CANADA

Traffic accidents cost Toronto \$8,500,000 in the year 1934. It does not mean that such a vast amount of money was paid out in cash, but there were 70 deaths, and 2 100 to not mean that such a vast amount of money was paid out in cash, but there were 70 deaths and 3.129 injuries. Traffic experts and insurance men have their own way of computing such matters and their estimate is that a death means an economic loss of \$1,000 and an injury is reckoned at \$2,500. We presume that the \$10,000 figure for a death would include the loss of the individual's earning power. That would be a family loss. — Peterboro Examiner. the basement of a Paris hotel. But the Lumieres, it appears, were

OUR WHEAT ABROAD There are two things Canada requires to do to promote wheat sales abroad: First, to familiarize the tannica, began his experiments as people with the quality of bread early as 1837, and on October 6, 1889, made largely from Canadian flour, demonstrated his kinetoscope in his and secondly, to remove mental laboratory at Orange, New Jersey. the repeated He obtained a United States patent assertions that Canada has been endeavoring to gouge the consumer. These are important tasks. What the grain trade can do in these directions should be done, and the Government should support their efforts to the limit. — Winnipeg Tribure.
