the uses of Gyproc

GYPROC fireproof wallboard is manufactured from gypsum rock. It comes in sheets that are 4 to 10 feet long, 4 feet wide and 3/8 of an inch thick. It costs little. nails and cuts like lumber, has structural strength and insulation value. It is Canada's premier material for lining all interior walls, ceilings and partitions. Ask your dealer for a Gyproc direction sheet, it gives full details.

COMMON SENSE

SAFE DRIVING will save money

Mix the bran and Paris green oroughly until the green can be A new plan of Automobile Insurance, sponseen everywhere through the bran.
Add the molasses to the water, stir sored by two Canadian companies, provides reduced premium rates based on the individual merit of drivers. then pour the sweetened liquid over the poisoned bran and mix until all is moistened and will fall almost like

10% REDUCTION for two years driving without accident. REDUCTION for three years 15% REDUCTION for three year driving without accident. 20% REDUCTION for four years driving without accident.

Discount applicable to Public Liability. Property Damage and Collision Premiums. Cur merit rating policy is offered with a sincare desire to encourage careful driving and to foster a keen regard for life and property. Remember, it's the man at the wheel that counts—in his hands lies the safety of children, pedestrians and passengers.

The need for safety is imperative. Life and property are being sacrificed unnecessarily by careless and thoughtless drivers. Do your part. Help in the crusade for saner and safer driving. Talk, think and practise, safety.

The SAFE DRIVER Comes Into His Own

Our merit rating policy rewards every cafe and cane driver for his care, courtesy and common sense. He is no longer classed with reckless mosecists. Instead, his premium rates are adjusted in accordance with his personal record of care. Under the New Financial Responsibility Law, no matter how careful you may be, you need the complete protection of our Automobile Policy.
