## PRAISE FOR PUBLIC SERVANTS

(St. Mary's Journal-Argus) These are times wren responsibility resis heavily upon those who are in publi office. From the prime minister down to the township councillor there is apt to be a constant fire of the curses of the modern day.

"I am giving these books away to leading citizens for advertising pursuit the man "There is a constant fire of the curses of the modern day. small importance. But after all the social municipal body has to do with the things which affee every day life and is therefore perhaps the most important institution of government.

in the rural districts are particularly hard hit. As a class they are most philanthropic and generous, attending family after family with no hope of remuneration. People in need do state their business, honestly at the worker or what not, if they would not he state their busines, honestly at the start it would not be so bad. The very fact they are allowed to live, and are assaulted so seldom, is proof of the good nature and tolerance of the good nature and tolerance of the good nature and tolerance of the most difference.

Worker or what not, if they would state their busines, honestly at the start it would not be so bad. The very fact they are allowed to live, and are assaulted so seldom, is proof of the good nature and tolerance of the time he must keep on hand, the expensive instructed he has to use.

Where do they expect he gets the money with which to buy his supplies? The fact is he has been plies? Beware the Dog!"

The deep ploughing of sod land did not bring about an increased of much dust in his factory.

The barn has recently been renoving and destroying all discased material.

The barn has recently been renoving and destroying all discased material.

Virus disease, such as mosiac and leaf curl are also controlled by roguling of Casien, and in the future the chief will not have to put up with so much dust in his factory.
