THE HORSE AND THE FARMER

(By Conrad O. Peterson in the Simcoe Farmer)

The depression has caused many farmers to return to the use of the horse, and it is said in farming circles that the demand for horses is becoming greater, with a corresponding increase in prices.

Farm back-yards are littered with worn-out tractors, but the good old stand-by, the horse, is always ready to do his work.

The average farmer treats his horses with kindness, due no doubt to the fact that man and horses are usually inseparable companions all day long.

When "Old Dobbin" gets too old to work, he generally spends his last days in the pasture, where he can roam at will.

HEALTH

grave danger at this season. We should be kept clean, as should be the infant, with which he comes in contact. Keep him cool with cool baths and health of the babies may not be threatened.

Another startling new feature of the Canadian National Exhibition this year is the Charles Noe Daily collection of the greatest collection of firearms in the world.

These students of figures feel quite sure the current activity in car sales is forerunner of one or two good years to come.

Two young men from India, due for a six-month's vacation after several years' service decided to make the overland journey by motor and started on the trip of 13,000 miles on Tuesday, August 17th.

When Lou Barrett, an employee of 55 McLaughlin-Buick with 60,000 miles registered, no one told him the speedometer was on its third round and that the car had covered 200,000 miles, or just ten times the distance around the world.

Kingston highway was not so good. Later, the car was made into a truck for the purpose of hauling lumber for several years. Then, with its front end badly remounted on the chassis, it was used for emergency runs, and finally by recreation club to transport baseball and hockey teams.

Three thousand children have been lost in Exhibition Park in Toronto on Young Canada Day. All were taken care of by police and nurses, provided with milk, ice cream, chocolate bars and other delicacies and eventually were restored to their parents.

Young Canada Day at the Canadian National Exhibition this year is Monday, Aug. 28th.
