season instead of waiting untir These changed conditions give numerous advantages to fall buyers. "Ten years ago comparacers. "Now this is standard practice, due to better cars and the pre-velance of clearing streets and roads after a snow fall. (When paint and varnish were used to finish autonobile bodies, the severe cold weather had a tendency to crack and mar the surfaces. The lacquer finishes of today are e'astic and not affected by climatic changes. fact, the cold weather of winter is ess harmful than is the hot sum ner sun. Another advantage in ouving a new car at this season is the heavier strains of cold weather driving. Starting is easier and the electrical system is stronger than one that has been used for nearly a year. Tires have sharp treads which will minimize the danger of skidding on icy roads. Then, with broken in and ready to take the oad on long tours, if he so desires oodies which are insulated against

strong reasons why it is no

Does your motor vocabulary clude the word "flowmeter?" No? Well according to the AC Spark Plug Company, its a little gadget they use to prove that one out of every ten gallons of gasoline is wasted when spark plugs have been used more than 10,000 miles. Get-ting technical, the flowmeter is a precision laboratory instrument which accurately measures or indirates the rate at which gasoline is
