British Justice

When Lord Kylsant was sentenced to one year in jail for publishing a misleading financial startement there were those who believed that he would not serve his time like an ordinary prisoner, or that he would serve any considerable part of it. He had been a member of Parliament, was a member of the House of Lords, connected with some of the aristocratic houses of England and Wales, a personal friend of every member of the cabinet, and he was—or had been—a millionaire. But the noble lord went When Lord Kylsant was sentenced millionaire. But the noble lord went to jail, and he has just been released weather.
