# The SNAPSHOT GUILDA You Don't Necessarily Need

You don't need an expensive camera to get fine pictures. The one above

THERE seems to be the belief awarded the picture taken with an THERE seems to be the belief among many people that it is necessary to own an expensive camera to take good pictures. Pages could be written describing the limitations of some and the versatility of others but as our space is limited the subject must be discussed rather briefly.

There are many types of cameras to meet every requirement of the photographer, whether he is an ama-

photographer, whether he is an amaphotographer, whether he is an ama-teur or professional, but no camera is capable of taking all types of pic-tures under all conditions. It is true that some cameras are more versa-tile than others. One may have an extremely fast lens which permits the taking of spanshots under ad-

to take good pictures of the usual run of subjects. For instance, in an international amateur snapshot contest conducted not long ago by a large manufacturer of cameras, film and photographic supplies of all kinds, the Grand Prize of \$10,000 was

extremely fast lens which permits the taking of snapshots under adverse lighting conditions and if it also has a very fast shutter you can

also has a very last shutter you can take pictures of subjects moving at extreme speeds. Other cameras have lenses and shutters of various speeds to take pictures—and good ones—within certain limits and conditions.

Whet I want to impress upon you What I want to impress upon you is this:—You do not necessarily have to own an expensive camera to take good pictures of the usual

outside entertainers could not be in the part of an members to work said to have been a failure as the performers certainly lived up to performers certainly lived up to for the Board of Trade and Jarvis.

The effect of the new lighting sylthem development of the new lighting sylthem with a sincere interest to stem is in keeping with modern design in building and home furnishing the summer have t
