Creamery Butter Productio-Sets New High Record-Ontario Lead in Cheese Output

The production of creamery butter in Canada last year established a new high record for the industry. The 1930, but even that figure was exceeded last year by over 20 per cent. The cutput of factory cheese showed a decline in 1931, but both cheese and butter scored an advance in exports. On the other hand, imports of dairy pro-ducts, not normally high, sank to very

low proportions.

The production of creamery butter in Canada in 1931 amounted to 225, 802,635 pounds valued at \$50,168,738 the output in 1930 being 185,751,063 p unds with a value of \$56,670,504 Ontario and Quebec ranked fairly close in volume of production in 1931, the former province producing 77,36C, 710 pounds and the latter 69,653,540 pounds. Alberta ranked third among the provinces in regard to production with 10 per cent. of the Dominion out out, and was followed in order by Manitoba, Saskatchewan, Nova Scotia, British Columbia, New Brunswick and Prince Edward Island. Ontario produced 34 per cent. and Quebec 31 per cent. of the Dominion total. All the

provinces showed increased output when compared with 1930. The factory output of cheese in the Dominion for 1931 was 113,704,109 pounds valued at \$12,796,616. In the
