HEWSON - 49.

THE WEEK IN OTTAWA (By Frederick Edwards) Ottawa, April 13.-The Conservative Party Friday registered their feeling toward ex-Minister of Trade and Commerce H. H. Stevens, his fighting stand on the broad question of unscrupulous business and combines, and Secretary of State C. H. Evans. It came when Mr. Stevens "took the rap" for premature release of the report of the Royal Commission on Price Spreads. But, he explained, "Without any knowledge of confidence was violated."

The Conservative Members were in their seats when Mr. Cahan rose to take a bill shot at his political foe, Mr. Stevens, on the question of oaths of office. Incidentally, Mr. Cahan virtually supported Liberal Leader Mackenzie King. They sat silent while Mr. Cahan spoke. Mr. Stevens rapped back, but he refused to budge from his seat. He had acted for the good of his country throughout "the whole thing." They harped their desks, banged some more, at this. Speaker Bowman made a short speech, pointing out that the members themselves must judge whether Mr. Stevens should continue on the line he was taking. He might be out of order, but Mr. Speaker had no objections to Mr. Stevens continuing in the House.

GOOD MONEY IN EGGS AGAIN THIS FALL. EGGS will bring good prices again this Fall. The shortage of eggs during October, November and December, may be even greater than usual this year. Remember that the situation is almost exactly the same as it was in the Spring of 1933.

Research experiments have shown that the original quality, flavour and colour of honey in storage can best be maintained at a temperature of 40 degrees Fahrenheit, or lower, and at 60 degrees Fahrenheit. If the temperature is low and constant, extracted honey can be stored indefinitely without change of colour or flavour and without fermentation.
