

The progress which has been achieved during recent years in the conquest of disease has been made possible through the accumulation of scientific knowledge concerning the cause or manner of spread of certain diseases.

Diseases such as typhoid fever and cholera are practically non-existent where water and milk supplies are safeguarded. Proper diet banishes scurvy and rickets. We have available the means whereby we can successfully arm against smallpox and diphtheria. The application of our knowledge of infant care has reduced infant mortality.

There are many diseases concerning the cause of which we know little or nothing and we are therefore unable to prevent or to control them. We do know, however, how to prevent some of these diseases successfully and so reduce the number of deaths which they cause. In general, it may be said that such treatment must be given early in the course of the disease if it is to be of a real value.

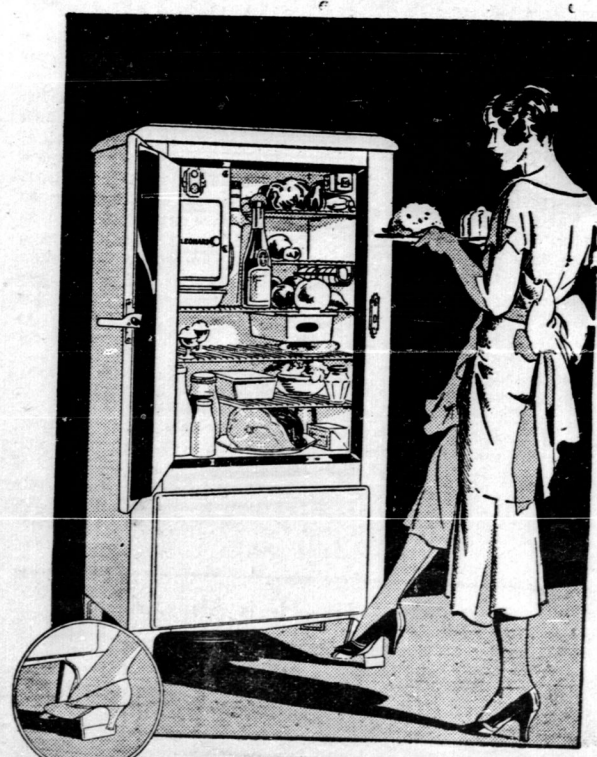

Diseases which cannot be prevented but which can be cured by early adequate treatment are entirely a personal matter. It rests with the individual to secure the treatment required early in the disease. It is necessary for each one to have a sufficient understanding of these diseases because they are a personal matter, purely individual diseases.

Financial Statement OF The Jarvis Booster Club

Considerable speculation has been rife during the past few months as to what use the Jarvis Booster Club was making of the money they were accumulating. Below will be found a full and comprehensive statement as to their receipts and disbursements since the organization of the Club on the 11th of May, 1928. It must be quite apparent to all concerned that had not the ladies of this Village organized, and actively labored in the interest of the Village, by assisting as they have, in the maintenance and improvement of the Jarvis Arena that ere this it and alone, is due the credit of providing for the younger folk of this community with a community hall, where respectable entertainment has been given them during the past four years. An honest and honorable endeavor by this Club to provide this class of entertainment, deserves the support of every loyal citizen in this community.

BRILLIANT CONCERT AT CHEAPSIDE BAPTIST CHURCH

An appreciative audience greeted Myrtle Hare Brown mezzo-soprano, Clayton Hare, violinist with Muriel Gidley at the piano on Tuesday evening May 10th.

The violinist opened the program with an arrangement of the Austrian Hymn which from the first chord held the audience proved to them that they were listening to an artist.

Mr. Hare plays always with a tone full of warmth of feeling, perfect intonation and above all, perfect interpretation which is the thought of the composer wished to express in his interpretation which is always an inspiration to his intelligent listener.

His program was chosen with care. One cannot help but remember his mastery of playing of Mendelssohn's "On Wings of Song" and in contrast his fine work in "When the Roses Bloom" an arrangement for violin by his recent teacher, Louis Persinger.

It is felt that Myrtle Hare Brown has continued to make advancement since her last appearance in this district. Constant study has developed not only a finish to an already fine quality of tone but has created also an insight into beautiful poetry and the ability to express it to her hearers. Mrs. Brown studies her songs in such a way that one realizes that each phrase has had deep thought and for this reason her singing is made doubly interesting. Her Old English songs, followed by a group of German classics (sung in English) and the final songs, modern English. In the German group, one inspiration and the contrast between "A Song of the Night," by Loewe and Schubert's magnificent "The Almight" made each the more effective.

