One of the leading boys' camp directors in Canada has been secured to supervise all activities, and his staff of camp leaders are all experienced in this type of work. In addition to these ren, one of the best coaches in track and field sports will instruct those boys wishing to improve themselves in this diving instruction will also be in very

Anyone interested in attending this camp, should apply immediately to the Ontario Athletic Commission, 15 Queen's Park, Toronto, Ontario. -Grenville Kleiser

FAITH WILL MOVE MOUNTAINS

The Ontario Athletic Commission announces the opening of its Boys' Camp on the east shore of Lake Couing near Orillia. This camp will be in operation from July 8th to August 19th, and is one of the finest in the world. Its location is ideal and all the buildings are of the most modern construction and em-

The boys attending this canto will be housed in sleeping cabins of the most up-to-date type. The main building combines the functions of both dining-room and recreation centre., It is equipped with a piano and radio, and the wide stone fireplace forms an ideal gathering-place for evening discussions. The sanitary facilities of the camp are perect, having been planned with the istance of the Ontario Department of Health. Full accomodations for shower-baths and ablutions are provided to supplement the daily swims in Lake Couchiching. A complete sewage disposal system with a septic tank has been installed, and the heal th of the boys is safeguarded in every

ttention has been given to the facilities for spors of all kinds, which form such an important part of the programme of a boys' camp. Lake Couchiching provides for swimming, diving and all other forms of aquatic ort. There are three tennis courts surfaced with rock-chips, and adequate space for softball and similar gams. The feature of the camp is the quarter-mile cinder running track where the boys who desire it, may re ceive instruction in all branches of track and field athletics. None of these activities are compulsory but it s expeced that there will be many of the campers wishing to take full

The staff of the camp has been d facilities provided will be used to ranch of sport. Swimming and
