can readily gain ac up close to the fallen bees where they
defermed avoid indulgence in nal the others to follow them home.

Says we cannot "rut it over?"
There is a glorying in the arm of
fiesh, a self-sufficiency that thinks
all we need is a smile and a slogan.

Says we cannot "rut it over?"

Amos' optimism took God into account. He believed that a better
day lay around the corner but it was
God's corner. He was not expecting Israel to evolve into the Ideal
State. Had he been preaching his

State. Had he been preaching his State. Had he been preaching his mong those who do not know the proof own opinions he might have been ur phet and his message. Some of the fore the increasing Christ-like mornging his countrymen to restore pub- brightest passages in the Bible are ing mists before the sun. What

lic confidence and build up their mor ale. But his sermons did not be-

nased Land in airplanes nor reach preached whether it be the right science and philosophy and the castle Elysian Fields along the boule-side or not. The Bible takes both the of its dreams come tumbling vards of human wisdom. We do not expect men to build Utopia; we right side is always ultimately the God. He is not considered in our

possible he is not expecting human "Rejoice evermore." It does not fit we imagined. Old fashioned people in telligence and forced optimism to in with the world's notion of happi- who still believe in miracles and the

work out our destiny.

Side by side with the Bibie optim
build their castles of gladness on the Lord were thought belated theoloisns of Amos we find in the same book the blind optimism of Amaziah When the bank account is secure and in "outworn categories." But tothe court preacher of Bethel. Here, health is at its peak ad business day this blind opti i m, running athe court preacher of Bethel. Here, health is at its peak ad business day this blind option, running adoubtless, was a polished and suave
specialist in soft phrases and round
mism. But one day the storm breaks
sense that something has gone wrong specialist in soft phrases and round ed metaphor who resented having the smug order of things interrupted by the withering blasts of this untutored rustic. He saw no cause that something has gone wrong with this conspiracy to mold the universe nearer to its heart's desire. Meanwhile, the Bible optimist more firmly than ever looks only to God that something has gone wrong with this conspiracy to mold the universe nearer to its heart's desire. for alarm, his position and pay were secure he deplored "the bombastic imelegance of frenzied fanatics for ever condemning sin and prophesying judgement." It is a clash be-

ever entirely loses that childhood illu-of a land which surpasses in loveliness, and happiness anything that the mind e of envisaging; the land of make-which every land of make-

gements for the coming season now bring kin this modern fairyland well within the of the average traveller, with Banff and Lake e, on the main line of the Canadian Pacific ray, as base-points and a wide range of every ng scenery and cosy bungalow camps beyond. Six-and-a-half days' tour? has already become an among those planning their summer vacambracing, as it does, not only the two famous at Banff and Lake Louise, but such well known of interest and beauty as Johnston Canyon; the Lake and the immortal Valley of the Ten; the Lake and the immortal Valley of the Ten; the Lake in the Clouds; the Plain of the Six rs; the Great Divide; Wapta Lake Bungalow

Camp; Yoho Valley and Bungalow Camp; Takakkaw Falls, the historic Kicking Horse; Temerald Lake and the wonders of the great mountains near Field, B.C. Easily reached from all points by Canadian Pacific Railway, main line points are linked with the camps in the inner mountains by the Brewster Transport Company, past masters in comfort and conveyance for the traveller in the valley and Bungalow Camp; Takakkaw Falls, the historic Kicking Horse; Temerald Lake and the wonders of the great mountains near Field, B.C.