Miss Muriel Gidley's fine work at the piano proved an inspiration to both performers. Perhaps few people fully realize the responsibility of the person who fills this position. It has been said "An accompanist is no longer an accompanist, the voice or piano or instrument and piano parts are so difficult technically that it requires a pianist to play them. Miss Gidley left nothing to be desired and added greatly to the success of the evening.

Complimentary Banquet Tendered Distinguished Haldimand Citizen

On Thursday evening last at the Mansion House in the Village of Cayuga, the members of the Bar and other Haldimand County friends, tendered a complimentary banquet to His Honor Judge Gerard Holmes Hopkins, recently retired from the bench in this County after a service of over sixteen years.

After the dinner, which was served at 6.30, the following toast was presented on the able guidance of R. S. Collier, K.C., as toastmaster:

The King—"God save the King."
Our Country—"Proposed by Mr. J. W. Chappell, an old Haldimand County boy, now resident in the County of Hamilton, and in proposing this toast he referred to the many people of whom he had left a more lasting impression on the person of the public officials of this County than our honored guest. The names coupled with this toast were our representatives in the Federal and Provincial parliaments, Mr. C. M. Conn and Dr. R. N. Berry, both of whom spoke briefly on the subject in question, but were eulogistic in their praise of Judge Hopkins in his judicial career in this County.

Our County—"Proposed by Thomas Wagon, of Haldimand, and an ex-Judge of the County, and read by Mr. Melvin Furry, the present Warden.

The Bench and Bar—"Was very ably proposed by Sheriff Hudspeth, plies from Judge West, the late appointed County Judge of Haldimand, Judge Robb, recently appointed Judge of Dufferin County and a Haldimand old boy. Col. C. Massie, Police Magistrate of the County, Mr. J. E. Stubbs, Mr. Fred Hastings and Mr. Howard Meadows.

The Press—"Proposed by Major Thomson of Cayuga, and responded to by W. A. Fry, of the Haldimand Chronicle, David Hastings, of the Haldimand Gazette and Geo. L. Miller, of the Jarvis Record.

Rev. W. J. A. Baugh, Rector of St. John's Church, Cayuga, spoke of the very able assistance rendered to him by Judge Hopkins as a member of his congregation, and feelingly referred to the server and piano or instrument and piano parts are so difficult technically that it requires a pianist to play them. Miss Gidley left nothing to be desired and added greatly to the success of the evening.

Our Guest—"Proposed by Harrison Arrell, K.C., who amusingly related some of the many pleasant features in the life of practicing barristers which from time to time assists in relieving the strain of the handling of important cases, the actions of our guest while hand plies from Judge West, the late appointed County Judge of Haldimand, Judge Robb, recently appointed Judge of Dufferin County and a Haldimand old boy. Col. C. Massie, Police Magistrate of the County, Mr. J. E. Stubbs, Mr. Fred Hastings and Mr. Howard Meadows.

His Honor, Judge Hopkins feelingly made reference to the many friends he had made during his time in the County, and he confessed that if he had known that the people of the County, thought of him as they had spoken, he would have made an effort to have had his age reduced and remained with us. He thanked the gathering profusely for their beautiful token of remembrance, and his residence that he and Mrs. Hopkins would ever cherish kind memories of his many friends in the County of Haldimand.

"OUR GUEST OF HONOR" (By W. A. Fry)
Complimentary Banquet given by the members of the Bar and other Haldimand County friends to His Honor Judge Gerard Holmes Hopkins, K.C., at the Mansion House, Cayuga, Ont., on Thursday evening, May 12th, 1932.

His Honor Gerard Holmes Hopkins, K.C., was born at Arundel, Sussex, England, on January 10th, 1857, and came to Canada when the family was settled in the Public and High Schools there, and was early interested in the legal profession. After reading law with the late P. S. Martin, he was called to the bar in 1879, and created King's Counsel in 1908.

It would be gratifying to see all citizens to see just how appropriately they can decorate their homes on Tuesday next. It will not only prove a great factor in the success of the celebration but will show the committee that there is general interest in their efforts.
