"Ask No Questions." Otto, her table boy, gives notice that he is leaving declaring someone has been riding Dracula, a savage stallion, at night. Annassa finds Ctto murdered. John Diamond renews his efforts to get Annassa to leave. Annassa, during the night, looks out and sees a stranger riding Dracula.

CHAPTER VII.—Cont'd.)

paces from the knoll the man stopped, left shoulder, a wordless, fleeting and with every appearance of leisure- question. liness searched among the clump of young plumb trees. Having found one to his liking, he proceeded to cut of the local search of himself a switch, lopping off the leaves with the point of a long wicked-looking knife. The horse, meanwhile, one to be told that his rider's attention had been momentarily attention had eye aware of everything that was the bit between his teeth, had whirled going on, snatched a bit of clover. about and was headed for the stone

The man kept advancing, his hands raised above his head, the bridle held out suggestively between them.

What the Killer thought was not difficult to imagine. He laid small ears close to his head and curled a ricing line.

ears close to his head and curled a vicious lip.

Annassa West's faith in the newcomer's ability oozed away. A great horror, the certainty that Otto had indeed been trampled under those dancing hoofs, and that she was about to see his fate re-enacted here before her eyes, brought her to her knees in front of the onen window.

willing witness, while the man she will be a supplied to what looked like certain destruction.

As for the rider, not until he was within a stride of the wall did he snap out of the trance into which her inopportune cry of warning had plunged him. But when he did come to, it was with a lively appreciation of the wall with a save with a save
