commonwealth to flutter aspect in the fight for solvency. This year's conference should mark an epoch in the Commonwealth's internal organization. For it must be dawning now on the Dominions that the greatest of all markets open to them is threatened with a loss of buying power. England can no longer count on beating all competitors even against the handicap of a hostile tariff; and this workshop of forty million people packed close in their island has a serious future to face. Its ruin would be hardly less ruinous to Ireland, to Australia, and to New Zealand than to itself. Canada is otherwise situated; but even ada is otherwise situated; but even for Canada the disaster would be little less. What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes the acids instantly. And the best alkali known to medical science is Phillips' Milk. Of Magnesia.

One spoonful of this harmless, tastless alkali in water neutralizes instantly many times that much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go, get a small bottle to try.
