Good Turns—A New Idea
A new opportunity to perform that daily good turn has originated in Bedford, where it has won the praise of the community. The Scouts of the 66th Troop have developed a plan whereby they get into touch with the local physicians whereby the latter may call upon the services of the Scouts as messengers, furnace tend-

Passing Through the Panama Canal

For those who have experienced a passage through the signattic locks of the Panama Canal the following excerpt from Ethor Mordaunt's "The Yenture Book" will recall vivide; the canal vivide; the canal vivide; the gates close, and side of the canal; the gates close, and an amazing process begins.

In reality, of course, the water ushing in from culverts rises, taking us with it. But that is not in the least what it seems like. Rather, the walls what it seems like. Rather, the walls of the lock, the top of which has been on a level with the crow's heat, appear on a level with the top of it.

It seems as though a lifetime had has been the moment the great steel gates close behind us, to the moment the second behind us, to the moment the second pair above opens to admit us, is no more than thirty minutes in all. Not the least surprising part of the whole after the pair, who walks up and down the topmost bridge, barking out an ocasional order.

Night has closed in before we pass the second of the Mirafores locks, and drop to sea level: a perfectly clear the control of the Mirafores locks, and drop to sea level: a perfectly clear the captain of the clear and the water; the mountains the captains part of the whole and the plot, who walks up and down the topmost bridge, barking out an ocasional order.

Night has closed in before we pass the second of the Mirafores locks, and drop to sea level: a perfectly clear the plot, who walks up and down the topmost bridge, barking out an ocasional order.

Night has closed in before we pass the second of the Mirafores locks, and drop to sea level: a perfectly clear the plot, who walks up and down the topmost bridge, barking out an ocasional order.

Night has closed in befor

Night has closed in before we pass the second of the Miraflores locks, and the second of the Miraflores locks, and drop to sea level: a perfectly clear greenish-indigo night with a full moon overhead. As I look back over the length of the ship, the sight is extralength of the ship is the same of this vast stage. In the center of this vast stage. In the center of this vast stage.

Beauty Necessary Part of Community

home in Canada can be made more at tractive by the judicious use of trees, shrubs, vines, flowers and well-kept grass. The old saying that a home is not a home until it is planted very well emphasizes the necessity and wis-dom of planting. Some places have fication. This is perhaps more notice able in rural districts. However, there is abundant evidence to show that where intelligent attention is given to this matter the results may be very

satisfactory indeed. Nature has endowed this country with the most beautiful and the great est variety of natural scenic grandeur to be found anywhere in the universe. Mountains, lakes, streams, forests, great abundance. The progressive ness and thrift of a community or municipality are often reflected in its appearance and the best advertising Users of Telephone that any community can do is to pre-sent a pleasing appearance to the world—an appearance of progressiveness, thrift and industry, reflected by well-planted and well-kept public and Report Shows Canada Led

we are influenced to a greater extent than we realize by our surroundings. Children are particularly sensitive in this regard. Surely a home in A recent report just issued shows tive in this regard. Surely a home in and around which flowers are grown is a better place to bring up children than a home where no attention whatever is paid to these friends of the plant kingdom. As the twig is bent the tree is inclined is an old saying and very applicable in connection with the training of children. If children art taught to love flowers and to become familiar with them, their hearts will be filled with love for these things which will leave less room in their hearts and minds tor the things that hurt and destroy.

A recent report just issued shows that 20,000 were added to Canada's already large number of telephones that 20,000 were added to Canada's already large number of telephones that 20,000 were added to Canada's already large number of telephones that 20,000 were added to Canada's already large number of telephones that 20,000 were added to Canada's already large number of telephones that 20,000 were added to Canada's already large number of telephones that 20,000 were added to Canada's already large number of telephones that 20,000 were added to Canada's already large number of telephones that the tree is inclined is an old saying and very applicable in connection with the training of children art taught to love flowers and to become familiar with them, their hearts will be filled with love for these things which will leave less room in their hearts and minds tor the things that by 20,039. The number of telephones in use at the end of the year was self-interest. hurt and destroy.

We frequently meet with the objective 1,402,861.

On z Train

By Margaret Lathrop Law in Stratford Magazine (N.Y.).

Who could be lonely given a train with the suburb pavement yields an popples flaunt their crimson heads are To swallowguarded, russet fields, Then silvered green of cabbage patch, And tapered poplar trees that match Peninsulas with opened lips, Beyond them crested waves and ships, Then tunnelled heights upon a peak With hemlock forests whirling by, Toward snow that dents our very sky, Who could be dreary given a train traversing village, highland, plain? Untrammelled, a roving forest beast, An arrow shot from west to east, There are no boundaries built by man While friendly earth spreads like a fan.
