Mention of Queen Victoria reminds
me that Lady Duff Gordon, noted
iressmaker, says in her lively and
charming reminiscences "Discretions
and Indiscretions," that the old Queen
loved to have the leaves in her tage. and Indiscretions," that the cird queen loved to have the leaves in her tearup read, and had learnt to read them herself from an old woman who lived near Balmoral. Occasionally the Queen would be persu ded to read the feacups for some members of the royal family, and this was considered to the royal family, and this was considered to the royal family, and this was considered to the work Thackeray undertook for "The Times" at that period was book reviewing—always poorly paid. When his novels had brought him renown, and his price had gone in renown.

"One thing that I always found very charming about that royal couple vas their great affection for each other," chats Lady Duff Gordon, "and after many years of marriage King Alfonso was still in love with his wife.

"He would often slip his arm through hers in the showroom, and one of the saleswomen told me that on one occasion, when the Queen was trying on a dress, King Alfonso impulsively kissed her.

"You looked so swee: in it I could not help it," was his answer, when the Queen reproached him for taking all the powder off her nose."

"I never thought kings were as romantic as that," see the saleswom.

"I never thought kings were as romantic as that," see the saleswom.

here.

Neifeld said the average of 30,000,000 families will find current assets
more than doublé current liabilities,
despite the last three years, and he
displayed a balance sheet to prove it.

Total assets of the American family at the end of 1929, he figured,
were \$421,679,000,000 while total liawere \$421,679,000,000, while total liausiness, and also the bulk | bilities were only \$46,360,000,000. "In of soap as well.-Halifax other words," he said, "for every dollar the American family owed, they had nine in their possession."

Getting Down to Business

President Hoover promulates the most sweeping reorganization of federal departments in history. These become effective in 60 days, subject to congressional approval. The proposed consolidations and discontinuances affect 58 executive agencies. Four new divisions and 10 major regroup-ings are scheduled, bureaus are transferred from one department to figures do not include hatcheries taken another, commissions are merged. The message to Congress drops like a and it is estimated that in the past bombshell among officeholders, who had expected nothing so drastic. Yet the president says it is only a dis-agreeable task long deterred—govern-ment methods must get down to a ments are taken into consideration. business basis.—Orillia News-Letter.

"Old Lady of London"

To Be Investigated To Be Renovated

London.—A further section of the old buildings at the Bank of England of Telephonists, London, Eng., decided is to be pulled down this year. The buildings nearing completion represent about half of the complete tion of night staffing conditions in the scheme, and tenders are being sought telephone service. It has been de-for demolishing a substantial part of cided to act on a recommendation of the old buildings on the remaining the Bridgeman Committee on the Post half of the site. The complete renovation of "The Old Lady of Thread- the men until 11 p.m. instead of until needle Street" was originally estim-ated to take twelve years and cost port indicating the unanimous opposi-some £5,000,000.
