THE TULE MARSH MURDER

STORY OF A MISSING ACTRESS AND THE TAXING OF WITS TO EXPLAIN HER FATE.

BY NANCY BARR MAVITY.

SYNOPSIS Don Ellsworth's wife, formerly the actress, Sheila O'Shay, disappeared, leaving no trace. Dr. Cavanaugh, criminal psychologist, learns that her marriage to Peter Piper, a noted reporter, while trying to get an interview with Dr. Cavanaugh, she was engaged to marry Don Ellsworth before his marriage to Sheila O'Shay, and when Barbara hears Peter determines to call on Barbara.

CHAPTER XXI.—(Cont'd) Neither the etiquette books, which Peter hadn't read, nor the novels which he had provided for a situation just like that, she'd probably take him for a cheeky roughneck. Maybe he was but still, he had to see her. He couldn't make her out. She kept playing hide and seek with his inquirer, the most inconvenient times; when he was dead tired and trying to go to sleep, for instance, or when he was half-way through a newspaper, and he'd discover that she had to make a deadline.

CHAPTER XXII.—(Cont'd) Peter Piper was a man of letters. He had a fine collection of books, and he was a member of the most exclusive clubs in the city. He was a man of letters, and he was a member of the most exclusive clubs in the city.

The ADVENTURES OF CAPTAIN JIMMY and his Dog SCOTTIE

What came before Captain Jimmy was a pirate ship sailing on the sea. The pirates were in a hurry, and they were in a hurry to get to the island.

After Chung had cooked most of the passengers with his hose and one of the crew had died overboard to avoid getting drowned at his hands, we finally got the stream unhooked and played it on the burning ship, while the freighter took the people on board.

From the north to the south the ship's crew were all looking at me. I took off in the meantime. The ship was a splendid piece of machinery, and it was a splendid piece of machinery.

Lighter Plane" To Be Used On Northern Trade Route

The new plane, the first of its type to be brought to America, will be used in Northern Canada, officials of Canadian Airways stated, with headquarters in Winnipeg. No definite plans for its employment have been made as yet, and it will be operated "wherever there is work for it."

The plane is an all-metal monoplane, motorized, long-wing monoplane, incorporating several advanced features of aerodynamical design.

It was still early in the morning when Captain Start, of the ship whose crew had been rescued, presented a splendid piece of machinery in the bright sunlight.

Canadian Grapes Delicious Food

Made Delicious Conserve and Desserts During Winter Months

Reports received by the Fruit Branch of the Dominion Government indicate that the Canadian grape crop this year will amount to 32,000 tons of grapes, coming from vineyards in Ontario and British Columbia.

A simply made grape conserve is jam. Separate skins and simmer pulp of the grapes for about 15 minutes in a covered kettle. Remove seeds by sieving. Crush skins (though skins need chopping) and mix with the cooled pulp. Add 1/2 cup of water, stir until mixture boils, cover and simmer slowly for 20 minutes. Then measure 4 cups (2 lbs.) of cooked fruit into large kettle. Add 7 cups (3 lbs.) sugar, mix and bring to a full rolling boil, over hot fire. Stir constantly for 10 minutes while boiling. Boil hard 1 minute. Remove from fire and stir in 1/2 cup of liquid. Spoon into jars. Seal with 1/2 inch hot paraffin. Roll glass to spread in a covered kettle. Remove grated orange rind may be added to the jam. This recipe makes about 18 eight ounce jars of jam.

British Now Supporting Making of Cheap Jewelry

A phase of the British jewelry business which has developed rapidly during the last five years is that of the chain stores selling foreign-made imitation goods, according to a Department of Commerce report.
