HOLSTEIN-FRIESIAN NEWS

Frank Wilson, Hagerville, Ont. has recently completed the shipment of fifty five head of pure bred Holstein-Friesian cattle to buyers in New York State.

The Turka now rest on Sunday. It used to be Friday but under new government regulations compulsory closing is now observed from 1 P.M. Saturday to Monday morning.

The blind in England are being taught to swim in a campaign conducted by the National Institute for the Blind.

Putt-putt bicycles are becoming more popular in Holland. There are now over 12,000 bikes powered with small gasoline motors; but then another three million Dutch men who ride ordinary bicycles.

Going up. The largest non-right airship in the world is practically completed at Belleville, Ill. and will be given its official tests in a few days.

A shortage of labor, and that is news, has led Arab farmers in many sections to order machines from Jewish settlements. Arab peasants all their own steam. William Scoresby shot 10-inch stainless steel darts into 700 whales for means of identification. The scientists recommend a whale sanctuary.

Quiet please. British scientists are holding a Noise Abatement Exhibition. Laboratory methods of silencing aeroplanes and other noise makers are on display.

Bootlegging cotton pickers is causing the authorities concern in the Lower Rio Grande Valley of Texas. Residents of the district are not anxious to face the hot sun and toil of the wetton fields so growers are boot legging Mexican pickers.

Coal from Indo-China is among the latest Canadian imports. The Norwegian vessel Bonnevile has brought 8,000 tons to Montreal. She travelled 15,000 miles with her cargo.

Spinning wheels are coming back. In Kansas the emergency relief committee is teaching women the art of carding, spinning and weaving — just as their grandmothers used to do it.

"Cheerfulness is the daughter of employment." — Dr. Horne. "Wars can't be waged without lies on all fronts. Truth is the most essential." — Sir Arthur Ponsonby.

HALDIMAND BOY TO SPEAK

Arrangements Completed for Junior Sunday Service

Arrangements have been completed for the fifth annual Farm Junior Sunday Service held this year at Hagerville Park on Sunday August 11th.

This beautiful park was the scene of the first service held in 1931, when the speaker was Denton Massey, leader of the York Bible Class.

The speaker chosen for this year is an old Haldimand boy who has distinguished himself as a speaker and leader of men. Rev. C. E. Snowden, a native of Walpole Township has very kindly consented to address the gathering and the executive of the Junior organizations feel fortunate in getting a speaker of this calibre.

Mr. Snowden, who is now Rector of St. Paul's Memorial Church, Philadelphia, has chosen as his subject "Thistles and Thirst" and he will bring to his hearers a message of interest and help.

The service will commence promptly at 2:30 o'clock in the afternoon and arrangements have been made for a band concert commencing at 2:00 o'clock. Several musical numbers will also be rendered during the service by leading quartettes in the county.

In case of rain or inclement weather the service will be held in the Regah Theatre which has been placed at the disposal of the committee through the kindness of Mr. Howard Hagan.

The public is cordially invited to join with the Juniors in this annual event. Increased seating accommodation has been arranged.

Moved by Councillor Allan, seconded by Councillor Shaver, that the by-law authorizing the County Engineer and County Road Superintendent to supervise the moving altering and re-arranging of the line or lines of Bell Telephone Company of Canada and the trimming of trees, be read a second time.

VIEWING THE NEWS

Square money, and coins with holes in them, too, are on the United States monetary horizon.

The Turka now rest on Sunday. It used to be Friday but under new government regulations compulsory closing is now observed from 1 P.M. Saturday to Monday morning.

The blind in England are being taught to swim in a campaign conducted by the National Institute for the Blind.

Putt-putt bicycles are becoming more popular in Holland. There are now over 12,000 bikes powered with small gasoline motors; but then another three million Dutch men who ride ordinary bicycles.
