The vote in the Municipality of the Township of Walpole provided plenty of interest on Monday, Wray Parkinison who has served on the Council and who last year attended County Council as Deputy Reeve of the Township were in for Reeve with a large majority over his opponent W. R. Hodges. Mr. Hodges was active in municipal work up until last year when he contested the Deputy Reeve'ship, however he came back this year unsuccessfully for Reeve'ship.

## Badminton Club

The Badminton Club organized some time ago owing into action last week with a large membership. The court was marked off in the Town Hall and although a trifle short of the required specifications is sufficiently large to supply real enjoyment or these at least who have thus far taken advantage of the game. It is without a doubt the most interesting pastime to be taken up by the athletic enthusiasts of the Village and we cannot help but feel that a great many more in the Village would enjoy membership.

## No Beverage Rooms For the Village Jarvis

From the result of the vote taken on Monday, Jarvis will not have beverage rooms. Approximately two-thirds of the Voters expressed themselves as against the introduction of the Heburn-Olette System of dispensing this popular and unpopular beverage. The Vote on Monday was not extremely heavy and it would appear that the public in this municipality are not exceptionally interested in the issue. Whether or not the much talked of Beverage room would have resulted in advantages to the Village as a subject of a great deal of discussion, at any rate during the past few days, a good many arguments have been put forward in its favor while still more have been advanced against it. The most prominent of the arguments in its favor is the increased business that would be brought to the Village, but the argument remains whether this increased business that would be brought in would be worth the cost of the merchant is looking for. If it would bring more business then we can assume that the public to-day
