ASPIRIN

TRADE-MARK REG. IN CANADA

Any little soreness in the throat grows rapidly worse if neglected. Crush some tablets of Aspirin in some water, reduces danger from infection. One good gargle and you can feel safe. If all soreness is not gone promptly, repeat. There's usually a cold in the sore throat, so take two tablets to throw off your cold, headache, stiffness or other cold symptoms. Aspirin relieves neuralgia, neuritis, too. Use it freely; it does not hurt the heart.
